Red Star On The Nile The Soviet Egyptian:

Red Star on the Nile Alvin Z. Rubinstein, 2015-03-08 The Soviet Egyptian relationship after the June War of 1967 was a new one for both countries and its consequences were of global importance Drawing on all available Soviet and Arab materials Alvin Rubinstein develops the concept of influence as an analytical tool and explores in comprehensive fashion the diplomatic military political and economic aspects of the influence relationship between the two nations in recent years The author's approach is chronological analytical and oriented toward the issues He finds that the relationship has been fundamentally asymmetrical in aims and accomplishments Egypt's remarkable comeback after the June War would not have been possible without Soviet aid but Moscow benefited primarily in the context of the Soviet American strategic rivalry in the Middle East and only peripherally in terms of influence over Egypt Considering broader Soviet Third World relationships the author shows that there is no demonstrable correlation between intensified interactions and influence that an extensive presence is no assurance of influence and that Soviet influence can seldom be exercised at will in the absence of an ability to project Soviet military power directly Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Origins of Alliance Stephen M. Walt, 2013-08-09 How are alliances made In this book Stephen M Walt makes a significant contribution to this topic surveying theories of the origins of international alliances and identifying the most important causes of security cooperation between states In addition he proposes a fundamental change in the present conceptions of alliance systems Contrary to traditional balance of power theories Walt shows that states form alliances not simply to balance power but in order to balance threats Walt begins by outlining five general hypotheses about the causes of alliances Drawing upon diplomatic history and a detailed study of alliance formation in the Middle East between 1955 and 1979 he demonstrates that states are more likely to join together against threats than they are to ally themselves with threatening powers Walt also examines the impact of ideology on alliance preferences and the role of foreign aid and transnational penetration His analysis shows however that these motives for alignment are relatively less important In his conclusion he examines the implications of balance of threat for U S foreign policy

International Relations Theory and Regional Transformation T. V. Paul, 2012-02-23 A comprehensive treatment of regional transformation offering insights from different theoretical perspectives and generating a range of policy relevant ideas

Perils of Anarchy Michael E. Brown, Sean M. Lynn-Jones, Steven E. Miller, 1995-03-27 Current debates about the nature of international politics have centered on the clash between supporters and critics of realism The Perils of Anarchy brings together a number of recent

essays written in the realist tradition It includes realist interpretations of the collapse of the Cold War order and of the emerging order that has replaced it the sources of alignment and aggression and the causes of peace A final section provides a counterpoint by raising criticisms of and alternatives to the realist approach Contributors Charles L Glaser Christopher Layne Peter Liberman Lisa L Martin John J Mearsheimer Paul Schroeder Randall Schweller Stephen M Walt Kenneth N Waltz William C Wohlforth Fareed Zakaria An International Security Reader

The Soviet Union in the Third World Robert H. Donaldson, 2022-12-28 The Soviet Union in the Third World 1981 analyses Soviet objectives in the developing world the instruments of foreign policy employed and their success and failure the implications of Soviet foreign policy for the international system in general and the US foreign and defence policies in particular Twenty leading specialists examine Soviet involvement in Latin America Africa the Middle East and Asia and discuss the subject from both security and economic perspectives

Nasser's Peace Michael Sharnoff, 2017-05-23 Gamal Abdel Nasser was arguably one of the most influential Arab leaders in history As President of Egypt from 1956 to 1970 he could have achieved a peace agreement with Israel yet he preferred to maintain his unique leadership role by affirming pan Arab nationalism and championing the liberation of Palestine a common euphemism for the destruction of Israel In that era of Cold War politics Nasser brilliantly played Moscow Washington and the United Nations to maximize his bargaining position and sustain his rule without compromising his core beliefs of Arab unity and solidarity Surprisingly little analysis is found regarding Nasser's public and private perspectives on peace in the weeks and months immediately after the 1967 War Nasser's Peace is a close examination of how a developing country can rival world powers and how fluid the definition of peace can be Drawing on recently declassified primary sources Michael Sharnoff thoroughly inspects Nasser's post war strategy which he claims was a four tiered diplomatic and media effort consisting of his public declarations his private diplomatic consultations the Egyptian media's propaganda machine and Egyptian diplomatic efforts Sharnoff reveals that Nasser manipulated each tier masterfully providing the answers they desired to hear rather than stating the truth that he wished to maintain control of his dictatorship and of his foothold in the Arab world

The Soviet Union in World Politics Kurt London, 2022-12-28 The Soviet Union in World Politics first published in 1980 looks at the change in direction of Soviet foreign policy away from world revolution in the 1970s Examining the impact of Soviet policies and actions on key nations and regions throughout the world and highlighting their significance as agents for change in the international arena the authors present an overview of world politics as well as an in depth study of Soviet international behaviour

Soviet-third World Relations Carol R Saivetz, Sylvia Babus Woodby, 2019-07-11 Soviet Third World Relations presents an overview of Soviet policy toward the less developed countries and considers the determinants of that policy and its reflection in action The authors first examine the theoretical underpinnings of Soviet Third World policy including Leninism and Soviet developmental models and explore the tensions between prescribed progressive development strategies and the realities of

