Reality And Evangelical Theology:

Reality and Evangelical Theology Thomas F. Torrance, 2003-03-03 T F Torrance is widely recognized as one of our most important twentieth century theologians And scholars of Torrance suggest Reality Scientific Theology is one of his most accessible works Torrance s insights on Christian epistemology are remarkably relevant in light of recent discussions on realism and antirealism in philosophy and theology Torrance brilliantly sets forth no naive or even critical realism but rather an evangelical realism knowledge grounded in the revelation of God in Jesus Christ He not only constructively argues the case for an evangelical realism but compares and contrasts theological knowledge with natural scientific knowledge and shows how the Bible can function authoritatively in a fragmented church This edition of Reality and Evangelical Theology includes an in depth foreword that contextualizes Torrance s seminal theological work in light of recent debates over postmodern and postcritical hermeneutics to Scripture It will handsomely repay engagement or reengagement by theologians philosophers students and thoughtful pastors

Reality and evangelical theology : the realism of Christian revelation Thomas F. Torrance, 1999 Reality & Evangelical Theology Thomas Forsyth Torrance, 2003 This book by Thomas F Torrance is a collection of lectures on theological and biblical interpretation of divine revelation

Reality and Evangelical Theology Thomas Forsyth Torrance, 1982 This new edition of Reality Evangelical Theology includes an in depth foreword that contextualizes Torrance s seminal theological work in light of recent debates over postmodernism and postcritical hermeneutics to Scripture It will handsomely repay engagement or reengagement by theologians philosophers students and thoughtful pastors

Worship and the Reality of God John Jefferson Davis, 2010-10-07 Professor John Jefferson Davis shows what s really needed for the renewal of worship in our evangelical churches Moving far beyond the worship wars Davis provides profound theological analysis and fresh recommendations to help us recognize obstacles to worship and learn to rightly respond to the glory and gracious real presence of God among us in our worship

Reality and Scientific Theology Thomas F. Torrance, 2001-11-28 In this book the author argues for a rigorous scientific theology under the double constraint of the reality of God and the reality of the world of space and time Careful attention is given to the common commitment of theological and natural science to objective knowledge and the deeply natural relation between knowledge of God the Creator and knowledge of the world he has made Stress is laid upon the stratified structure of theology and the need for a radical simplification and unification of Christian doctrine Is theology the science of God and is it concerned with objective knowledge like natural science Is there a natural theology and how is it related to knowledge of God through divine relation How is the community of faith within which dogmatic theology arises related to the social coefficient of scientific inquiry What is the place of mysticism and of art in theology Does theology have a special notion of truth and does it have its own inner logic and structure These are some of the main questions which this book seeks to answer

The Unassumed Is the Unhealed Kevin Chiarot, 2013-09-24 This work addresses a pivotal and

controversial area lying at the heart of T F Torrance's Christology. Namely that Jesus Christ assumed fallen and sinful humanity and living out a sinless life from within our alienated state healed our human nature. This is a claim that is conceptually basic to Torrance's integration of incarnation and atonement and thus to his soteriology as a whole. Its pervasive nature and its significance within the overall structure of Torrance's thought is thoroughly and sympathetically set forth. Christ's assumption of sinful flesh is seen to lie underneath a number of disputed areas in Torrance's thought such as the role or lack thereof of human responsibility and the question of universalism. This work not only illuminates but rigorously examines the claim that the unassumed is the unhealed. **Encountering Reality** Travis M. Stevick, 2016-12-01

Encountering Reality argues for a new appreciation of T F Torrance on epistemology and reality. According to Torrance's realism, all authentic knowledge involves the nature of the object impressing its inherent rationality on the mind. Consequently, knowledge involves thinking in accordance with the nature of the object. We shall explore the place and function of ultimate beliefs in epistemology as well as the question as to whether such beliefs imply a retreat to either foundationalism or fideism. The inescapability of ultimate beliefs in all human knowledge requires a shift in the traditional notion of objectivity. We find that shift in the account provided by T F Torrance whose epistemological position implies an alternative notion of truth. Drawing on distinctly Christian sources, Torrance emphasizes the distinction between truth and truthfulness, thereby reorienting the discussion from a focus on statements to a focus on being. This shift challenges the dichotomy between correspondence and coherence theories of truth and provides one way of transcending the scientific realism/anti-realism debate and gives rise to a practical epistemological tool: disclosure models which function as self-correcting, self-marginalizing lenses through which we encounter reality, yielding knowledge in accordance to the nature of the thing known. *A Theology of Word and Spirit* Donald G. Bloesch, 2005-08-01

Pointing the way toward a confessional theology for the twenty-first century, Donald G. Bloesch begins his seven-volume work *Christian Foundations* with this introduction to authority and method in theology. *Narrative and the Triune Reality* Wai Luen Kwok, 2022-05-13 Robert Jenson is commended as one of the greatest American theologians in the twentieth century. This book proposes a critique of Jenson's narrative Trinitarianism by comparing it with Eberhard Jungel's theology. It argues for the importance of the double dimensions of event and communicative linguistics of the Divine narrative. **Science and Religion** Alister E.

