JG Myers

Regulation Inside Government Waste Watchers Quality Police And Sleaze Busters:

Regulation Inside Government Christopher Hood, Oliver James, George Jones, Colin Scott, Tony Travers, 1999-05-27 Regulation Inside Government analyses the army of inspectors auditors grievance chasers standard setters and other bodies overseeing contemporary public organizations Based on an unprecedented two year inside study of British government by a team of leading scholars this book provides an original analytical perspective on regulation within government The book begins by examining the size of internal government regulation to reveal a structure comparable in size to government regulation of business The book then goes on to show how internal government regulation grew in size despite the fact that public bureaucracy elsewhere were being sharply cutback Given the limitations of orthodox constitutional checks on executive government the courts and elected members of the legislature regulation inside government deserves more attention than it has hitherto received As one of the first comprehensive accounts of regulation inside government this book begins to fill the gap

Regulation Inside Government Christopher Cropper Hood, **Public Management Reform** Christopher Pollitt, Geert Bouckaert, 2004 This is a comprehensive integrated analysis of the wave of management reforms which have swept through many countries including Australia Belgium Canada Finland France Germany Italy the Netherlands New Zealand Sweden the UK the USA and the European Commission

The Regulatory State in an Age of Governance R. King, 2007-09-20 Presents an account of the regulatory state and governance This book examines both key concepts and theories and important policy domains and utilizes comparative historical and transnational perspectives It questions whether the regulatory state that has developed over the decades is an authoritarian or a liberalizing mode of governance

OECD Public Governance Reviews Public Procurement Review of the State's Employees' Social Security and Social Services Institute in Mexico OECD, 2013-11-14 Building on the 2008 OECD Principles for Enhancing Integrity in Public Procurement and good practices of similar organisations in other OECD countries the review provides a comprehensive assessment of ISSSTE s procurement strategies systems and processes

The Oxford Handbook of British Politics Matthew Flinders, Andrew Gamble, Colin Hay, Michael Kenny, 2009-07-16 The study of British politics has been reinvigorated in recent years as a generation of new scholars seeks to build upon a distinct disciplinary heritage while also exploring new empirical territory and finds much support and encouragement from previous generations in forging new grounds in relation to theory and methods It is in this context that The Oxford Handbook of British Politics has been conceived The central ambition of the Handbook is not just to illustrate both the breadth and depth of scholarship that is to be found within the field It also seeks to demonstrate the vibrancy and critical self reflection that has cultivated a much sharper and engaging and notably less insular approach to the terrain it seeks to explore and understand In this emphasis on critical engagement disciplinary evolution and a commitment to shaping rather than re stating the discipline The Oxford Handbook of British Politics is consciously distinctive In showcasing the diversity now found in the analysis of British politics

the Handbook is built upon three foundations The first principle that underpins the volume is a broad understanding of the political It covers a much broader range of topics themes and issues than would commonly be found within a book on British politics This emphasis on an inclusive approach also characterises the second principle that has shaped this collection namely diversity in relation to commissioned authors The final principle focuses on the distinctiveness of the study of British politics Each chapter seeks to reflect on what is distinctive both in terms of the empirical nature of the issue of concern and the theories and methods that have been deployed to unravel the nature and causes of the debate The result is a unique volume that draws upon the intellectual strengths of the study of British politics reflects the innate diversity and inclusiveness of the discipline isolates certain distinctive issues and then reflects on their broader international relevance and finally looks to the future by pointing towards emerging or overlooked areas of research

