

REBELLION REPRESSION REINVENTION

Mutiny in Comparative Perspective

*Edited by Jane Hathaway
Foreword by Geoffrey Parker*

Rebellion Repression Reinvention

Neal Bascomb

Rebellion Repression Reinvention:

Rebellion, Repression, Reinvention Jane Hathaway, 2001-07-30 This is the first book to address the topic of mutiny in and of itself or to present mutiny in a comparative framework The fourteen contributors a mixture of military social and political historians examine instances of mutiny that occurred from ancient to modern times and on nearly every continent Their findings call into question standard definitions of mutiny while shedding new light on the patterns that mutiny tends to take as well as the interactions that can occur between mutinous soldiers and surrounding civilian societies While standard definitions of mutiny emphasize mass defiance by rank and file soldiers of the orders of their military superiors the essays here demonstrate that mutiny can often take other forms Mutiny could consist of mass desertion insurgency in the face of competing military and political authorities or lengthy strings of strikes and assassinations against military and political superiors The threat of mutiny furthermore could be as potent as an actual outbreak Areas studied include early modern Europe the Ottoman Empire the antebellum United States the British Empire revolutionary Russia the emerging nation states of Latin America imperial and Communist China fascist Italy war torn Vietnam and Nasser's Egypt In the concluding section contributors assess commemorations of mutiny and how they are modified or distorted in the process of their incorporation into official and popular memory

The Cambridge Companion to Frederick Douglass Maurice S. Lee, 2009-06-11 Frederick Douglass was born a slave and lived to become a best selling author and a leading figure of the abolitionist movement A powerful orator and writer Douglass provided a unique voice advocating human rights and freedom across the nineteenth century and remains an important figure in the fight against racial injustice This Companion designed for students of American history and literature includes essays from prominent scholars working in a range of disciplines Key topics in Douglass studies his abolitionist work oratory and autobiographical writings are covered in depth and new perspectives on religion jurisprudence the Civil War romanticism sentimentality the Black press and transatlanticism are offered Accessible in style and representing new approaches in literary and African American studies this book is both a lucid introduction and a contribution to existing scholarship

Mutiny and Leadership Keith Grint, 2021-04-15 Whenever leadership emerges within a group there will be resistance to that leadership Discontent may manifest in a number of ways and action will always be determined by factors such as resource numbers time space and the legitimacy of the resistance What then turns discontent into mutiny Mutiny is often associated with the occasional mis leadership of the masses by politically inspired hotheads or a spontaneous and unusually romantic gesture of defiance against a uniquely overbearing military superior In reality it is seldom either and usually has far more mundane origins not in the absolute poverty of the subordinates but in the relative poverty of the relationships between leaders and the led in a military situation The roots of mutiny lie in the leadership skills of a small number of leaders and what transforms that into a constructive dialogue or a catastrophic disaster depends on how the leaders of both sides mobilise their supporters and their networks Using

contemporary leadership theory to cast a critical light on an array of mutinies throughout history this book suggests we consider mutiny as a permanent possibility that is further encouraged or discouraged in some contexts From mutinies in ancient Roman and Greek armies to those that toppled the German and Russian states and forced governments to face their own disastrous policies and changed them forever this book covers an array of cases across land sea and air that still pose a threat to military establishments today The critical theoretical line also puts into sharp relief the assumption that oftentimes people have little choice in how they respond to circumstances not of their own making If mutineers could choose to resist what they saw as tyranny then so can we

Beyond the Military Revolution Jeremy Black,2011-04-01 The seventeenth century has long been seen as a period of crisis or transition from the pre modern to the modern world This book offers a chance to explore this crisis from the perspective of war and military institutions in a way that should appeal to those doing global history By placing 17th century warfare in a global context Black challenges conventional chronologies and permits a reappraisal of the debate over what has been seen as the Military Revolution of the early modern period The book discusses war with regard to strategic cultures assesses military capability in terms of tasks and challenges faced and attaches styles of warfare to their social and political contexts Genuinely global in range this up to date and wide ranging account provides fresh historiographical insights into this crucial period in world history

