Resources in Education ,2001-04

Second-Generation Memory and Contemporary Children's Literature Anastasia Ulanowicz,2013-09-02 Winner of the

Children's Literature Association Book Award This book visits a range of textual forms including diary novel and picturebook to explore the relationship between second generation memory and contemporary children's literature Ulanowicz argues that second generation memory informed by intimate family relationships textual mediation and technology is characterized by vicarious rather than direct experience of the past As such children's literature is particularly well suited to the representation of second generation memory insofar as children's fiction is particularly invested in the transmission and reproduction of cultural memory and its form promotes the formation of various complex intergenerational relationships Further children's books that depict second generation memory have the potential to challenge conventional Western notions of selfhood and ethics This study shows how novels such as Lois Lowry's *The Giver* 1993 and Judy Blume's *Starring Sally J. Freedman as Herself* 1977 both of which feature protagonists who adapt their elders' memories into their own mnemonic repertoires implicitly reject Cartesian notions of the unified subject in favor of a view of identity as always already social relational and dynamic in character This book not only questions how and why second generation memory is represented in books for young people but whether such representations of memory might be considered radical or conservative Together these analyses address a topic that has not been explored fully within the fields of children's literature trauma and memory studies and Holocaust studies

Adapting Canonical Texts in Children's Literature Anja Müller, 2013-02-14

Adaptations of canonical texts have played an important role throughout the history of children's literature and have been seen as an active and vital contributing force in establishing a common ground for intercultural communication across generations and borders This collection analyses different examples of adapting canonical texts in or for children's literature encompassing adaptations of English classics for children and young adult readers and intercultural adaptations of children's classics across Europe The international contributors assess both historical and transcultural adaptation in relation to historically and regionally contingent concepts of childhood By assessing how texts move across age specific or national borders they examine the traces of a common literary and cultural heritage in European children's literature

The Making of Modern Children's Literature in Britain Lucy Pearson, 2016-03-03 Lucy Pearson's lively and engaging book examines British children's literature during the period widely regarded as a second golden age Drawing extensively on archival material Pearson investigates the practical and ideological factors that shaped ideas of good children's literature in Britain with particular attention to children's book publishing Pearson begins with a critical overview of the discourse surrounding children's literature during the 1960s and 1970s summarizing the main critical debates in the context of the broader social conversation that took place around children and childhood The contributions of publishing houses large and small to changing ideas about children's literature become apparent as Pearson explores the careers of two enormously influential children's editors Kaye Webb of Puffin Books and Aidan Chambers of Topliner Macmillan Brilliant as an innovator of highly successful marketing strategies Webb played a key role in defining what were in her words the best in children's books while

Chambers work as an editor and critic illustrates the pioneering nature of children's publishing during this period Pearson shows that social investment was a central factor in the formation of this golden age and identifies its legacies in the modern publishing industry both positive and negative

The Dime Novel in Children's Literature Vicki Anderson, 2004-11-23

With their rakish characters sensationalist plots improbable adventures and objectionable language like swell and golly dime novels in their heyday were widely considered a threat to the morals of impressionable youth Roundly criticized by church leaders and educators of the time these short quick moving pocket sized publications were also inevitably wildly popular with readers of all ages This work looks at the evolution of the dime novel and at the authors publishers illustrators and subject matter of the genre Also discussed are related types of children's literature such as story papers chapbooks broadsides serial books pulp magazines comic books and today's paperback books The author shows how these works reveal much about early American life and thought and how they reflect cultural nationalism through their ideological teachings in personal morality and ethics humanitarian reform and political thought Overall this book is a thoughtful consideration of the dime novel's contribution to the genre of children's literature Eight appendices provide a wealth of information offering an annotated bibliography of dime novels and listing series books story paper periodicals characters authors and their pseudonyms and more A reference section index and illustrations are all included

Graphic Novels for Children and Young Adults Michelle Ann Abate, Gwen Athene Tarbox, 2017-04-27