McGrath, 2011-09-23 Now thoroughly updated to reflect the latest debates, this popular textbook introduces readers to the central questions in the field of science and religion. Ideally suited to those who have little or no prior knowledge in either area, it incorporates numerous student-friendly features including maps, summaries, and historical references, resulting in the most up-to-date introduction to the study of religion and the natural sciences available. Examines the historical, theological, philosophical, and scientific aspects of the interaction between religion and science. Fully updated to reflect current cutting-edge debates on scientific atheism and the limits of scientific method and discussions about the relationship between science

and religion in major world faiths Includes a historical component to enable readers to orientate themselves within the subject Takes a topic based approach which fits into the existing structure of most courses and includes explanatory material not found in other works of this kind making it highly accessible for those with little scientific or religious background knowledge Incorporates illustrations tables maps summaries and questions for a lively and engaging approach to the subject Written by world renowned theologian Alister McGrath author of bestselling books such as *Dawkins God* and an acknowledged expert in the field of science and religion

Mission and Evangelism in a Secularizing World Narry F. Santos, Mark Naylor, 2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God's mission has been accomplished is being accomplished and will be accomplished

Exploring Christology and Atonement Andrew Purves, 2015-08-05 The Scottish theologians John McLeod Campbell Hugh Ross Mackintosh and Thomas F Torrance were theologians of reconciliation who emphasized the reality of God's redemptive grace in the person and work of Jesus Christ In this magisterial treatment Andrew Purves unfolds the riches of their theology for pastoral ministry today

Karl Barth and Pentecostal Theology Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development

of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology

T&T Clark Handbook of Thomas F. Torrance Paul D. Molnar, Myk Habets, 2020-02-20 This handbook explores Thomas F Torrance's importance in modern theology with each contribution bringing Torrance's deep and nuanced insights to a broad range of contemporary theological concerns The contributors to this volume present cutting edge Torrance scholarship for a new generation which will enable readers to see the timely significance of Torrance for today Comprising both contexts and dogmatics these essays not only introduce key themes in Torrance's extensive published writings including his work on the Trinity ecumenism incarnation atonement and eschatology but also provide fresh interpretations fully conversant with theological problems facing the church in the world today Designed as both a guide for students and a reference point for scholars this handbook thoroughly explores the frameworks of key debates related to Torrance's theology while also suggesting fresh interpretative strategies concerning his thought

Communion with the Triune God Dick O. Eugenio, 2014-03-03 The revival of Trinitarian studies in the twentieth century ushered in a new era of theological innovation The renewed and dedicated articulation of the Trinity as a doctrine in its own right is indeed noteworthy but more important and praiseworthy are the recent endeavors of theologians in integrating the doctrine of the Trinity with other Christian doctrines and with the many variegated aspects of the life and ministries of the church Today it is common to encounter the term Trinitarian being used as a modifier Trinitarian worship Trinitarian ecclesiology etc This book presents Thomas F Torrance as a participant theologian in this integrative paradigm Because Torrance argues that the Trinity is the ground and grammar of theology his doctrine of salvation is consistently Trinitarian But how did he formulate his unique Trinitarian soteriology This book attempts to spell this out

Thomas F. Torrance Paul D. Molnar, 2016-02-17 This book provides an important study of the theology of Thomas F Torrance who is generally considered to have been one of the most significant theologians writing in English during the twentieth century with a view toward showing how his theological method and all his major doctrinal views were shaped by his understanding of the doctrine of the Trinity Torrance pursued a theology that was realist because he attempted to think in accordance with the unique nature of the object that is known In holding to such a methodology he drew an analogy between theology and natural science This book demonstrates how for Torrance God relates with humanity within time and space so that creation finds its meaning in relation to God and not in itself this enabled him to avoid many theological pitfalls such as agnosticism subjectivism and dualism while explaining the positive implications of various Christian doctrines in a penetrating and compelling manner This book offers an important resource for students of theology and for scholars who are interested in seeing how serious dogmatic theology shapes and should shape our understanding of the Christian life

Transcendence and Spatiality of the Triune Creator Chan Ho Park, 2005 Since Augustine many philosophers and theologians have discussed the relation of God to time whereas the relation between God and space has been rarely discussed This book deals

with the relationship of God to space Divine transcendence is one important aspect of the Christian God However God is also immanent in the world of space and time The author investigates the concept of divine spatiality and presents case studies of three modern theologians Torrance Pannenberg and Moltmann He also analyses divine spatiality by using Dyrness's three categories relationship agency and embodiment **Freedom, Necessity, and the Knowledge of God** Paul D.

Molnar,2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance's new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject Problem and Promise in Colin E. Gunton's Doctrine of Creation William B. Whitney,2013-07-04 While much dialogue has focused on aspects of Colin Gunton's Trinitarian theology there has been a need for a full scale study of Gunton's doctrine of creation that locates the significance of his understanding of creation within the wider spectrum of his theology Problem and Promise demonstrates how Gunton's doctrine of creation cannot be read in abstraction from his Trinitarian theology and argues that creation remains a central feature in Gunton's writing that holds lasting importance for understanding ethical and moral aspects of Gunton's theology William B Whitney establishes how this Trinitarian account of creation goes beyond offering a theological description of the created realm and also provides the basis for understanding human involvement in creation through the enterprises of culture
