Rebels In The Rif Abd El Krim The Rif Rebellion:

Rebels in the Rif David S. Woolman, 1968

The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. X Marcus Garvey, 2006-08-23 Africa for the Africans was the name given to the extraordinary movement led by Jamaican Marcus Mosiah Garvey 1887 1940 Volumes I VII of the Marcus Garvey and Universal Negro Improvement Association Papers chronicled the Garvey movement that flourished in the United States during the 1920s Now the long awaited African volumes of this edition demonstrate clearly the central role Africans played in the development of the Garvey phenomenon The African volumes provide the first authoritative account of how Africans transformed Garveyism into an African social movement The most extensive collection of documents ever gathered on the early African nationalism of the interwar period Volume X provides a detailed chronicle of the spread of Garvey's call for African redemption throughout Africa

The Marcus Garvey and Universal Negro Improvement Association Papers, Volume XIII Marcus Garvey, 2016-04-07 Volume XIII of The Marcus Garvey and Universal Negro Improvement Association Papers covers the twelve months between the UNIA's second international convention in New York in August 1921 and the third convention in August 1922 It was a particularly tumultuous time for Garvey and the UNIA Garvey's relationship with the UNIA's top leadership began to fracture the U S federal government charged Garvey with mail fraud and his Black Star Line operation suffered massive financial losses This period also witnessed a marked shift in Garvey's rhetoric and stance as he retreated from his previously radical anticolonial positions sought to court European governments as well as the leadership of the Ku Klux Klan and moved against his political rivals Despite these difficult and uncertain times Garveyism expanded its reach throughout the Caribbean archipelago which as Volume XIII confirms became the UNIA's de facto home in the early 1920s The volume's numerous reports from the UNIA's Caribbean divisions and chapters describe what it was like for UNIA activists living and working under extremely repressive circumstances The volume's major highlight covers the U S military's crackdown on the UNIA in the Dominican Republic as documented in the correspondence between John Sydney de Bourg whom Garvey had dispatched to monitor the situation and U S and British government officials In addition to UNIA divisional reports and de Bourg's extensive correspondence Volume XIII contains a wealth of newspaper articles political tracts official documents and other sources that outline the complex responses to Garveyism throughout the United States the Caribbean and Europe all the while documenting this watershed moment for Garvey and the UNIA

The Roots and Consequences of Independence Wars Spencer C. Tucker, 2018-03-01 This book covers 26 independence wars that have irrevocably changed the world beginning with the Maccabean Revolt against Rome 167 160 BCE and ending with the Tamil War for Independence in Sri Lanka 1983 2009 Throughout history people longing for independence have fought wars to win their freedom Some of these wars such as the American Revolution and the Israeli War of Independence were great successes Others such as the Jewish Revolt against the Roman Empire were devastating failures In some cases most notably the Arab Revolt the outcome

had immense repercussions that are still felt today all over the world This book examines 26 of the most significant independence wars from ancient times to the modern era and identifies the origins and consequences of these key conflicts Comprehensive overview essays as well as explanations of the causes and consequences of each war give readers the background needed to understand the importance of these seminal events Additional learning tools include detailed timelines that contextualize all of the key events in the conflict maps of several of the key battles that help readers visualize the strategies of both sides and a lengthy bibliography that offers a wealth of options for students looking to further investigate any of the conflicts

Encyclopedia of Insurgency and Counterinsurgency Spencer C. Tucker, 2013-10-29 A fascinating look at the insurgencies and counterinsurgencies throughout history with a concentration on the 20th and 21st centuries This encyclopedia examines insurgencies and the counterinsurgency efforts they prompt through history addressing military actions and the techniques and technologies employed in each conflict significant insurgency leaders and the leading theorists with emphasis on the small wars of the 20th century and most recent decades The clear concise entries provide a breadth of coverage that ranges from the Maccabean Revolt in 168 143 BCE and the Peasants Revolt in Germany in the 1500s to the American Revolutionary War and the ongoing insurgency in Syria Readers will gain a solid understanding of how insurgency warfare and counterinsurgency COIN strategy has played a key role in the U S conflicts in Afghanistan and Iraq in the early 21st century and grasp how this important military strategy has evolved during modern times

A Global History of War GŽrard Chaliand, R. Bin Wong, 2014-11-17 Overview war and history The first military empire the Assyrians The great strategy of the Byzantine Empire The Arabs The nomads of the Eurasian steppes The Seljuks Mameluks and the Crusades The Mongol Dmpire Tamerlane The Ottomans Safavid Iran The Ming and Chinese politico military traditions The Manchu and the end of the nomads The Mughals and Islam in India Russia and the end of the Tatars The ascent of Europe The time of revolutions Guerilla warfare From total war to asymmetrical conflict Conclusion

