Reason Of Things

Paul Janet, Gabriel Séailles

Reason Of Things:

John Locke's Theology Jonathan S. Marko, 2023 John Locke was one of history's greatest polymaths. In addition to writing books on philosophy and political science, he also wrote theological books. His best-known theological work is *The Reasonableness of Christianity*, a book credited as being a window into the theological thoughts of John Locke. Scholars have made arguments from the book about why Locke is partial to a particular sect or an admixture of a couple of them. This book argues, however, that scholars have not recognized that Locke's book was not intended to be a promulgation of his personal theology but rather a program that most professed Christians could agree upon, particularly in the areas of eternal salvation and divine revelation.
