**THE RATIONAL SEX LIFE FOR MEN** EXNER,1914 *Revival: Studies of Savages and Sex (1929)* Alfred Ernest Crawley,2018-05-08 The success of my revised edition of Mr Crawley s *The Mystic Rose* has encouraged me to bring together in the present volume some of his papers previously unpublished in book form on subjects akin to those of his great work Mr

Crawley's treatment of these problems of sexual anthropology especially on the psychological side was in the years in which he was most actively at work too uncompromisingly original to meet with general acceptance even in academic circles. But now his standpoint which can perhaps be best described as being that of a profound psychological analysis on the basis of biological common sense is beginning to be appreciated. And the following papers will be found I think to contain all those qualities which so sharply differentiate Mr. Crawley's work from that of most other students in the same fields.

*Divine Feminine* Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H. P. Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society. With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West. In England Blavatsky's earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture. *Divine Feminine* is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England. Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power. Theosophists produced arguments that became key tools in many feminist campaigns. Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere. Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement. Many of the assumptions about class, race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today.

**Spirituality, Love Relationships, Sexuality and Moral Correctness** Vladimir Živković, 2024-03-19 The book was written based on the real experiences and cognitions of the author. Many topics are covered in this book. The problems and misconceptions of contemporary spirituality are exposed. The author described the truth about God, love and the meaning of life in an unusual but simple way. The topics of men and women were touched upon in which way both sexes make mistakes and make life difficult for themselves in terms of love and sex. Constructive solutions and suggestions are given regarding modern love relationships, morality and sexuality. The book does not provide a template as many books do. This book provides guidance and highlights a wide range of possibilities and consequences that the worldly focused person does not count on or pay attention to. As soon as there is no pattern it means that the decision is yours but your decision will be correct and fruitful because of this book. We will mention only some of the topics covered in detail in this book: misconceptions of modern people