Conflict and Conquest in the Islamic World Alexander Mikaberidze, 2011-07-22 A reference work that thoroughly documents the extensive military history of the Islamic world between the 7th century and the present day Military political conflict and the resulting factionalism shifts in leadership and divergent belief systems has been a constant and crucial part of the Islamic world In order to fully grasp the cultural social or political aspects of Islam in the modern world it is necessary to comprehend the rich tapestry of Islamic history from pre Islamic times to the present much of which involved armed conflict Conflict and Conquest in the Islamic World A Historical Encyclopedia provides hundreds of entries on wars revolutions sieges institutions leaders armies weapons and other aspects of wars and military life enabling readers to understand the complex role conflict has played in Islamic life throughout history and see how Islamic warfare has evolved over the centuries This reference work covers not only the traditional Middle Eastern regions and countries but also provides relevant historical information regarding Islam in North Africa Central Asia Southeastern Asia and Oceania

The Spanish Civil War Charles J

Esdaile,2018-10-10 The Spanish Civil War A Military History takes a new military approach to the conflict that tore Spain apart from 1936 to 1939 In many histories the war has been treated as a primarily political event with the military narrative subsumed into a much broader picture of the Spain of 1936 9 in which the chief themes are revolution and counter revolution While remaining conscious of the politics of the struggle this book looks at the war as above all a military event and as one in whose outbreak specifically military issues particularly the split in the armed forces produced by the long struggle in Morocco 1909 27 were fundamental Across nine chapters that consider the war from beginning to endgame Charles J Esdaile revisits traditional themes from a new perspective deconstructs many epics and puts received ideas to the test as well as introducing readers to foreign language historiography that has previously been largely inaccessible to an anglophone audience In taking this new approach The Spanish Civil War A Military History is essential reading for all students of twentieth century Spain

Deadly Embrace Sebastian Balfour,2002-05-23 Combining military political cultural social and oral history Sebastian Balfour narrates for the first time the development of a brutalised interventionist army that played a crucial role in the victory of the Francoists in the Spanish Civil War Spain s new colonial venture in Morocco in the early twentieth century turned into a bloody war against the tribes resisting the Spanish invasion of their lands After suffering a succession of heavy military disasters against some of the most accomplished guerrillas in the world the Spanish army turned to chemical warfare and dropped massive quantities of mustard gas on civilians Dr Balfour exposes this previously closely guarded secret using evidence from Spanish military archives and from survivors in Morocco He also narrates the daily life of soldiers in the war as well as the self images and tensions among the colonial officers After looking at the motives that drove Moroccans to resist or cooperate with Spain the author describes the contradictory pictures among Spaniards of Moroccan collaborators and foes Finally he examines the Spanish colonial army s response to the Second Republic of 1931 1936 and its brutal march through Spain in the Civil War QUOTES FROM PAUL PRESTON S READERS REPORT This is a book of very considerable significance the work of a first rate historian working at his peak This is the most complete and wide ranging account to date of the Spanish involvement in Morocco and of the consequences of that involvement inside Spain itself written with a compelling blend of elegance and immediacy this is a major work one of which any historian would be proud

Islam and the European Empires David Motadel,2014-09-05 At the height of the imperial age European powers ruled over most parts of the Islamic world The British French Russian and Dutch empires each governed more Muslims than any independent Muslim state European officials believed Islam to be of great political significance and were quite cautious when it came to matters of the religious life of their Muslim subjects In the colonies they regularly employed Islamic religious leaders and institutions to bolster imperial rule At the same time the European presence in Muslim lands was confronted by religious resistance movements and Islamic insurgency Across the globe from the West African savanna to the shores of Southeast Asia Muslim rebels called for holy war against non Muslim intruders Islam and the European Empires presents the

first comparative account of the engagement of all major European empires with Islam Bringing together fifteen of the world's leading scholars in the field the volume explores a wide array of themes ranging from the accommodation of Islam under imperial rule to Islamic anti colonial resistance A truly global history of empire the volume makes a major contribution not only to our knowledge of the intersection of Islam and imperialism but also more generally to our understanding of religion and power in the modern world Charles Sweeny, the Man Who Inspired Hemingway Charley Roberts, Charles P.

