Rebellion In The Borderlands Anarchism And The Plan Of San Diego 1904 1923:

Rebellion in the Borderlands James A. Sandos,2022-08-16 This is the story of events set in motion in South Texas when the anarchist Plan of San Diego was set between 1915 and 1917 The rebels planned to reclaim lands the United States lost in 1846 and to kill every North America male over sixteen Sandos s book is a groundbreaking attempt to recover a historical memory long repressed in both the United States and Mexico a failed plan that for almost 70 years colored official American attitudes toward Mexico

The Small Wars of the United States, 1899-2009 Benjamin R. Beede,2012-08-06 The Small Wars of the United States 1899 2009 is the complete bibliography of works on US military intervention and irregular warfare around the world as well as efforts to quell insurgencies on behalf of American allies The text covers conflicts from 1898 to present with detailed annotations of selected sources In this second edition Benjamin R Beede revises his seminal work bringing it completely up to date including entries on the current conflicts in Iraq and Afghanistan An invaluable research tool The Small Wars of the United States 1899 2009 is a critical resource for students and scholars studying US military history

Border Conflict Joseph Allen Stout,1999 Villistas Carrancistas and the Punitive Expedition 1915 1920 **The Texas Rangers and the Mexican Revolution** Charles Houston Harris,Louis R. Sadler,2004 The authors document the secret role of the Mexican president in the insurgency against Anglos during the Mexican Revolution and the Texas Rangers role in ending the uprising

The Fence and the River Claire F. Fox,1999 Offers an illustrated study that asks how the art produced about the U S Mexico border reflects political and economic transformations occurring world wide **Homage to Chiapas** Bill Weinberg,2002-08-17 Vividly depicts the grassroots struggles for land and local autonomy [Reverberations of Racial Violence](#) Sonia Hernández,John Morán González,2021-06-15 Between 1910 and 1920 thousands of Mexican Americans and Mexican nationals were killed along the Texas border The killers included strangers and neighbors vigilantes and law enforcement officers in particular Texas Rangers Despite a 1919 investigation of the state sanctioned violence no one in authority was ever held responsible Reverberations of Racial Violence gathers fourteen essays on this dark chapter in American history Contributors explore the impact of civil rights advocates such as Jos Tom s Canales the sole Mexican American representative in the Texas State Legislature between 1905 and 1921 The investigation he spearheaded emerges as a historical touchstone one in which witnesses testified in detail to the extrajudicial killings carried out by state agents Other chapters situate anti Mexican racism in the context of the era s rampant and more fully documented violence against African Americans Contributors also address the roles of women in responding to the violence as well as the many ways in which the killings have continued to weigh on communities of color in Texas Taken together the essays provide an opportunity to move beyond the more standard Black white paradigm in reflecting on the broad history of American nation making the nation s rampant racial violence and civil rights activism

Tracking the Texas Rangers Bruce A. Glasrud,2012 Tracking the Texas Rangers The Twentieth Century is an anthology of fifteen previously published articles and

chapter excerpts covering key topics of the Texas Rangers during the twentieth century The task of determining the role of the Rangers as the state evolved and what they actually accomplished for the benefit of the state is a difficult challenge The actions of the Rangers fit no easy description There is a dark side to the story of the Rangers during the Mexican Revolution for example some murdered with impunity Others sought to restore order in the border communities as well as in the remainder of Texas It is not lack of interest that complicates the unveiling of the mythical force With the possible exception of the Alamo probably more has been written about the Texas Rangers than any other aspect of Texas history Tracking the Texas Rangers covers leaders such as Captains Bill McDonald Lone Wolf Gonzauillas and Barry Caver accomplished Rangers like Joaquin Jackson and Arthur Hill and the use of Rangers in the Mexican Revolution Chapters discuss their role in the oil fields in riots and in capturing outlaws Most important the Rangers of the twentieth century experienced changes in investigative techniques strategy and intelligence gathering Tracking looks at the use of Rangers in labor disputes in race issues and in the Tejano civil rights movement The selections cover critical aspects of those experiences organization leadership cultural implications rural and urban life and violence In their introduction editors Bruce A Glasrud and Harold J Weiss Jr discuss various themes and controversies surrounding the twentieth century Rangers and their treatment by historians over the years They also have added annotations to the essays to explain where new research has shed additional light on an event to update or correct the original article text

Secret Wars and Secret Policies in the Americas, 1842-1929 Friedrich E. Schuler, 2011-04-16 The conflicts that culminated in the First and Second World Wars had their origins in the rise of imperial powers in North America Europe and Asia in the late nineteenth century and the imperialist quests for the resources of colonies and former colonies American expansionists encouraged by a growing U S Navy nurtured U S policies with illusions of easy access to South America Policy makers in the fledgling empires of Germany Japan Spain and Italy relied on clandestine means to rival U S ambitions In this original and thoroughly researched book based on new sources from previously unused collections in Germany and Spain Friedrich E Schuler details their attempts to suborn ethnic groups within Latin America but also the United States to establish ethnic beachheads that would serve to undermine U S interests These deeply disturbing lessons became central historical reference points for U S policy makers during World War II Not surprisingly though rarely covered in Latin American historiography Latin American nations but also Spain developed their own plans to exploit these imperialist rivalries after World War I The resulting intrigue and subterfuge revealed in this revisionist study add a fascinating new dimension to our understanding of transpacific and transatlantic politics during this critical period of world history
