Sex, Love and Money in Cambodia Heidi Hoefinger, 2013-07-04 Dealing with the complex and discomforting grey area where sex love and money collide this book highlights the general materiality of everyday sex that takes place in all relationships In doing so it draws attention to and destigmatizes the transactional elements within many normative partnerships be they transnational inter ethnic or otherwise Focusing on Cambodia and on a subculture of young women employed in the tourist bar scene referred to as professional girlfriends the book shows that the resulting transnational relationships between Cambodian women and their foreign partners are complex and multi layered It argues that the sex for cash prostitution framework is no longer an appropriate model of analysis Instead a new vocabulary of professional girlfriends and transactional sex is used with which the nuanced complexities of these transnational partnerships are analysed Interdisciplinary in nature the book inspires new understandings of gender power sex love desire political economy and materiality within everyday relationships around the globe It is a useful contribution for students and scholars of Anthropology Sociology Southeast Asian Studies Gender and Sexuality Studies and Cultural Studies

House Michael Ruhlman, 2006-03-07 Michael Ruhlman's uncanny knack for taking a wide range of subjects and making them completely his own has gained him acclaim and popularity In his latest offering he owns the subject both figuratively and literally his home House really began in 1901 when a family moved into a brand new house in Cleveland Heights full of hope for the future and pride in their stunning home But as time moved on upkeep began to wane and in the end the house went on the market And there it stayed for quite some time until the Ruhlman family decided to buy the dilapidated building With the always tedious home buying process and expensive repairs soaring into the hundreds of thousands of dollars the American Dream can seem like the American Nightmare Detailing the purchase and renovation of a single family home House explores the importance of the place we live in our yearning to establish it and the importance of the actual structure its impact on our intellectual

and spiritual lives and on the struggles of a family Packed with useful information and stories written with a storyteller's flair House is a dramatic narrative by a gifted writer who eloquently concludes that be it ever so humble a castle or a row house downtown there's truly no place like home