Hess, 2017-09-19 Charles Sweeny 1882 1963 was the heir to a fortune Renouncing a life of comfort he became a warrior for causes he believed in Twice kicked out of West Point he fought in revolts against three Latin American dictators He was a decorated officer in the French Foreign Legion and in the U S Army during World War I a brigadier general in the Polish Soviet War and a military advisor in the Greco Turkish War He led a flying squadron in Morocco's Rif War advised Loyalists in the Spanish Civil War and spied for French intelligence during World War II Before America entered the war he dodged FBI agents and U S neutrality laws to recruit American pilots to fight the Nazis and became a group captain in the R A F's Eagle Squadron After Pearl Harbor he worked with Wild Bill Donovan to devise guerrilla campaigns in North Africa and Eastern Europe This richly detailed biography draws on Sweeny's personal papers historical documents and photographs to chronicle the fascinating life of America's most celebrated soldier of fortune a lifelong friend of Ernest Hemingway and a model for his fictional heroes **The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. V**

Marcus Garvey, 2023-09-01 The fifth volume of this monumental series chronicles what was perhaps the stormiest period in the history of Marcus Garvey and the UNIA the aftermath of the tumultuous 1922 convention Outside the UNIA a growing list of opponents including the black Socialists A Philip Randolph and Chandler Owen and the NAACP's Robert Bagnall and William Pickens were turning their criticism of the controversial Jamaican into a Garvey Must Go campaign Meanwhile Garvey's former UNIA ally Rev J W H Eason who had been impeached at the 1922 convention was emerging as a dangerous rival Eason was assassinated in January 1923 just as he was to testify against Garvey in the latter's mail fraud trial Though it may be impossible to determine if Garvey had a role in the killing the murder generated negative publicity that did untold damage to Garvey and his organization Throughout all this the federal government pressed its case against Garvey and his co-defendants on mail fraud charges stemming from irregularities in the sale of Black Star Line stock In June 1923 a jury found Garvey guilty and he was sentenced to five years in prison Internecine feuds wracked the movement while Garvey languished in New York City's Tombs prison awaiting bail so that he could mount an appeal As soon as he was released in September 1923 he turned his energy to reconsolidating the UNIA while considering the best appeal strategy For the UNIA Garvey resurrected an old commercial message that economic salvation was to be found in ships In March 1924 he reconstituted the defunct Black Star Line as the Black Cross Navigation and Trading Co and bought a ship the S S General Goethals in time for a tour of it by convention delegates The shipboard tour proved to be a highlight of the 1924 convention during which UNIA

leadership was stunned by the Liberian government's formal repudiation of the movement's African colonization plans. Despite the UNIA's unexpected setback in Liberia, the movement continued to spread into new places, particularly in America's southern states. Generously illustrated with photographs and facsimile documents, Volume V of *The Marcus Garvey and Universal Negro Improvement Association Papers* upholds the impeccable editorial standards of the first four volumes. Once again, a wealth of new sources collected from around the world demonstrates how vitally important Marcus Garvey and the mass movement he controlled were to Afro-American history. The fifth volume of this monumental series chronicles what was perhaps the stormiest period in the history of Marcus Garvey and the UNIA: the aftermath of the tumultuous 1922 convention. Outside the UNIA, a growing list of opponents, including the black So

A People Betrayed Paul Preston, 2020-06-16

Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston's magisterial history of modern Spain. The culmination of a half-century of historical investigation, *A People Betrayed* is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world. Whereas so many twentieth-century Spanish histories begin with Franco and the devastating Civil War, Paul Preston's magisterial work begins in the late nineteenth century with Spain's collapse as a global power, especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory. This loss hung over Spain in the early years of the twentieth century, its agrarian economic base standing in stark contrast to the emergence of England, Germany, and France as industrial powers. Looking back to the years prior to 1923, Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life, thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution. So ineffective was the Republic, which had been launched in 1873, that it paved the way for a military coup and dictatorship led by Miguel Primo de Rivera in 1923, exacerbating widespread profiteering and fraud. When Rivera was forced to resign in 1930, his fall brought forth a succession of feeble governments stoking rancorous tensions that culminated in the tragic Spanish Civil War. With astonishing detail, Preston describes the ravages that rent Spain in half between 1936 and 1939. Tracing the frightening rise of Francisco Franco, Preston recounts how Franco grew into Spain's most powerful military leader during the Civil War and how, after the war, he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain's working class. The dictatorship lasted through World War II, during which Spain sided with Mussolini and Hitler, and only ended decades later in 1975 when Franco's death was followed by a painful yet bloodless transition to republican democracy. Yet, as Preston reveals, corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty-first century, as economic crises, Catalan independence struggles, and financial scandals persist in dividing the country. Filled with vivid portraits of politicians and army officers,