Navies of Europe Lawrence Sondhaus,2014-06-11 Europe ruled the waves for most of the modern era and even when its navies were eclipsed in size by the US force they continued to dominate world wars In this unique history of Europe s naval forces Larry Sondhaus charts the development of naval warfare from the transition to steam to recent actions in the Persian Gulf Combining detailed technical information with an in depth comparison of warfare and tactics across some of the key conflicts of the modern world this is an absorbing account of European and British seapower past and present

Aspects of Ancient Institutions and Geography Lee L. Brice,Daniëlle Slootjes,2015-01-08 In *Aspects of Ancient Institutions and Geography* colleagues and students honor Richard J A Talbert for his numerous contributions and influence on the fields of ancient history political and social science as well as cartography and geography This collection of original and useful examinations is focused around the core theme of Talbert s work how ancient individuals and groups organized their world through their institutions and geography The first half of the book considers institutional history in chapters on such diverse topics as the Roman Senate Roman provincial politics and administration healing springs gladiators and soldiers Chapters on the geography of Thucydides and Alexander III imperial geography tracking letters and using sundials round out the second half of the book

Memory of War in France, 1914-45 M. Perry,2011-01-19 *Memory of War in France* examines France in the era of world war through the unconventional eyes of the veteran activist and novelist C sar Fauxbras It encompasses the French navy at war the naval mutinies of 1919 the experience of unemployment interwar pacifism French defeat in 1940 and Paris under the heel of German occupation

Conflict and Soldiers' Literature in Early Modern Europe Paul Scannell,2014-12-18 In *Conflict and*

Soldiers Literature in Early Modern Europe Paul Scannell analyses the late 16th century and early 17th century literature of warfare through the published works of English Welsh and Scottish soldiers The book explores the dramatic increase in printed material on many aspects of warfare the diversity of authors the adaptation of existing writing traditions and the growing public interest in military affairs There is an extensive discussion on the categorisation of soldiers which argues that soldiers works are under used evidence of the developing professionalism among military leaders at various levels Through analysis of autobiographical material the thought process behind an individual s engagement with an army is investigated shedding light on the relevance of significant personal factors such as religious belief and the concept of loyalty The narratives of soldiers reveal the finer details of their experience an enquiry that greatly assists in understanding the formidable difficulties that were faced by individuals charged with both administering an army and confronting an enemy This book provides a reassessment of early modern warfare by viewing it from the perspective of those who experienced it directly Paul Scannell highlights how various types of soldier viewed their commitment to war while also considering the impact of published early modern material on domestic military capability the art of war *The Environmental Legacy of War on the Hungarian-Ottoman Frontier, c. 1540-1690* András Vadas,2025-10-01 This book is the first monographic attempt to follow the environmental changes that took place in the frontier zone of the Ottoman Empire and the Kingdom of Hungary in the sixteenth and seventeenth centuries On the one hand it looks at how the Ottoman Hungarian wars affected the landscapes of the Carpathian Basin specifically the frontier zone On the other hand it examines how the environment was used in the military tactics of the opposing realms By taking into consideration both perspectives this book intends to pursue the dynamic interplay between war environment and local society in the early modern period *The Indian Army and the End of the Raj* Daniel Marston,2014-04-24 The Partition of British India in 1947 resulted in the establishment of the independent states of India and Pakistan and the end of the British Raj The decision to divide British India along religious lines led to widespread upheaval and communal violence in the period leading up to and following the official day of independence 15 August 1947 In this book Daniel Marston provides a unique examination of the role of the Indian army in post World War II India He draws upon extensive research into primary source documents and interviews with veterans of the events of 1947 to provide fresh insight into the vital part that the Indian Army played in preserving law and order in the region This rigorous book fills a significant gap in the historiography of the British in India and will be invaluable to those studying the British Empire and South Asia more generally Lascars and Indian Ocean Seafaring, 1780-1860 Aaron Jaffer,2015 Cases of mutiny and other forms of protest are used to reveal full and interesting details of lascar shipboard life **Red Mutiny** Neal Bascomb,2008-05-06 In 1905 more than seven hundred Russian sailors mutinied against their officers aboard the battleship Potemkin one of the most powerful battleships in the world Led by the charismatic firebrand Matyushenko they risked their lives to take control of their ship and fly the red flag of revolution What followed was a violent

port to port chase that spanned eleven harrowing days and came to symbolize the Russian Revolution itself This pulse pounding story alternates between the opulent court of Nicholas II and the drama on the high seas Neal Bascomb combines extensive research and fresh information from Soviet archives to tell the true story of the deadliest naval mutiny in history Red Mutiny is a terrific adventure filled with epic naval battles heroic sacrifices treachery bloodlust and the rallying cries of freedom

