Snell, 1998-12-10 The Regional Novel In Britain and Ireland 1800 1990 will be of interest to literary and social historians as well as cultural critics **Austerity Britain, 1945-1951** David Kynaston, 2008-05-13 A people s history of post World War II England is a social profile that links everyday lives to period events while paying tribute to the nation s passionate dedication to its survival and rebuilding in an account that also traces the stories of such individuals as journalist Jon Arlott actress Glenda Jackson and writer Doris Lessing 10 000 first printing

The Nations of Wales M. Wynn Thomas, 2016-05-20 Opens up a period in Welsh cultural history that has been almost completely overlooked First monograph to explore Welsh history between 1890 1914 **The Victorians and English Dialect** Matthew Townend, 2024-06-24 The Victorians and English Dialect tells the story of the Victorians discovery of English dialect and of the revaluation of local language that was brought about by the new historical philology of the nineteenth century Regional dialects came to be seen not as corrupt or pernicious but rather as venerable and precious The book examines the work of the ground breaking collectors of the 1840s and 1850s who first alerted their contemporaries to the importance of local dialect and also to the perils that threatened it with extinction It traces the connection between dialect and literature in the flourishing of dialect poetry and the foregrounding of regional voices in Victorian fiction It explains how the antiquity of regional dialects cast light on the national past the Celts Anglo Saxons and Vikings and how dialect study was also at the heart of the discovery of local folklore and oral culture old words old customs old beliefs And it tells the story of the three great monuments of Victorian dialect study that marked the apogee of regional philology the 80 publications of the English Dialect Society 1873 96 an organization run by a committee of journalists and local historians in Manchester the nationwide survey of *The Existing Phonology of English Dialects* 1889 which listened in on local speech in market squares and third class railway carriages and the multi volume *English Dialect Dictionary* 1898 1905 which collected all the previous labours together and made an enduring record of Victorian dialect *Transatlantic Stowe* Denise Kohn, Sarah Meer, Emily B. that The Lord of the Rings is the second best selling novel ever written behind only A Tale of Two Cities that the Beatles are still the best selling musical group of all time and that only Shakespeare and the Bible have sold more books than Agatha Christie To put it simply no country on earth relative to its size has contributed more to the modern imagination This is a book about the success and the meaning of Britain's modern popular culture from Bond and the Beatles to heavy metal and Coronation Street from the Angry Young Men to Harry Potter from Damien Hirst to The X Factor **The Art of Uncertainty** Daniel Williams, 2024-03-07 Daniel Williams shows how in a profoundly numerical age Victorian novels imagined thought and action in the face of uncertainty *Cumulated Index to the Books*, 1999 *Annual Bibliography of British and Irish History*, 2002 *Regional Romanticism* Gerard Lee McKeever, 2024-10-22 This book tracks the rise of modern cultural regionalism across the turn of the nineteenth century Attending specifically to literature and literary culture it examines how a particular region southwest Scotland was reimagined between 1770 and 1830 Regionalisms were a vital emergent force in this period in dialogue with the local the national the transnational and the imperial In the case of southwest Scotland the literary inscription of the region was generated in a blossoming periodical press by visitors like Dorothy Wordsworth and John Keats by resident icon Robert Burns by homesick emigrants such as Allan Cunningham by adventurers colonialists and pirates looking back from within and beyond the formal limits of empire by the unprecedented success of Walter Scott and by many others navigating the opportunities presented by rapidly evolving economic environmental and infrastructural conditions *Regional Romanticism* illuminates a neglected aspect of anglophone literary history acknowledging regions and regionalism as a primary frame of reference in late eighteenth and early nineteenth century culture *Smoke in the Valley, 1948-51* David Kynaston, 2008 Continuing his groundbreaking series about post war Britain Kynaston presents a breathtaking portrait of our nation through eyewitness accounts newspapers of the time and previously unpublished diaries Drawing on the everyday experiences of people from all walks of life *Smoke in the Valley* covers the length and breadth of the country to tell its story This is an unsurpassed social history intensely evocative to those who were there and eye opening for their children and grandchildren *Subject Index of the Modern Books Acquired by the British Museum in the Years ...* British Museum, 1922 *Subject Index of Modern Books Acquired* British Library, 1922 **Subject Index of the Modern Books Acquired by the British Museum in the Years 1916-1920** British Museum. Department of Printed Books, 1922 *Markets, Market Culture and Popular Protest in Eighteenth-century Britain and Ireland* Adrian Randall, Andrew Charlesworth, 1996-01-01 This volume is concerned with markets market culture and popular protest in eighteenth century Britain and Ireland The chapters focus upon both urban and rural communities towns and cities villages and corporations colliers and tradesmen all feature in these studies since the market was ubiquitous and universal How it was managed however varied from place to place and from time to time and the process of management provides us with a major insight into the social political and economic relationships of eighteenth century Britain Some readers will see in these chapters

