Un error que todavía le persigue hasta el día de hoy. Sin saberlo, el hijo del hombre muerto es ahora el mejor cantinero de su club nocturno y está decidido a vengarse. Podrá Sean descubrir la verdad antes de su propia muerte? Prepárate para un viaje entretenido y salvaje. Una novela oscura, divertida, cautivadora. Magic Mike mezclado con Breaking Bad. Relatos de un bar. La Historia de un Cantinero Vol. 1 es una deliciosa micacomedia dramática con tintes eróticos protagonizada por Sean Collins, un contador convertido en cantinero. Experimenta la decadencia a través de los ojos de un antiguo miembro de la industria sin la culpa sin las resacas y sobre todo sin el peligro del lector. Se recomienda la indiscreción del lector.

**Transculturation**, 2016-08-01 Transculturation: Cities, Spaces and Architectures in Latin America explores the critical potential inherent in the notion of transculturation in order to understand contemporary architectural practices and their cultural realities in Latin America. Despite its enormous theoretical potential and its importance within Latin American cultural theory, the term transculturation had never permeated into architectural debates. In fact, none of the main architectural theories produced in and about Latin America during the second half of the twentieth century engaged seriously with this notion as a way to analyze the complex social, cultural and political circumstances that affect the development of the continent's cities, its urban spaces and its architectures. Therefore, this book demonstrates for the first time that the term transculturation is an invaluable tool in dismantling the essentialist, genealogical and hierarchical perspectives from which Latin American architectural practices have been viewed. Transculturation: Cities, Spaces and Architectures in Latin America introduces new readings and interpretations of the work of well-known architects, new analyses regarding the use of architectural materials and languages, new questions to do with minority architectures, gender and travel, and from beginning to end it engages with important political and theoretical debates that have rarely been broached within Latin American architectural circles.

**A Companion to Pedro Almodóvar** Marvin D'Lugo, Kathleen M. Vernon, 2013-04-22 A Companion to Pedro Almodóvar. Marvin D'Lugo and Kathleen M. Vernon give us the ideal companion to Pedro Almodóvar's films. Established and emerging writers offer a rainbow of insights for fans as well as academics. Jerry W. Carlson, Professor of Film Studies, The City College Graduate Center, CUNY. Rarely has a contemporary film artist been treated to the kind of broad, rich discussion of their work that can be found in A Companion to Pedro Almodóvar. Richard Pea, Professor of Film Studies, Columbia University. Once the enfant terrible of Spain's youth culture explosion, the Movida, Pedro Almodóvar's distinctive film style and career longevity have made him one of the most successful and internationally known filmmakers of his generation. Offering a state-of-the-art appraisal of Almodóvar's cinema, this original collection is a searching analysis of his technique and cultural significance that includes work by leading authorities on Almodóvar as well as talented young scholars. Crucially included here are contributions by film historians from Almodóvar's native Spain where he has been

undervalued by the academic and critical establishment With a balance between textual and contextual approaches the book expands the scope of previous work on the director to explore his fruitful collaborations with fellow professionals in the areas of art design fashion and music as well as the growing reach of a global Almodóvar brand beyond Europe and the United States to Latin America and Asia It also proposes a reevaluation of the political meanings and engagement of his cinema from the perspective of the profound cultural and historical upheavals that have transformed Spain since the 1970s