Britain's Levantine Empire, 1914-1923 Daniel-Joseph MacArthur-Seal,2021-07-29 Britain's Levantine Empire 1914-1923 explains the rise and decline and nature and extent of British military rule in the urban eastern Mediterranean during the course of the First World War and its aftermath Combining novel case studies and theoretical approaches the volume reveals the extent of military control that Britain established and anticipated maintaining in the post Ottoman world before a series of confrontations with nationalist and socialist anti imperialists forced a new division of the eastern Mediterranean still visible in the political borders of the present day Britain's Levantine Empire 1914-1923 tells this story through the eyes and ears of the British servicemen who built this empire analysing the testimony of over 100 such military personnel sent to Alexandria Thessaloniki Istanbul and the towns and islands between them as they voyaged made camp and explored and patrolled the city streets Whereas histories examining soldiers experiences in the First World War have almost exclusively focused on their lives at the frontlines this study provides a much needed in depth history of soldiers experience and impact on the urban hubs of the Eastern Mediterranean where urban planning nightlife and entertainment policing and security were transformed by the presence of so many men at arms and the imperialist interventions that accompanied them

Voluntas Militum: Community, Collective Action, and Popular Power in the Armies of the Middle Republic (300-100 BCE) Dominic M. Machado,2023-06-20 Scholars military men and casual observers alike have devoted significant energy to understanding how the armies of the Roman Middle Republic 300-100 BCE were able to function so effectively examining their organization hierarchy recruitment tactics and ideology in close detail But what about the concerns interests and goals of the soldiers who powered it The present study argues that the military forces of the Middle Republic were not simply cogs in the Roman military machine but rather dynamic and diverse social units that played a key role in shaping an ever changing Mediterranean world Indeed the soldiers in the armies of this period not only developed connections with one another but also formed bonds with non military personnel who traveled with as well as inhabitants of the places where they campaigned The connections soldiers developed while on campaign gave them significant power and agency as a group Throughout the third and second centuries BCE soldiers took collective actions ranging from mutiny to defection to looting to ensure that their economic social and political interests were advanced and protected Recognizing the communities that Roman soldiers formed and the power that they exerted not only reframes our understanding of the Middle Republic and its armies but fundamentally alters how we conceptualize the turbulent years of the Late Republic and the massive social political and military changes that followed

Soldiers in Revolt Maggie Dwyer,2018-02-01 Soldiers in Revolt examines the understudied