evidence of the heterogeneity of these relations but others will recognize that for all the apparent differences on basic issues of provisioning there was a remarkable uniformity Following an introductory chapter contributions focus on protest in relation to customary corn measures opposition to turnpikes resistance to the Cider Tax scarcity and market management in Bristol the moral economy of the English middling sort Oxford food riots and the Irish famine 1799 1801 *Ireland's Great Famine, Britain's Great Failure* William H. A. Williams, 2022-02-08 This book provides readers with a unique in depth understanding of the background to the Irish Famine and a detailed account of the crisis as well as the immediate and long term results of the catastrophe In addition to exploring the ecological and agriculture factors this work shows how cultural economic and political influences shaped British attitudes and policies When the entire potato crop failed in the fall of 1846 what began as an ecological disaster quickly became a political one Hampered by long standing prejudice and Anglo Irish tensions the British government's various attempts to deal with the humanitarian crisis were muddled by competing economic and social goals Among these was the idea that the Famine represented an opportunity to purge Ireland of fragmented land holding and potato dependency by encouraging an English type market driven agriculture Changes did occur but the government's imperial dreams eventually ran up against Irish realities *Irish Literature Since 1800* Norman Vance, 2014-06-11 This book surveys Irish writing in English over the last two centuries from Maria Edgeworth to Seamus Heaney to give the literary student and the general reader an up to date sense of its variety and vitality and to indicate some of the ways in which it has been described and discussed It begins with a brief outline of Irish history of Irish writing in Irish and Latin and of writing in English before 1800 Later chapters consider Irish romanticism Victorian Ireland W B Yeats and the Irish Literary Revival new directions in Irish writing after Joyce and the literature of contemporary Ireland north and south from 1960 to the present *The Forbidden Lands* Hal Langfur, 2006 This study concerns a pivotal but unexamined surge in frontier violence that engulfed the eastern forests of eighteenth century Brazil It focuses on social cultural and racial relations among settlers slaves and native peoples accused of cannibalism *The American Catalogue of books: or English guide to American literature, giving the full title of original works published in the United States since the year 1800* S. Low & Co. (Firm), 1856 *Ribbon Societies in Nineteenth-century Ireland and Its Diaspora* Kyle Hughes (Lecturer in British history), Donald M. MacRaild, 2018 This is the first full length study of Irish Ribbonism tracing the development of the movement from its origins in the Defender movement of the 1790s to the latter part of the century when the remnants of the Ribbon tradition found solace in a new movement the quasi constitutional affinities of the Ancient Order of Hibernians Placing Ribbonism firmly within Ireland's long tradition of collective action and protest this book shows that owing to its diversity and adaptability it shared similarities but also stood apart from the many rural redresser groups of the period and showed remarkable longevity not matched by its contemporaries The book describes the wider context of Catholic struggles for improved standing explores traditions and networks for association and it describes external impressions Drawing on rich

archives in the form of state surveillance records show trial proceedings and press reportage the book shows that Ribbonism was a sophisticated and durable underground network drawing together various strands of the rural and urban Catholic populace in Ireland and Britain Ribbon Societies in Nineteenth Century Ireland and its Diaspora is a fascinating study that demonstrates Ribbonism operated more widely than previous studies have revealed