Third World political processes Next the authors present a detailed look at the record of Soviet activities in the Third World This is a chronological and regional account which describes Soviet policy in the Middle East Africa Latin America and Asia This part also provides a discussion of the openings such as local conflicts liberationist movements and socialist causes and the obstacles nationalism anti imperialism the volatility of Third World politics to Soviet policy in the Third World It closes with an analysis of Soviet foreign policy tools and asks whether chosen policy instruments achieve their desired objectives In the final section of the book the authors look at the decision making context for Soviet Third World relations including an analysis of Soviet objectives decision making variables and the participants in the decision making process They conclude by assessing trends in Soviet Third World relations the successes and failures of Soviet activities in the nonindustrial world and analyzing the current situation Here they address as well the lessons learned from the past and the prospects for the post Brezhnev post Andropov era The Persians Amongst the English Denis Wright,1985-12-31 *World Socialist Cinema* Masha Salazkina,2023-06-13 *World Socialist Cinema* *Alliances Affinities and Solidarities* reconstructs the trajectories of international film circulation between the Soviet Bloc and the countries of the Global South in the mid to late Twentieth Century The book takes as its focal point the Tashkent International Festival of Cinemas of Asia Africa and Latin America that took place in Uzbekistan USSR throughout the 1970s and 1980s Centering on the vast body of cinematic work from the three continents screened at the festival and paying particular attention to the internal tensions and gender dynamics within it the book proposes world socialist cinema as a distinct formation providing an alternative to Euro centric and or national and regional narratives of film history an international socialist cinema as seen from the vantage point of the Global South

The Rise and Fall of Soviet Influence in Egypt Gregory Hale Bradford,1981 **Non-Aligned Movement Summits** Jovan Cavoški,2022-05-19 Using newly declassified documents from Serbian British Indian Chinese Myanmar U S and Soviet archives *Non Aligned Movement Summits* shows how the Non Aligned Movement NAM gradually evolved into the third force of Cold War politics enveloping most of the post colonial and non bloc world Jovan Cavo ki follows the evolution of the NAM through its summits and other gatherings during which major political decisions pertaining to the destiny of the Third World were made These events were scrutinized by all major powers and had a corresponding effect on their policies From the Belgrade Conference in 1961 until 1989 all major Third World and non bloc nations met to demonstrate to the Eastern and Western Blocs that they were independent active and respected participants in world affairs Cavo ki shows how these summits were also closely related to events occurring in the relationship between the two blocs providing opportunities for non bloc actors to influence the global balance of power By moving the focus of 20th century international history away from the bloc nations and instead giving developing nations in Africa and Asia due attention this book provides a fresh perspective on Cold War history and fills a significant gap in the literature It is an important study for all students and scholars of the Cold War and international history **Moscow's Third World Strategy** Alvin Z. Rubinstein,2021-04-13 The description for

this book Moscow's Third World Strategy will be forthcoming **Confronting the Costs of War** Michael N. Barnett, 2012-09-14 What determines the strategies by which a state mobilizes resources for war And does war preparation strengthen or weaken the state in relation to society In addressing these questions Michael Barnett develops a novel theoretical framework that traces the connection between war preparation and changes in state society relations and applies that framework to Egypt from 1952 to 1977 and Israel from 1948 through 1977 **Confronting the Costs of War** addresses major issues in international relations comparative politics and Middle Eastern studies **Russia in the Middle East** Andrej Kreutz, 2006-11-30 Kreutz examines the goals and strategies of Russia and the former Soviet Union toward most of the Arab states in the Middle East The author argues that Russia has been an important actor in the region for over a century and has tried to regain its influence in several countries following its strategic retreat after the collapse of the Soviet Union in the early 1990s However according to Kreutz Moscow does not seek confrontation with the United States or with the West in general in the region Rather the Russians are interested in peace and stability in the region which is close to its borders Because of that although Moscow wants to cultivate its links with Israel it also seeks to reach a peaceful and balanced solution to the Palestinian Israel and the Arab Israeli conflicts taking Palestinian and Arab interests into account Washington can better engage Moscow as a stabilizing force in the Middle East and as a collaborator in the struggle against Islamic terrorists At the same time the United States must be cognizant of where Washington and Moscow diverge Although Russia may be too weak now to compete with the United States on a global scale it is not happy to see American or EU encroachment close to its own neighborhood If we take their weakness for granted and become blind to the possibilities for Russian alliances in the region we do so to our disadvantage This book demonstrates Russia's enduring interest and influence in the Arab Middle East **Quarterly Review of Military Literature** ,1981 *Military Review* ,1978 **Professional Journal of the United States Army** ,1981 **The Near East since the First World War** Malcolm Yapp, 2014-10-17 This clear balanced and authoritative survey of the history of the region is now fully up to date again The text contains a general regional introduction followed by a series of country by country analyses and a section which places the Near East in the international context Professor Yapp's new edition covers recent dramatic events including the end of the Cold War the Kuwait Crisis of 1990-91 and the continuing conflict in Israel as well as assessing the huge social and economic changes in the region It will be essential reading for students and scholars concerned with modern middle eastern history and politics of the middle east
