

A photograph of a sunset over the ocean. The sky is a warm, hazy orange. The ocean is dark blue with white foam from waves crashing against a dark, rocky shore in the foreground. The text is overlaid on the upper half of the image.

The creation of a triangular relationship among government, industry, and academia was, in its own way, one of the significant innovations that helped produce the technological revolution of the late twentieth century.

Britannica, 1906 *Who Are the Jews—And Who Can We Become?* Donniel Hartman, 2023-11 2023 National Jewish Book Award Finalist in Modern Jewish Thought and Experience Who Are the Jews And Who Can We Become tackles perhaps the most urgent question facing the Jewish people today Given unprecedented denominational tribalism how can we Jews speak of ourselves in collective terms Crucially the way each of us tells our shared story is putting our collective identity at risk Donniel Hartman argues We need a new story built on Judaism s foundations and poised to inspire a majority of Jews to listen discuss and retell it This book is that story Since our beginnings Hartman explains the Jewish identity meta narrative has been a living synthesis of two competing religious covenants Genesis Judaism which defines Jewishness in terms of who one is and the group to which one belongs independent of what one does or believes and Exodus Judaism which grounds identity

in terms of one's relationship with an aspirational system of values, ideals, beliefs, commandments, and behaviors. When one narrative becomes too dominant, Jewish collective identity becomes distorted. Conversely, when Genesis and Exodus interplay, the sparks of a rich, compelling identity are found. Hartman deftly applies this Genesis-Exodus meta-narrative as a roadmap to addressing contemporary challenges, including Diaspora Jewry's eroding relationship with Israel, the othering of Israeli-Palestinians, interfaith marriage, the Israeli-Palestinian conflict, and collectively, who we Jews can become.

The Changing Law of the Employment Relationship Nicola Countouris, 2016-04-01

During the past few decades, industrialized countries have witnessed a progressive crisis of the regulatory framework sustaining the binary model of the employment relationship based on the subordinate employment-autonomous self-employment dichotomy. New atypical and hybrid working arrangements have emerged, challenging the traditional notions of divisions between autonomy and subordination. This, in turn, has strained labour law systems across industrialized countries that were previously based on the notion of dependent and subordinate employment to cast their personal scope of application. Nicola Countouris advances ideas for a new dynamic equilibrium in employment law to accommodate this evolution, providing a comparative account of the development of the employment relationship in four key European countries: the UK, Germany, France, and Italy.

Here All Along Sarah Hurwitz, 2019-09-03

A renowned political speechwriter rediscovers Judaism, finding timeless wisdom and spiritual connection in its age-old practices and traditions. Sarah Hurwitz was Michelle Obama's head speechwriter, and with this book, she becomes Judaism's speechwriter. Adam Grant, New York Times bestselling author of *Give and Take* and *Originals*, and co-author of *Option B*. After a decade as a political speechwriter, serving as head speechwriter for First Lady Michelle Obama, a senior speechwriter for President Barack Obama, and chief speechwriter for Hillary Clinton on her 2008 presidential campaign, Sarah Hurwitz decided to apply her skills as a communicator to writing a book about Judaism. And no one is more surprised than she is. Hurwitz was the quintessential lapsed Jew until, at age thirty-six, after a tough breakup, she happened upon an advertisement for an introductory class on Judaism. She attended on a whim but was blown away by what she found: beautiful rituals, helpful guidance on living an ethical life, conceptions of God beyond the judgmental bearded man in the sky, none of which she had learned in Hebrew school or during the two synagogue services she grudgingly attended each year. That class led to a years-long journey during which Hurwitz visited the offices of rabbis, attended Jewish meditation retreats, sat at the Shabbat tables of Orthodox families, and read hundreds of books about Judaism, all in dogged pursuit of answers to her biggest questions. What she found transformed her life, and she wondered: How could there be such a gap between the richness of what Judaism offers and the way so many Jews like her understand and experience it? Sarah Hurwitz is on a mission to close this gap by sharing the profound insights she discovered on everything from Jewish holidays, ethics, and prayer to Jewish conceptions of God, death, and social justice. In this entertaining and accessible book, she shows us why Judaism matters and

how its message is more relevant than ever and she inspires Jews to do the learning questioning and debating required to make this religion their own Searching for meaning in the ancient scripture and traditions of Judaism Sarah Hurwitz takes us along on an enriching journey of discovery In Here All Along she explores her birthright as a Jew and finds timeless and valuable life lessons David Axelrod director of the University of Chicago Institute of Politics and former senior advisor to President Barack Obama *Nationalism in the Era of Globalisation-Issues from Guyana and the Bahamas* Silvius E.