phenomenon of military mutinies in Africa Through interviews with former mutineers in Sierra Leone Burkina Faso and The Gambia the book provides a unique and intimate perspective on those who take the risky decision to revolt This view from the lower ranks is key to comprehending the internal struggles that can threaten a military s ability to function effectively Maggie Dwyer s detailed accounts of specific revolts are complemented by an original dataset of West African mutinies covering more than fifty years allowing for the identification of trends Her book shows the complex ways mutineers often formulate and interpret their grievances against a backdrop of domestic and global politics Just as mutineers have been influenced by the political landscape so too have they shaped it Mutinies have challenged political and military leaders spurred social unrest led to civilian casualties threatened peacekeeping efforts and in extreme cases resulted in international interventions Soldiers in Revolt offers a better understanding of West African mutinies and mutinies in general valuable not only for military studies but for anyone interested in the complex dynamics of African states *Mutinous memories* Matt Perry,2019-05-14 This book explores the eight month wave of mutinies that struck the French infantry and navy in 1919 Based on official records and the testimony of dozens of participants it is the first study to try to understand the world of the mutineers Examining their words for the traces of sensory perceptions emotions and thought processes it reveals that the conventional understanding of the mutinies as the result of simple war weariness and low morale is inadequate In fact an emotional gulf separated officers and the ranks who simply did not speak the same language The revolt entailed emotional sequences ending in a deep ambivalence and sense of despair or regret Taking this into account the book considers how mutineer memories persisted after the events in the face of official censorship repression and the French Communist Party s co option of the mutiny **Culture, Conflict and the Military in Colonial South Asia** Kaushik Roy,Gavin Rand,2017-08-25 This book offers diverse and original perspectives on South Asia s imperial military history Unlike prevailing studies the chapters in the volume emphasize both the vital role of culture in framing imperial military practice and the multiple cultural effects of colonial military service and engagements The volume spans from the early East India Company period through to the Second World War and India s independence exploring themes such as the military in the field and at leisure as well as examining the effects of imperial deployments in South Asia and across the British Empire Drawing extensively on new archival research the book integrates previously disparate accounts of imperial military history and raises new questions about culture and operational practice in the colonial Indian Army This work will be of interest to scholars and researchers of modern South Asian history war and strategic studies military history the British Empire as well as politics and international relations **True Crime and Punishment: Mutinies** Barry Stone,2011-05-23 Mutiny is an act of open revolt by those expected to serve without question by those working in the most disciplined and demanding of conditions in the crews of ships both naval and privately owned Mutiny on the High Seas examines the circumstances that have driven sailors and officers to reject or betray their code to overthrow authority to commit extreme and lethal acts of

insubordination Each episode discusses the people who provoked the mutiny including brutal commanders poor living conditions poor pay untrained and unwilling men the occasional psychopath how the mutiny was quelled the fate of the mutineers and whether the mutiny achieved any broader institutional political or social change The stories range from the mutiny against circumnavigator Ferdinand Magellan in 1520 to the 1797 mutiny of the British Fleet through to the 1975 Storozhevoy mutiny led by an officer of a Soviet antisubmarine frigate to protest the corruption of the Brezhnev regime

The Irish in the Spanish Armies in the Seventeenth Century Eduardo de Mesa, 2014 Provides a wealth of detail on how the wild geese the Irish who refused to submit to the English played a significant role in the armies of Spain It is well known that many Irishmen who refused to submit to the English in the reigns of Elizabeth and the early Stuart kings including the famous earls of Tyrone and Tyrconnell went to fight for the king of Spain but what they did when they joined the Spanish armies is much less well known This book provides a wealth of detail on the activities of the Irish in the Spanish armies in the late sixteenth and seventeenth centuries It outlines who the Irish soldiers were how they were recruited and the terms under which they served It discusses their military roles both in the wars in Flanders between the Spanish and their former Dutch subjects and later in the Hispanic peninsula showing how the Irish were often employed as elite troops who made significant contributions to major military actions such as the siege of Breda in 1624 It examines military tactics explores the politics of the Spanish armies showing how the Irish fitted in and discusses how when the rebellion of 1641 broke out in Ireland many Irish soldiers returned to Ireland to resume the fight against the English Eduardo de Mesa completed his doctorate at University College Dublin He is the author of *La pacificación de Flandes Spola y las campañas de Frisia 1604 1609 2009* and *Discurso Militar del Marqués de Aytona 2008* co author of *La Monarquía de Felipe III 2008* and author of numerous articles chapters in edited collections and encyclopedia entries

The Better Angels of Our Nature Michael A. Halleran, 2010-03-11 The first in depth study of the Freemasons during the Civil War From first person accounts culled from regimental histories diaries and letters Michael A Halleran has constructed an overview of 19th century American freemasonry The author examines carefully the major Masonic stories from the Civil War in particular the myth that Confederate Lewis A Armistead made the Masonic sign of distress as he lay dying at the high water mark of Pickett's charge at Gettysburg

When somebody should go to the books stores, search commencement by shop, shelf by shelf, it is in reality problematic. This is why we give the books compilations in this website. It will very ease you to look guide **Rebellion Repression Reinvention** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you point toward to download and install the Rebellion Repression Reinvention, it is completely simple then, back currently we extend the join to purchase and make bargains to download and install Rebellion Repression Reinvention hence simple!
