microcosm Tatiana Safonova,Sántha István,2019-11-14 This experimental book is about the Evenki hunter gatherers of Siberia Through innovative visual methodology it reveals that despite an old stereotype of that lifestyle being part of the humanity's past it is probably in humanity's future In six chapters filled with a flow of photographs that cover such topics as shamanic rituals hunting foraging reindeer herding the application of new technologies and jade mining the authors show that hunter gathering is not a primitive way of survival but a complex and open to change philosophy of life that is embodied in everyday practices Photographs allow readers to immerse themselves in the most profound layers of human experiences and astute ethnographic and analytic summaries help them navigate the world of the taiga where people are neither conquerors of natural forces nor passive consumers of resources The book will be of interest both to social anthropologists and general readers curious about life in unfamiliar places **The Alien Reindeer's Bounty** Nancey Cummings,Starr

Huntress,2019-11-13 Mads Odessa 4EVA Except forever ended when Mads kissed Odessa bit her and then ghosted her Twelve years later he's back and looking to pick up where they left off Um no thank you Odessa has more to think about than her own heart She's now a single mom and can't afford to get involved with a man with a track record of vanishing It doesn't matter that he's haunted her dreams for years Or that when they're together she feels like she can finally breathe And it certainly doesn't matter that her traitorous body craves his touch Besides Mads hoards secrets like they're made of chocolate One he's an alien shifter Like he turns into a reindeer with antlers and everything Two that bite made them bonded mates And the third secret is the most dangerous of all How can they have a second chance at love when the sins of the past threaten to tear them apart The authors of Starr Huntress were given a challenge give readers a reindeer shifter in your holiday story We all agreed to call our shifters reilendeer and decided they bring good cheer to the world around them and then we went crazy You might notice differences about the world and abilities of the reilendeer from story to story and that's because each author has put her own spin on the challenge Now it's time to grab your eggnog cuddle up by the fire and enjoy these steamy alien shifters **The marvels of the polar world, tr. by R.