Administrative Law and Governance in Asia Tom Ginsburg, Albert H.Y. Chen, 2008-10-30 This book examines administrative law in Asia exploring the profound changes in the legal regimes of many Asian states that have taken place in recent years Political democratization in some countries economic change more broadly and the forces of globalization have put pressure on the developmental state model wherein bureaucrats governed in a kind of managed capitalism and public private partnerships were central In their stead a more market oriented regulatory state model seems to be emerging in many jurisdictions with emphases on transparency publicity and constrained discretion This book analyses the causes and consequences of this shift from a socio legal perspective showing clearly how decisions about the scope of administrative law and judicial review have an important effect on the shape and style of government regulation Taking a comparative approach individual chapters trace the key developments in the legal regimes of major states across Asia including China Japan Korea Malaysia Taiwan Hong Kong Indonesia Singapore the Philippines Thailand and Vietnam They demonstrate that in many cases Asian states have shifted away from traditional systems in which judges were limited in terms of their influence over social and economic policy towards regulatory models of the state involving a greater role for judges and law like processes The book also considers whether judiciaries are capable of performing the tasks they are being given and assesses the profound consequences the judicialization of governance is starting to have on state policy making in Asia

Restorative and Responsive Human Services Gale Burford, John Braithwaite, Valerie Braithwaite, 2019-03-04 In Restorative and Responsive Human Services Gale Burford John Braithwaite and Valerie Braithwaite bring together a distinguished collection providing rich lessons on how regulation in human services can proceed in empowering ways that heal and are respectful of human relationships and legal obligations The human services are in trouble combining restorative justice with responsive regulation might redeem them renewing their well intended principles Families provide glue that connects complex systems What are the challenges in scaling up relational practices that put families and primary groups at the core of health education and other social services This collection has a distinctive focus on the relational complexity of restorative practices

How do they enable more responsive ways of grappling with complexity than hierarchical and prescriptive human services? Lessons from responsive business regulation inform a re-imagining of the human services to advance wellbeing and reduce domination. Readers are challenged to re-examine the perverse incentives and contradictions buried in policies and practices. How do they undermine the capacities of families and communities to solve problems on their own terms? This book will interest those who harbor concerns about the creep of domination into the lives of vulnerable citizens. It will help policymakers and researchers to re-focus human services to fundamental outcomes at the foundation of sustainable democracies. This book is available for free in PDF format as Open Access from the individual product page at www.routledge.com. It has been made available under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license. **New Managerialism, New Welfare?** John Clarke, Sharon Gewirtz, Eugene McLaughlin, 2000-09-28. New Managerialism New Welfare is a carefully integrated textbook that explores the continuing restructuring of the state and social welfare in the United Kingdom. It combines studies of specific policy areas such as health, education, criminal justice, local government with chapters that examine cross-cutting themes and developments. The book provides a thorough and critical reflection on New Labour's vision of the past and future of social welfare and public services in the construction of a modern society.

Reforming Public Management and Governance John Halligan, 2020-05-29. This book examines the impact of several decades of public sector reform in four Westminster systems: Australia, Canada, New Zealand, and the United Kingdom. Political and managerial change has re-defined roles and relationships and how their public sectors function. Often this occurs in comparable ways because of a common administrative tradition, but choices made in different country contexts also produce divergent outcomes. In analysing the results and implications of reform, fundamental issues of and tensions in public administration and management are addressed. *Public Accountability* Michael D. Dowdle, 2006-07-06. The most comprehensive survey to date of how different organizations hold persons acting in the public interest to account. *The Oxford Handbook Public Accountability* M. A. P. Bovens, Robert E. Goodin, Thomas Schillemans, 2014-04. Drawing on the best scholars in the field from around the world, this handbook showcases conceptual and normative as well as the empirical approaches in public accountability studies. *SAGE Directions in Organization Studies* Stewart R. Clegg, 2009-09-26. SAGE has unparalleled depth in journal backlists in the field of organization studies and publishes several of the top journals in the field, including *Organization*, *Human Relations*, and *Organization Studies*. This four-volume set brings together over sixty of the key papers published in SAGE books and journals since the turn of the millennium, many of which are not easily available in traditional library holdings. Professor Stewart Clegg is widely recognised as a preeminent scholar of organization studies and, together with an international editorial board of ten renowned scholars in the field, has arranged this selection to help the reader better understand the developments in the field from different perspectives. Emphasis is placed on the history of the present of organization studies with articles that discuss contemporary issues and foreshadow further developments in the

field across popular theoretical perspectives such as discourse analysis institutional theory and complexity theory

