Somalia Redux? Matt Bryden,2013-09-10 The Somali Federal Government SFG established in August 2012 has been widely welcomed as Somalia s first post transition government receiving breathlessly upbeat media coverage and plaudits from the international community Matt Bryden argues in this report that these buoyant judgments are based on highly selective appraisals of the situation The SFG remains frail and embattled Furthermore there are major question marks over its inclusiveness and its relationships with other Somali authorities and factions Less than a year into the SFG s mandate hope and optimism are steadily giving way to polarization acrimony and fears of renewed violence

The Genesis of the Civil War in Somalia Muuse Yuusuf,2021-05-20 This study explores the genesis of the civil war in Somalia by analysing the defeat of Somalia in the 1977 Ogaden war asserting that this defeat which was prompted by the intervention of the USSR was a turning point which unleashed long term socio political forces that led to the collapse of the central government of the country Muuse Yuusuf analyses the history of the Somali civil war from 1977 to the present and the role played by various actors in the conflict such as local clans warlords and foreign powers and examines the present day by products of the war such as religious extremism Crucially Yuusuf looks beyond the mainstream explanation for the conflict that of rival clans fighting over resources By recognising the impact of foreign military interventions in Somalia from superpower rivalry during the cold war to the war on terror on the initiation and perpetuation of the Somali conflict the book attempts to identify foreign military intervention as a new paradigm in the discourse around it

Violations of the Rules Applicable in Non-International Armed Conflicts and Their Possible Causes Omar Abdulle Alasow,2010-05-17 While all armed conflicts are marked by violations of international humanitarian law non international armed conflicts appear to be characterised by even more serious violations of international humanitarian law on a colossal scale This study is aimed at understanding the possible factors that may cause parties to non international armed conflicts to engage in violations despite the fact that not only international humanitarian law but also other bodies of rules e g legal and moral impose restrictions and obligations similar to international humanitarian law Somalia which for over two decades has been experiencing internal armed conflicts marked by widespread violations is a typical case This study addresses the root causes of the internal armed conflict in Somalia and identifies factors which contributed to the collapse of the Somali state and the reasons for its continuing conflict It also examines the characteristics of the conflict In order to examine the extent to which applicable rules have been respected or not the study examines both international rules applicable in non international armed conflicts and specific Somali rules of warfare After demonstrating evidence of violations and analysing it this study seeks to identify possible direct and indirect causes of these violations In addition it also seeks to identify whether such possible causes

contribute to violations that are unique to the situation in Somalia or if not whether there may be lessons to be learnt for other situations similar to that in Somalia **Environmental Politics in the Middle East** Harry Verhoeven, 2018 Offers a critical and realistic reassessment of the threats posed to the environment in the Middle East and what can be done about them **The State of the Environment in Somalia: A Desk Study** ,
