service teachers to work with those students The book brings together insights from linguistic socio cultural educational cognitive developmental perspectives of what it means for ELLs to learn both English and subject matter knowledge in English as a second language It delineates unique challenges that ELLs experience offers ELLs learning stories and suggests concrete strategies with classroom teaching examples across academic disciplines The 2nd edition broadens the scope of the 1st edition in several aspects Specifically it includes two chapters about secondary ELLs previous educational experiences in their home countries a chapter on subject matter lesson planning with ELLs in mind with teacher collaborative strategies and more principle based and field tested effective instructional and assessment strategies for working with ELLs Higher Standard Writing in English Peter Sun Ho Lee,2004-10 It is a tantalizing job to teach the bilingual students to pass the English Regents Examination and the College Writing Test because they only have 2 or 3 years of ESL background that is equivalent to the 4th grade English proficiency level in the elementary school However I have been doing it for years to train them how to write with the grammatical structure and drill them on summarizing a fiction or drama responding to a critical lens comparing two controlling ideas of any 2 passages or books and rounding up a commentary upon completion of a book or an article Higher Standard Writing in English focuses on the Eight Parts of Speech the use of tenses and the formation of simple complex and compound sentences No matter how well organized and authentic an essay is written in the test 2 or 3 major structural errors may lead to disqualification of the paper Let students recognize the standardized writing skills and command writing through the proper English language technicality framework to express whatever they want Peter S H Lee