Unlocking The Human Potential For Public Sector Performance World Public Sector Report 2005 United Nations,2006

The conditions of globalization including economic integration fiscal discipline introduction of information communications technologies and democratic governance have increasingly forced states to redefine their role in public management and to reform the public administration system However there is growing realization among decision makers that policy and institutional reform per se will not be sufficient to revitalize the public sector Major strengthening of the knowledge skills values attitudes and leadership abilities of human capital is also needed to transform the public sector particularly in developing countries and countries with economies in transition This year s report is expected to contribute to global and national debates on this topic Publisher s description

Controlling Administrative Power

Peter Cane,2016-03-31 An historical and comparative explanation of some puzzling differences between the administrative law of England the USA and Australia

Overseeing Rights in Prison

Sophie van der Valk,2025-06-20 Drawing on Ireland as its primary case study this book is an in depth critical examination of how rights protection bodies and mechanisms are experienced by those in prison in Ireland Through its analysis of the Irish experience the book considers the implementation of and challenges faced by human rights protection within the prison context and explores some of the reforms that Ireland has undertaken in this area over the past 15 years including the introduction of a new complaint system and establishment of an Office of the Inspector of Prisons Using a wealth of information gathered through interviews and surveys of participants in three male prisons the book sets out personal experiences of such mechanisms and identifies the key barriers to effective rights protection Offering a detailed presentation of the international framework for the protection of prisoners rights through oversight mechanisms and proposing methods for overcoming common barriers Overseeing Rights in Prison The Irish Experience of Human Rights Protection in Prisons will be of interest to students and scholars of criminology particularly in relation to prisons and human rights

Advances in Coach Education and Development Wayne Allison,Andrew

Abraham,Andy Cale,2016-03-31 This book highlights the latest advances in coach education and development through collaborative research co ordinated by the English Football Association the only national governing body of sport to run a coaching research programme Advances in Coach Education and Development presents the first set of studies generated by this programme that display how research has informed policy and practice within the FA Divided into three parts each investigates an aspect of this programme such as the FA s coaching education and development provision its commitment to developing the developer and how its coaches put their knowledge into practice Each chapter includes sections that examine current issues suggest considerations for other governing bodies and pose key questions including What can other governing bodies learn from the FA s programme What is the best way to capture and compare different coaching systems How can other organisations optimise success within their coach education and development programmes How can future research

continue to unpack and understand the complex role of coach educators Bringing together a unique set of studies covering every level of football from elite to grassroots this book is essential reading for any serious sports coaching student researcher or coach educator Regulatory Governance in Developing Countries Martin Minogue,Ledivina Cariño,2008-01-01 Provides a review of regulatory reforms in developing countries with a particular focus on the strengths and weaknesses of the best practice model of reform the significance of institutions of regulatory governance and the impact of post privatisation governance on development and poverty reduction agendas Discretion and the Quest for Controlled Freedom Tony Evans,Peter Hupe,2019-08-21 Looking at discretion broadly as the exercise of controlled freedom this edited volume introduces insights from a range of social sciences perspectives Traditionally discussions of discretion have drawn on legal notions of the appropriate exercise of legitimate authority specified by legislators However empirical and theoretical studies in the social sciences have extended our understanding of discretion moving us beyond a narrow legal view Contributors from a range of disciplines explore the idea of discretion and related notions of freedom and control across social and political practices and in different contexts As this complex and important topic is discussed and examined both total control and unconstrained freedom appear to be illusions *Managing for Public Service Performance* Peter Leisink,Lotte B. Andersen,Christian B. Jacobsen,Wouter Vandenabeele,2021 Through a comparative overview of public administration performance in twenty eight EU member states this book takes a critical multidisciplinary approach to address how management can make a meaningful contribution to the performance of public services
