Winter,2017-09-01 Roots of War Wanting Power Seeing Threat Justifying Force identifies three psychological factors that contribute to conflicts and the difference between escalation to war and peaceful resolution the desire for power power motivation exaggerated perception of an opponent s power threat and justification for using military power and force The importance of power concerns in war is reflected in a survey of leaders reasons for starting wars from Thucydides through George W Bush Drawing on this

The Rise and Fall of Meter Meredith Martin, 2012-05-06 Why do we often teach English poetic meter by the Greek terms iamb and trochee How is our understanding of English meter influenced by the history of England's sense of itself in the nineteenth century Not an old fashioned approach to poetry but a dynamic contested and inherently nontraditional field English meter concerned issues of personal and national identity class education patriotism militarism and the development of English literature as a discipline *The Rise and Fall of Meter* tells the unknown story of English meter from the late eighteenth century until just after World War I Uncovering a vast and unexplored archive in the history of poetics Meredith Martin shows that the history of prosody is tied to the ways Victorian England argued about its national identity Gerard Manley Hopkins Coventry Patmore and Robert Bridges used meter to negotiate their relationship to England and the English language George Saintsbury Matthew Arnold and Henry Newbolt worried about the rise of one metrical model among multiple competitors The pressure to conform to a stable model however produced reactionary misunderstandings of English meter and the culture it stood for This unstable relationship to poetic form influenced the prose and poems of Robert Graves Siegfried Sassoon Wilfred Owen W B Yeats Ezra Pound and Alice Meynell A significant intervention in literary history this book argues that our contemporary understanding of the rise of modernist poetic form was crucially bound to narratives of English national culture *Rubáiyát of Omar Khayyám* Omar Khayyam, 1898
