## Reality Of Communism:

*Reality of Communism* Aleksandr Zinoviev, 1981      *The Reality of Communism* Aleksandr Zinoviev, 1985      *Lenin, Stalin and Communist Russia* Robert Johnson, 2009 History      Reality ,1927      **Myth and Reality** ,1959      Endquote Marina Balina, Nancy Condee, Evgenii Aleksandrovich Dobrenko, 2000 Sots art the mock use of the Soviet ideological clichés of mass culture originated in Soviet nonconformist art of the early 1970s An original and provocative guide Endquote Sots Art Literature and Soviet Grand Style examines the conceptual aspect of sots art sots art poetry and sots art prose and discusses where these still vital intellectual currents may lead      Truth and Revolution in Marx's Critique of Society Matthias Bohlander, Anna-Sophie Schönfelder, Matthias Spekker, 2023-01-31 This book deals with a central aspect of Marx's critique of society that is usually not examined further since it is taken as a matter of course its scientific claim of being true But what concept of truth underlies his way of reasoning which attempts to comprehend the social and political circumstances in terms of the possibility of their practical upheaval In three studies focusing specifically on the development of Marx's scientific critique of capitalist society his journalistic commentaries on European politics and his reflections on the organisation of revolutionary subjectivity the authors carve out the immanent relation between the scientifically substantiated claim to truth and the revolutionary perspective in Marx's writings They argue that Marx does not grasp the world as it is but conceives it as an inverted state which cannot remain what it is but generates the means by which it can eventually be overcome This is not something to be taken lightly Such a concept has theoretical political and even violent consequences consequences that nevertheless derive neither from a subjective error nor a contamination of an otherwise pure science By analyzing Marx's concept of truth the authors also attempt to shed light on a pivotal problematique of any modern critique of society that raises a reasoned claim of being true      Communism and the Remorse of an Innocent Victimizer Zlatko Anguelov, 2002 In moving but understated prose he describes his own coming to terms with the harm done by compliance and his gradual shift into a more politically active stance BOOK JACKET      **Theory and Reality of Communism** Chen-pong Chang, 1983

*Russian Postmodernism* Mikhail N. Epstein, Alexander A. Genis, Slobodanka Vladiv-Glover, 2016 Recent decades have been decisive for Russia not only politically but culturally as well The end of the Cold War has enabled Russia to take part in the global rise and crystallization of postmodernism This volume investigates the manifestations of this crucial trend in Russian fiction poetry art and spirituality demonstrating how Russian postmodernism is its own unique entity It offers a point of departure and valuable guide to an area of contemporary literary cultural studies insufficiently represented in English language scholarship This second edition includes additional essays on the topic and a new introduction examining the most recent developments      Ecclesiastical Review ... Herman Joseph Heuser, 1937      Vital Realities Carl Schmitt, Nikolai Berdyaev, Michael De la Bedoyere, 1932      The Illusion of History Illusion of History Andrew R. Russ, 2013 European radical political thought represented by Jean Jacques Rousseau Karl Marx and Michel Foucault has deeply impacted the

Western intellectual tradition and political life These thinkers sought to transform Western societies by critiquing institutions that they felt led to oppression of groups They saw societies and institutions as part of a history that constantly develops and has no objective timeless purpose or principles They understood the history of things people do and of events that happen in a primarily evolutionary way As a result these radical political thinkers have often been thought to have a strong historical consciousness Andrew Russ argues in this book that a closer look at their philosophical underpinnings finds that Rousseau Marx and Foucault are much less historical in their methodology than is widely believed Instead they share a more timeless view one indebted to principles ordinarily seen as timeless or transcendent Russ finds that these thinkers are actually quite dependent on the philosopher who concluded the Enlightenment Immanuel Kant Russ s study shows how Kant s view of human freedom and subjectivity as timeless actually informs the work of the radical political position
