Reason And The Lover:

Reason and the Lover John V. Fleming, 2014-07-14 This textual and intertextual analysis of the dialogue in Jean de Meun's *Roman de la Rose* combines specific close readings of texts with a rich theoretical argument to establish Reason's moral primacy in the poem's economy Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Concept of Woman Prudence Allen, 1997 The culmination of a lifetime's scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present Volume I uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women's studies philosophy history theology literary studies and political science In Volume 2 Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance periods Touching on the thought of every philosopher who considered sex or gender identity between A.D. 1250 and 1500 The *Concept of Woman* provides the analytical categories necessary for situating contemporary discussion of women in relation to men Adding to the accessibility of this fine discussion are informative illustrations helpful summary charts and extracts of original source material some not previously available in English In her third and final volume Allen covers the years 1500-2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others

Love, Reason, and Will Anthony Rudd, John Davenport, 2015-10-22 *Love Reason and Will* Kierkegaard After Frankfurt introduces and investigates themes common to Harry G Frankfurt and Søren Kierkegaard focusing particularly on their understanding of love Several distinguished contributors argue that Kierkegaard's insights about love, volition and identity can help us to evaluate aspects of Frankfurt's well-known arguments about love and caring similarly Frankfurt's analyses of the higher-order will, valuing and self-love help clarify themes in Kierkegaard's *Works of Love* and other books By bringing these two key thinkers into conversation with each other we may glean a new understanding of the structure of love, reasons for love or deriving from loving and more broadly the central ethical questions of how to live and to develop an authentic identity and meaningful life *Love Reason and Will* will appeal to readers interested

in the philosophy of action and emotions continental thought especially in the existential tradition the study of character in psychology and theological work on neighbor love and virtues *Love, Reason and Morality* Katrien Schaubroeck, Esther Kroeker, 2016-07-28 This book brings together new essays that explore the connection between love and reasons The observation that considerations of love carry significant weight in the deliberative process opens up new perspectives in the classic discussion about practical reasons and gives rise to many interesting questions about the nature of love's reasons about their source and legitimacy about their relation to moral and epistemic reasons and about the extent to which love is sensitive to reasons The contributors to this volume orient questions related to love within the broader context of the contemporary discussion on practical reasons and move forward the conversation about the normative dimensions of love Love Reason and Morality will be of interest to philosophers working on issues of normativity meta ethics and moral psychology and especially those interested in the source of practical reasons and the role of attachments in practical deliberation *Kiss Your Life! 365 Reasons to Love Who You Are* Ph. D. Ann Mody Lewis, 2011 How will you understand your life How will you identify the unhealthy truths you thought were normal Kiss Your Life will take you on a mystical journey inside of your subconscious mind where gendered beliefs live and breathe It will give gender a voice and a face that you will recognize These readings of 365 topics will stimulate your mind challenge your beliefs and inspire you to live life as it was always meant to be lived kissing each moment **The Reasons of Love** Harry G. Frankfurt, 2009-01-13 From the author of the 1 New York Times bestseller *On Bullshit* a profound meditation on how and why we love In *The Reasons of Love* leading moral philosopher and bestselling author Harry Frankfurt argues that the key to a fulfilled life is to pursue wholeheartedly what one cares about that love is the most authoritative form of caring and that the purest form of love is in a complicated way self love Through caring we infuse the world with meaning Caring provides us with stable ambitions and concerns and it shapes the framework of aims and interests within which we lead our lives Love is a nonvoluntary disinterested concern for the flourishing of what we love and self love as distinct from self indulgence is at heart of this concern The most elementary form of self love is no more than the desire to love and self love is simply a commitment to finding meaning in our lives *The Romance of the Rose* Guillaume de Lorris, Jean de Meun, 1995-07-23 Many English speaking readers of the *Roman de la rose* the famous dream allegory of the thirteenth century have come to rely on Charles Dahlberg's elegant and precise translation of the Old French text His line by line rendering in contemporary English is available again this time in a third edition with an updated critical apparatus Readers at all levels can continue to deepen their understanding of this rich tale about the Lover and his quest against the admonishments of Reason and the obstacles set by Jealousy and Resistance to pluck the fair Rose in the Enchanted Garden The original introduction by Dahlberg remains an excellent overview of the work covering such topics as the iconographic significance of the imagery and the use of irony in developing the central theme of love His new preface reviews selected scholarship through 1990 which examines for example

