Chmelka, 2002-11-19 Matej's

Journey to America is a creative nonfiction chronicle exploring the forces that drove our immigrant ancestors to new lands After Adam and Eve's eviction from Eden man slowly scattered with a great dispersion occurring about 2700 BC as the Lord confounded the tongues of presumptuous Babylonians building a tower to heaven Among the afflicted was an Aryan slave named Chmelka who was growing hops chmel in the new Slavic language to flavor beer for his Semitic masters As the Slavs fled northward toward unknown Czech lands other tribes migrated in all directions According to The Book of Mormon the righteous Jared took a Semitic clan from Babel across the mountains deserts and oceans to a New World later named America Another Semitic clan that passed through Babylon 850 years later included a young Abraham destined to be the patriarch of Judaism Christianity and Islam He introduced the concept of a single God revered by all his religious

descendants but despite their many commonalties each of these three great religions seem convinced it has the only correct formula for salvation justifying incredible atrocities with God always on its side The descendants of the first Chmelka struggled as great civilizations developed and fell through the turmoil and bloodshed of the Dark Ages Marco Polo awakened Europe in the late 13th century to the riches of the Far East giving rise to explorers like Christopher Columbus who stumbled onto the North American Continent in 1492 The Protestant Reformation began to divide the Holy Roman Empire at the time adding to the bloodshed as Austria Prussia and France fought for domination in Europe Meanwhile Spain England and France were colonizing and competing for control in the New World that was becoming home to an increasing number of European emigrants looking for a better life The American Colonies fought for independence and then began to absorb all lands from the Atlantic to the Pacific Thomas Jefferson purchased the immense Louisiana Territory from Napoleon in 1803 after which mountain men opened the West to homesteaders miners and ranchers My great great grandfather Matej was born as the Rocky Mountain fur trade boomed in 1825 and grew up on a 13 acre farm in Moravia where the Chmelkas had been serfs since Charlemagne was crowned the first Holy Roman Emperor a millennium earlier Matej became a Dragoon in the Austrian Imperial Army and helped put down a revolution in Prague in 1848 the year gold was discovered in California but war spread and life worsened for European peasants Gold homesteads and wild Texas longhorns free for the taking lured thousands of oppressed Europeans to America on steamships and railroads now making long distance travel feasible After Prussia defeated the Austrian Empire including Bohemia and Moravia and then France Matej s family escaped its misery and immigrated to Nebraska in 1871 They found a difficult life with grasshoppers drought hail and fires destroying crops spurring Matej s fourteen year old son to join a Texas cattle drive and then dodge Indians and gunfighters for fourteen years in the Wild West New technologies in farm equipment transportation and communications made America the envy of the world in 1902 when Matej died and was buried near the prairie church he helped build Matej s Journey to America honors him and his fellow immigrants ordinary men and women generally lost in history for the legacies and opportunities they gave us in our great land of freedom [Pony Express](#) Alan Pierce,2005-01-01 Discusses defining moments in American history

Pony Express Defeats Hitler Matthew Robbins Alexander,2002 *On the Pony Express Trail* Scott

Alumbaugh,2023-06-01 The Pony Express has a hold on the American imagination wildly out of proportion to its actual role in the history of the West The system of transporting mail to California by a relay of lone riders on swift horses ran less than eighteen months in 1860 1861 and failed by every measure of success Nevertheless it has become the most iconic symbol of the West Scott Alumbaugh was so taken with the Pony Express that at age 62 he bikepacked 1 400 miles of the trail from St Joseph Missouri to Salt Lake City Utah Alumbaugh s journey took five weeks on a route that was mostly off road sometimes through remote territory Along the way he came to see the celebrated Pony Express as a collection of fables based on a few historical facts and reshaped into a symbol of the spirit that won the West On The Pony Express Trail One Man s Bikepacking

Journey to Discover History from a Different Kind of Saddle recounts Scott Alumbaugh's experience bikepacking the Pony Express Trail during the summer of 2021. The narrative follows his day to day experiences and impressions, the challenges, the sites he visited, the country he rode through and the interactions with the people he met while taking a fresh look at the real Pony Express in the context of mid 1800s historical events along the trail. The Mexican American War, the Paiute Wars, the California and Pike's Peak gold rushes, the overland emigration of hundreds of thousands to Oregon and California, the exodus of tens of thousands of Mormons to Utah and the increasingly contentious fight over slavery along with the looming threat of civil war.

Navigating the American West Thomas A. Permar, 2015-03-14. If you've ever stared in awe at the Rocky Mountains and wondered how early travelers could possibly traverse those peaks, then this is the book for you. In a time of smartphones, GPS devices and voice automated navigation systems, it's difficult to imagine crossing unknown deserts, mountains and prairies with just a few ancient techniques and the heavens above. This history of movement across the American West brings three centuries of travel to life. It shows how four different cultures in four different areas migrated across this harsh and beautiful land: the native travelers on foot, Spanish conquistadors on horseback, Frenchmen by canoe and American settlers by wagon. In this history, the who, where and when take a back seat to the fascinating how. How did they find their way from place to place? How did they measure time, distance and direction traveled? How did they provide themselves with food, water and shelter, the barest necessities of human existence? Travel, the myth and reality of the raw land that made the American West. Discover the depth of human bravery, determination and ingenuity. And enjoy the adventure.

Missouri Weigl Publishing, Inc., 2008-05-01. Missouri: The Show Me State is a part of the Discover America Series. Missouri celebrates the people and culture with beautiful images and engaging facts, as well as describing the history, industry, environment and sports that make this state unique.

The Backbone of the World Clifford, Frank, 2003-05-13. In recent years, Los Angeles Times writer and editor Frank Clifford has journeyed along the Continental Divide, the hemispheric watershed that spans North America from the alkali badlands of southernmost New Mexico to the roof of the Rockies in Montana and into Canada. The result is *The Backbone of the World*, an arresting exploration of America's longest wilderness corridor, a harsh and unforgiving region inhabited by men and women whose way of life is as imperiled as the neighboring wildlife. With the brutal beauty and stark cadences of a Cormac McCarthy novel, *The Backbone of the World* tells the story of the last remnants of the Old West, America's mythic landscape where past and present are barely discernible from one another and where people's lives are still intrinsically linked to their natural surroundings. Clifford vividly captures the challenges of life along the Divide today through portraits of memorable characters: a ranching family whose isolated New Mexico homestead has become a mecca for illegal immigrants and drug smugglers; a sheep herder struggling to make a living tending his flock in the mountains above Vail, Colorado; an old mule packer who has spent years scouring the mountains of northwest Wyoming for the downed plane of his son; a Yellowstone Park ranger on a lone crusade to protect elk and grizzly

bears from illegal hunters and a group of Blackfeet Indians in northern Montana who are fearful that a wilderness sanctuary will be lost to oil and gas development In each of their stories the tide of change is looming as environmental economic social and political forces threaten this uniquely unfettered population Clifford s participatory approach offers a haunting and immediate evocation of character and geography and an unsentimental eulogy to the people whose disappearance will sever a link with the defining American pioneer spirit Set in a world of isolated ranches trail camps mountain bivouacs and forgotten hamlets *The Backbone of the World* highlights the frontier values that have both ennobled and degraded us values that symbolize the last breath of our founding character
