north and allusions to mythical beasts MAMI WATA Simon Kurt Unsworth Unsworth reveals When I was first asked to contribute to Exotic Gothic 3 which was to feature Gothic influenced stories in non Gothic environments I agreed without really thinking about it and then spent a long time struggling trying to work out how precisely I was going to manage it or quite how to make a start I knew what I wanted to do sort of but not exactly how to do it so one day alarmingly close to the deadline I did a fun thing I freewheeled through Google Using a small document about Zambian myths and cultures I found online I set the story in Zambia for no reason other than an old family friend lives there and it seemed exotic in Gothic terms I used one Zambian word from it as a search term and read what came up took one intriguing Zambian term from the search results and searched for that etc and disappeared into Google s merry depths I ended up with an academic paper about a particular myth a travel blog about a sort of beer made from corn and a weird little my God s better than your God blog by a kid in Africa and somewhere in the middle of that the story appeared THE AXHOLME TOLL Mark Valentine In the following story the book called The MS in a Red Box really exists the author reveals All of the legends about the Isle and about Beckett s assassins are also genuine except so far that of the Toll and their final place of rest or unrest TWO STEPS ALONG THE ROAD Terry Dowling Two Steps Along the Road came out of a conversation with US editor Danel Olson Dowling explains where we discussed me doing a ghost story set in Vietnam for Exotic Gothic 3 and the interesting possibilities it might provide for delivering atmosphere and an interesting perspective on familiar things Before I knew it I was blending two separate elements that were demanding attention the notion of a root form behind all hauntings regardless of what form they took and the unnerving realization that the eyes of a quite attractive teaching colleague would be truly terrifying to behold if they were set just a tad closer together The ideas were intended for very different stories but as so often happens they decided they were meant for each other **Adult Catalog: Subjects** Los Angeles County Public Library,1970

Nicholson,2021-12-09 The subject of an afterlife and ghosts has a universal appeal that transcends time and culture This book sheds light on the topic while simultaneously offering some practical advice for living in this world with its limited number of hours we have left The author s journey through his own personal experiences will help others who are also seeking to understand the supernatural It is hoped that it may be helpful to those who believe they see or hear something beyond our physical reality In addition perhaps more importantly there is no better way than reading about someone else s experience to gain perspective from another angle If you are experiencing paranormal activity in your life please know that it is not always due to evil spirits or malicious intent Some things simply cannot be explained by science alone **Alien Kind**