the sources and influences of the work the two authors the nature of the allegorical narrative as a genre the use of first person and the poem's early reception The new bibliographic material incorporates that of the earlier editions The sixty four miniature illustrations from thirteenth and fifteenth century manuscripts are retained as are the notes keyed to the Langlois edition on which the translation is based *Love For No Reason* Marci Shimoff, Carol Kline, 2012-01-10 Transformational leader and author Marci Shimoff outlines seven steps aimed at helping readers develop and maintain unconditional love which she believes will allow them to have lasting joy and fulfillment in life *A Midsummer Night's Dream: Shakespeare's Syzygy of Meaning*, *Love and Good Reasons* Fritz Oehlschlaeger, 2003-01-14 This study seeks to articulate a particular moral Christian vision and discover what it entails for reading texts it tries to bring literary criticism and Christian ethics into discussion with one another *The Reason Love Exist : Laughter is Living* Lorenzo Maurice Davis, 2022-10-14 My book is not about laughter it loves then laughs Reason is explained and time is ordered the everything that finds light in poetry reminds us of intimate competition When we evolve into meaning we grow in religion and then our beliefs about truth engender perfection This we see as ideology but in historical justice equality is realized by justification Logic then rules our preferences **Love's last shift; or, The fool in fashion, a comedy** Colley Cibber, 1730 *Revolution at the Gates* V.I. Lenin, 2004-06-17 Edited with a Foreword and Afterword by Slavoj Zizek **Love's Vision** Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love's Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love's moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato's Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love's Vision is an original examination of a subject of vital philosophical and human concern **The Open Court** Paul Carus, 1898 **The Cambridge Translations of Medieval Philosophical Texts: Volume 2, Ethics and Political Philosophy** Arthur Stephen McGrade, John Kilcullen, Matthew Kempshall, 2000-10-30 The eagerly awaited second volume of The Cambridge Translations of Medieval Philosophical Texts will allow scholars and students access for the first time in English to major texts in ethics and political thought from one of the most fruitful periods of speculation and analysis in the history of western thought Beginning with Albert the Great who introduced the Latin west to the challenging moral philosophy and natural science of Aristotle and

concluding with the first substantial presentation in English of the revolutionary ideas on property and political power of John Wyclif the seventeen texts in this anthology offer late medieval treatments of fundamental issues in human conduct that are both conceptually subtle and of direct practical import Special features of this volume include copious editorial introductions an analytical index and suggestions for further reading This is an important resource for scholars and students of medieval philosophy history political science theology and literature

Mediation and Love: A Study of the Medieval Go-Between in Key Romance and Near-Eastern Texts Leyla Rouhi,1999-02-23 This study offers a typology of the go between across key texts from antiquity and several medieval literary traditions analyzing the role of the third party in the poetics of love The work provides the indispensable context for the study of the significant transformations undergone by the go between Legal and scientific sources are taken into account alongside Latin French and English literary works and literature of the medieval Islamic period for the critique of differences and intertextual links which inform the conception of the go between The case of the Medieval Spanish go between is given a special attention due to the figure s complex relationship with diverse traditions The range covered in the work provides a comprehensive view of the figure s trajectory and representation in each text

Not Love Perhaps A. S. J. Tessimond,2011-10-20 Arthur Seymour John Tessimond Jack to his family John in later life was born in Birkenhead in 1902 and made his living as an advertising copywriter but his true writing life was in poetry three volumes of which he published in his lifetime *The Walls of Glass* 1934 *Voices in a Giant City* 1947 and *Selection* 1958 Tessimond died in May 1962 two months shy of his sixtieth birthday and it would fall to Hubert Nicholson his friend and executor to make a posthumous selection of his work including a number of uncollected and unpublished poems *Not Love Perhaps* 1978 has at its heart the memorable title piece which contrasts the idea of romantic love that many waters cannot quench with the notion of a mutual companionship that enables two people to walk more firmly through dark narrow places

Passion and Criminality Louis Proal,1905 [The Feeling Heart in Medieval and Early Modern Europe](#) Katie Barclay,Bronwyn Reddan,2019-12-02 The heart is an iconic symbol in the medieval and early modern European world In addition to being a physical organ it is a key conceptual device related to emotions cognition the self and identity and the body The heart is read as a metaphor for human desire and will and situated in opposition to or alongside reason and cognition In medieval and early modern Europe the feeling heart the heart as the site of emotion and emotional practices informed a broad range of art literature music heraldry medical texts and devotional and ritual practices This multidisciplinary collection brings together art historians literary scholars historians theologians and musicologists to highlight the range of meanings attached to the symbol of the heart the relationship between physical and metaphorical representations of the heart and the uses of the heart in the production of identities and communities in medieval and early modern Europe