revolutionaries and reformers and written in the absorbing Economist style for which Preston is so revered *A People Betrayed* is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present providing a chilling reminder of just how fragile democracy remains in the twenty first century *Cultured Force* Barnett Singer, John W. Langdon, 2004 Bridging gaps between intellectual history biography and military colonial history Barnett Singer and John Langdon provide a challenging readable interpretation of French imperialism and some of its leading figures from the early modern era through the Fifth Republic They ask us to rethink and reevaluate pulling away from the usual shoal of simplistic condemnation In a series of finely etched biographical studies and with much detail on both imperial culture and wars including World War I and II they offer a balanced deep strong portrait of key makers and defenders of the French Empire one that will surely stimulate much historical work in the field **Warfare in the Western World, 1882-1975** Jeremy Black, 2014-12-18 In this companion volume to *Western Warfare 1775-1882* Jeremy Black takes his analysis of modern warfare into the twentieth century As before a distinctive feature of the author's approach is the coverage of both land and naval warfare as well as conflict within the West and between Western and non Western powers Beginning with the British conquest of Egypt in 1882 this book goes on to examine the Spanish American War of 1898 the Boer War and the Balkan conflicts leading to world war in 1914 A revisionist account of the First World War is followed by a discussion of Western expansionism in the period to 1936 Chapters on the interwar years and the Second World War lead on to a discussion of the retreat from empire and the advent of Cold War The narrative closes with the end of the Vietnam War in 1975 and a discussion of the limitations of Western military technique doctrine and technology Throughout the themes of military change and modernization are brought into sharp focus and the revolutionary characteristics of the machination of war in this period are questioned Jeremy Black offers a new and challenging interpretation of modern warfare that will be required reading not only for students of military history but for all those interested in the impact of war in the making of the modern world **Humans Versus Nature** Daniel R. Headrick, 2020 Since the appearance of Homo sapiens on the planet hundreds of thousands of years ago human beings have sought to exploit their environments extracting as many resources as their technological ingenuity has allowed As technologies have advanced in recent centuries that impulse has remained largely unchecked exponentially accelerating the human impact on the environment *Humans versus Nature* tells a history of the global environment from the Stone Age to the present emphasizing the adversarial relationship between the human and natural worlds Nature is cast as an active protagonist rather than a mere backdrop or victim of human malfeasance Daniel R. Headrick shows how environmental changes epidemics climate shocks and volcanic eruptions have molded human societies and cultures sometimes overwhelming them At the same time he traces the history of anthropogenic changes in the environment species extinctions global warming deforestation and resource depletion back to the age of hunters and gatherers and the first farmers and herders He shows how human interventions such as irrigation systems over fishing and

the Industrial Revolution have in turn harmed the very societies that initiated them Throughout Headrick examines how human driven environmental changes are interwoven with larger global systems dramatically reshaping the complex relationship between people and the natural world In doing so he roots the current environmental crisis in the deep past

International Encyclopedia of Military History James C. Bradford,2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history

Images of Nations and International Public Relations Michael Kunczik,2016-05-06 This volume addresses the importance of images of nations in international relations One fundamental assumption is that the behavior of states is not the same as that of individuals States are social systems whose behavior as a rule directly corresponds neither to the motives of their respective leaders nor to those of their populations However it is also self evident that international activities always depend on personal relationships The studies presented relate to more or less deliberate attempts to induce change in images Given the interdisciplinary nature of the subject matter findings made in public relations advertising research prejudice research and other fields are also taken into account Very often it is impossible to distinguish between the image of the nation state and the images of big enterprises such as Krupp Ford or Coca Cola For this reason the country of origin effect is also discussed

The Politics of African and Middle Eastern States Anne Gordon Drabek,Wilfrid Knapp,2013-10-22 The Politics of African and Middle Eastern States An Annotated Bibliography is a record of books written about the politics history and the lives of the leaders of Africa and the Middle East The book is divided per chapter according to the geographical area being discussed Each chapter contains a list of books that fall under the following categories Political History Political Systems and Government Biographies Memoirs Speeches and Writings and External Relations Chapters I to VII cover different regions of Africa while Chapters VIII to XI cover the Middle East The text is recommended for historians and political scientists especially those interested in the areas mentioned in the book The selection also serves a guide to those who plan to have further readings or make a paper about the political history government and development of the areas mentioned
