Relationships And Evil:

Relationships and Evil Loren Meierding, 2000-10-23 The problem of understanding why an all powerful and wholly good and loving God could permit so much evil to occur has puzzled many Christians as well as skeptics since St Augustine grappled with the problem in the Fourth Century A D Many skeptics have found the evidence of evil sufficient to reject belief in God The author believes that this book provides a comprehensive plausible and satisfying treatment of the problem of evil consistent with the Bible and orthodox Christianity Traditionally free will and the value of character development have been the primary approaches to explaining evil Many evils are not adequately explained by either approach The book offers an approach emphasizing the value of relationships between persons If relationships are to reach the greatest depth and have the greatest value then evils are necessary The environment must provide opportunities to make sacrifices have risks and dangers and have poverty and limited resources One chapter is devoted to analyzing the argument from evil against Gods existence It shows evidence limited to evil alone is weak evidence When evidence is expanded to evidence of good as well as evil and evidence for design the evidence supports theism and weighs against naturalistic views **The Way of Love**

Prevailing Love Professor Samuel C. Obi,2022-11-04 Prevailing Love is all about what to do when everything else has failed a common reason why our world is littered with bloody issues It emphasizes the kind of love which enables individuals to forgive one another and live better lives It also shows the different kinds of secular love and their weaknesses It then points out that prevailing love is what we need to live better in this world All other kinds of love have been tried by mankind but the results have left mankind heartbroken and unhappy Much effort has not been made to learn and practice prevailing love Without God s kind of love our world and all relationships will continue to be shaky bitter and tumultuous This book is divided into seven distinct chapters Chapter 1 introduces the reader to the topic of love and a world without prevailing love the main reason we have so many local and international human disengagements hatred and wars Chapter 2 examines the limitations of secular love and explains why it cannot solve our social ills Chapter 3 introduces prevailing love its definitions and ramifications and why it is the only option that can make a real positive difference in our world Chapter 4 examines how one can develop prevailing love for dealing with personal family and societal social issues Chapter 5 examines true life examples of some individuals who have lived in prevailing love Chapter 6 discusses selected benefits of prevailing love if it is applied in our society today Chapter 7 is designed to help people who do not have a personal relationship with God to be born again

Divine Holiness and Divine Action Mark C. Murphy,2021-02-18 Holiness is the attribute most emphatically ascribed to God in Scripture but there has been little attention devoted to characterizing and considering the entailments of divine holiness In *Divine Holiness and Divine Action* Mark C Murphy defends an account of holiness indebted to Rudolf Otto s description of the experience of the holy as that of a *mysterium tremendum et fascinans* God s being holy consists in God s being someone with whom intimate union is both extremely desirable for us and yet something for which we and indeed any limited beings are unfit This notion of divine holiness is useful for addressing disputed theological questions regarding divine action In contrast to standard accounts of divine action that begin with assumptions regarding God s moral perfection or God s maximal love the appeal to divine holiness supports a rival framework for explaining and predicting divine action the holiness framework

according to which God is motivated to act in ways that are a response to God's own value by keeping distance from that which is deficient defective or in any way limited in goodness This study exhibits the fruitfulness of a reorientation from the morality and love frameworks to the holiness framework by showing how such a reorientation suggests distinct approaches to perennial problems of divine action regarding creation incarnation atonement and salvation From the treatment of these perennial problems a general theme regarding divine action emerges that God's interaction with the world exhibits a radical sort of humility

What is Love Al Konda, 2023-02-28 Have you ever felt an inner anger caused by something often superficial observed in the behavior of your partner Have you ever made your loved one jealous Jealousy is the worst thing in a love relationship In love there can be no jealousy and if you are jealous it means that you don't really love I'm sure you've come across the above statements and some of you have even experienced the feeling of jealousy Many become confused and don't know how to react when they feel jealous which causes them to further demonize the feeling of jealousy in their minds In this book *The Utility of Jealousy* I have demystified both jealousy and love and explained both so that they can be easily understood and integrated into a harmonious and trusting love relationship

A Nonviolent Theology of Love Sharon L. Baker Putt, 2021-02-02 The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God's desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance **Transforming Love** Stormie Omartian, 2018-10-02 To Be Transformed by Love That Is God's Desire for You The greatest commandment is to love God with all your being but how do

