Understanding Terrorism , Confronting the Experts Brian Martin, 1996-04-04 Confronting the Experts brings together six personal case histories of challenges to establishment experts The authors tell why they questioned conventional wisdom what methods they used how they dealt with the experts response and what lessons they learned Because the book shows how powerful groups can get their way by gaining the support of intellectual authorities and also how these authorities can be challenged it provides insights into the issues of power dissent and social change Included are Sharon Beder s research on sewage and how it helped to undermine the credibility of the Sydney Water Board Mark Diesendorf s scientific and social critique of fluoridation Edward Herman s exposition of the flaws in the establishment perspective on terrorism Harold Hillman s questioning of the validity of standard methods used in biology such as subcellular fractionation and electron microscopy Michael Mallory and Gordon Moran s challenge to the orthodox interpretation of a famous painting in Siena Italy and Dhirendra Sharma s confrontation with India s nuclear establishment **Journalism After September 11** Barbie Zelizer, Stuart Allan, 2011-04-22 Praise for the first edition This collection of essays comes mainly from academics but nobody should bridle at theorists lecturing practitioners They properly challenge the way September 11th was reported in a way that s both an endorsement of the role of the media and a wake up call on its failures anyone interested in our trade should read it Roger Mosey Ariel A thoughtful and engaging examination of the effects of 9 11 on the field of journalism Its unique aim is to discuss the impact of the attack as a personal trauma and its current and future effects on journalism and the reporting of the news highly recommended Library Journal Journalism After September 11 examines how the traumatic attacks of that day continue to transform the nature of journalism particularly in the United States and Britain Familiar notions of what it means to be a journalist how best to practice journalism and what the public can reasonably expect of journalists in the name of democracy were shaken to their foundations Ten years on however new questions arise regarding the lasting implications of that tragic day and its aftermath Bringing together an internationally respected collection of scholars and media commentators Journalism After September 11 addresses topics such as journalism and public life at a time of crisis broadsheet and tabloid newspaper coverage of the attacks the role of sources in shaping the news reporting by global news media such as CNN Western representations of Islam current affairs broadcasting news photography and trauma the emotional well being of reporters online journalism as well as a host of pertinent issues around news democracy and citizenship This second edition includes four new chapters examining Arabic newspaper reporting of the attacks the perceptions of television audiences national magazine coverage of the ensuing crisis and the media politics of othering as well as revised chapters from the first edition and an updated Introduction by the co editors A foreword is provided by Victor

Navasky and an afterword by Phillip Knightley Internet Governance and the Global South A. Bhuiyan, 2014-05-29 A welcome addition to Palgrave's Global Media Policy and Business series *Internet Governance and the Global South* documents the role of the global south in Internet policymaking and challenges the globalization theories that declared the death of the state in global decision making Abu Bhuiyan argues that the global Internet politics is primarily a conflict between the states the United States of America and the states of the global south because the former controls Internet policymaking The states of the global south have been both oppositional and acquiescing to the sponsored policies of the United States on Internet issues such as digital divide multilingualism intellectual property rights and cyber security They do not oppose the neoliberal underpinnings of the policies promoted by the United States but ask for an international framework to govern the Internet so that they can work as equal partners in setting norms for the global Internet **Routledge**
