Real People Working In Health Care:

Real People Working in Health Care Blythe Camenson, 1997 Details the skills needed for a successful career in health care and provides an overview of employment opportunities salary and related careers **The Philosophy of Person-Centred Healthcare** Derek Mitchell, Michael Loughlin, 2022-11-22 This book sets out a philosophical basis for person centred healthcare primarily using work by Heidegger and Gadamer but drawing on ideas derived from Aristotle and process philosophy in order to show how practice can be improved and how examples of person centred practice can be transferred between individuals and institutions involved in the commissioning and provision of healthcare By providing an underlying architectonic this work will help to enable practitioners to understand the benefits of person centred healthcare practice in promoting autonomy in those who are suffering from chronic and other illnesses The text takes a phenomenological approach to healthcare because it offers a rich and subtle way of thinking about how we know what we know and this applies to our knowledge and understanding of how healthcare works just as much as it does to all other kinds of knowledge For those in clinical practice this book provides a guide to the thinking behind person centred healthcare

The Health Care Mess Julius B. RICHMOND, Rashi Fein, 2009-06-30 In this important new book Julius Richmond and Rashi Fein recount the fraught history of health care in America since the 1960s showing how the promises of medical advances have not been matched either by financing or by delivery of care As a new crisis looms and the existing patchwork of insurance is poised to unravel American leaders must again take up the question of health care This book brings the voice of reason and the promise of compromise to that debate Congressional Record United States.