Calvin K. Tillson Preddie, 2011-10-22 Our Sun is 26 000 light years away from the center of the Milky Way Galaxy and when we consider the size of the Milky Way Galaxy and view the relative size of the planets it puts the Earth into true perspective However it also magnifies Who What or Which Presence or Force's was were in the Beginning which is responsible for all the celestial bodies and all life of any kind in this and or any other universe This book is really about one individual's faith that whoever whatever or whichever was in the Beginning is of a Divine Nature to which he has assigned the term God It is about a Divinity that transcends the limited God as discussed in Romans 1 which was made to resemble the corruptible man which displeased God and lead to unseemly punishment for humans It is about faith in God of our and every universe The author believed then and more so now that everything that happened was exactly as God wished it to be He contends that events were used to encourage man to be innovative curious loving caring and also the opposites of all these characteristics and others so that progress of civilization could be accomplished which would lead to an eventual better human to populate the world of the future and perhaps to live in harmony with other life forms from other stellar bodies The book is about a God that members of all religions could believe in and which could be viewed satisfactorily even by some disbelievers This is the author's second non-fiction work

The Many Facets of Love Thomas Jay Oord, 2009-03-26 Poets theologians romantics scientists and revolutionaries alike have explored the many facets of love Judging by the wide use of the word love and the high praise it typically receives we might think that philosophers have thoroughly analyzed love But this is not the case This book takes a step toward rectifying the

neglect of a philosophical analysis of love It brings together fifteen philosophical perspectives that explore some of love s most important facets Most of the essays have theistic or religious concerns in mind **Forgive** Timothy Keller,2023-11-07 Pastor and New York Times bestselling author Timothy Keller outlines the reasons why forgiveness has to be a central part of everyone s lives To err is human to forgive divine has long been aspirational But our complicated modern world has questioned the benefits of forgiveness Timothy Keller passionately defends the central role forgiveness has to play in our lives and shows readers how and why forgiveness is the only way forward in an imperfect world Forgiving anyone in a meaningful way is one of the hardest things a person can do If you do not forgive resentment and vengeance consume you It is impossible to move past transgression without forgiveness but few people have the resources and the tools to forgive others fully and move on with their lives Forgiveness is an essential skill a moral imperative and a religious belief that cuts right to the core of what it means to be human In *Forgive* Timothy Keller shows readers why it is so important and how to do it explaining in detail the steps you need to take in order to move on without sacrificing either justice or your humanity

Love & Light Clayton Tylor,2017-05-20 This book examines Swedenborg s spiritual experiences of Heaven and Hell from an esoteric perspective as a feeling the language of angels and spirits To perceive this spiritual feeling begins the regeneration process that develops an inner perception of celestial love as spiritual light When we can perceive love and light as a feeling as it expresses through our physical senses we can start to affect our own psycho spiritual development to evolve from a sensual to a spiritual feeling of conjugal love As we examine love and light as a spiritual feeling through heaven and hell we too begin to experience a deeper spiritual awareness which can initiate a personal communication with the Divine as a Conjugal Love experience With creative self expression as our goal we can take regeneration into our own hands to speed up our own evolution while we transmute the forces that block the spiritual feeling of the Brotherhood of Mankind and thereby together manifest the feeling of Heaven on Earth *Imagining Arcadia in Renaissance Romance* Marsha S. Collins,2016-03-22 From Theocritus Idylls to James Cameron s Avatar Arcadia remains an enduring presence in world culture and a persistent source of creative inspiration Why does Arcadia still exercise such a powerful pull on the imagination This book responds by arguing that in sixteenth century Europe a dramatic shift took place in imagining Arcadia The traditional visions of Arcadia collided and fused with romance the new experimental form of prose fiction producing a hybrid dynamic world of change and transformation Emphasizing matters of fictional function and world making over generic classification *Imagining Arcadia in Renaissance Romance* analyzes the role of romance as a catalyst in remaking Arcadia in five canonical sixteenth century texts Sannazaro s Arcadia Montemayor s La Diana Cervantes La Galatea Sidney s Arcadia and Lope de Vega s Arcadia Collins analyses of the re imagined Arcadia in these works elucidate the interplay between timely incursions into the fictional world and the timelessness of art highlighting issues of freedom identity formation subjectivity and self fashioning the intersection of public and private activity and the fascination with mortality This book addresses the under

representation of Spanish literature in Early Modern literary histories especially regarding the rich Spanish contribution to the pastoral and to idealizing fiction in the West Companion chapters on Cervantes and Sidney add to the growing field of Anglo Spanish comparative literary studies while the book's comparative and transnational approach extends discussion of the pastoral beyond the boundaries of national literary traditions This book's innovative approach to these fictional worlds sheds new light on Arcadia's enduring presence in the collective imagination today