With contributions by Eti Berland Rebecca A Brown Christiane Buuck Joanna C Davis McElligatt Rachel Dean Ruzicka Karly Marie Grice Mary Beth Hines Krystal Howard Aaron Kashtan Michael L Kersulov Catherine Kyle David E Low Anuja Madan Meghann Meeusen Rachel L Rickard Rebellino Rebecca Rupert Cathy Ryan Joe Sutliff Sanders Joseph Michael Sommers Marni Stanley Gwen Athene Tarbox Sarah Thaller Annette Wannamaker and Lance Weldy One of the most significant transformations in literature for children and young adults during the last twenty years has been the resurgence of comics Educators and librarians extol the benefits of comics reading and increasingly children's and YA comics and comics hybrids have won major prizes including the Printz Award and the National Book Award Despite the popularity and influence of children's and YA graphic novels the genre has not received adequate scholarly attention *Graphic Novels for Children and Young Adults* is the first book to offer a critical examination of children's and YA comics The anthology is divided into five sections structure and narration transmedia pedagogy gender and sexuality and identity that reflect crucial issues and recurring topics in comics scholarship during the twenty first century The contributors are likewise drawn from a diverse array of disciplines English education library science and fine arts Collectively they analyze a variety of contemporary comics including such highly popular series as *Diary of a Wimpy Kid* and *Lumberjanes* Eisner award winning graphic novels by Gene Luen Yang Nate Powell Mariko Tamaki and Jillian Tamaki as well as volumes frequently challenged for use in secondary classrooms such as Raina Telgemeier's *Drama* and Sherman Alexie's *The Absolutely True Diary of a Part Time Indian*

The Oxford Companion to Children's Literature Daniel Hahn, 2015-03-26

The last thirty years have witnessed

one of the most fertile periods in the history of children's books the flowering of imaginative illustration and writing the Harry Potter phenomenon the rise of young adult and crossover fiction and books that tackle extraordinarily difficult subjects The Oxford Companion to Children's Literature provides an indispensable and fascinating reference guide to the world of children's literature Its 3 500 entries cover every genre from fairy tales to chapbooks school stories to science fiction comics to children's hymns Originally published in 1983 the Companion has been comprehensively revised and updated by Daniel Hahn Over 900 new entries bring the book right up to date A whole generation of new authors and illustrators are showcased with books like Dogger The Hunger Games and Twilight making their first appearance There are articles on developments such as manga fan fiction and non print publishing and there is additional information on prizes and prizewinners This accessible A to Z is the first place to look for information about the authors illustrators printers publishers educationalists and others who have influenced the development of children's literature as well as the stories and characters at their centre Written both to entertain and to instruct the highly acclaimed Oxford Companion to Children's Literature is a reference work that no one interested in the world of children's books should be without

Handbook of Research on Children's and Young Adult Literature Shelby Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27 This multidisciplinary handbook pulls together in one volume the research on children's and young adult literature which is currently scattered

across three intersecting disciplines education English and library and information science **The Early Reader in Children's Literature and Culture** Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children's texts that have been translated and sold around the globe examining them as part of an increasingly transnational children's media culture that may add to or supplant regional ethnic and national children's literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits

and development of children across the globe **Literary Cultures and Twenty-First-Century Childhoods** Nathalie op de Beeck, 2020-08-05 In the early decades of the twenty first century we are grappling with the legacies of past centuries and their cascading effects upon children and all people We realize anew how imperialism globalization industrialization and revolution continue to reshape our world and that of new generations At a volatile moment this collection asks how twenty first century literature and related media represent and shape the contemporary child childhood and youth Because literary representations construct ideal childhoods as well as model the rights privileges and respect afforded to actual young people this collection surveys examples from popular culture and from scholarly practice Chapters investigate the human rights of children in literature and international policy the potential subjective agency and power of the child the role models proposed for young people the diverse identities children embody and encounter and the environmental well being of future human and nonhuman generations As a snapshot of our developing historical moment this collection identifies emergent trends considers theories and critiques of childhood and literature and observes how new technologies and paradigms are destabilizing past conventions of storytelling and lived experience Crossover Picturebooks Sandra L. Beckett, 2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature examining an international corpus of picturebooks including artists books wordless picturebooks and celebrity picturebooks that appeal to readers of all ages Focusing on contemporary picturebooks Sandra Beckett shows that the picturebook has traditionally been seen as a children s genre but in the eyes of many authors illustrators and publishers it is a narrative form that can address any and all age groups Innovative graphics and formats as well as the creative often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children s books The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre Crossover picturebooks are often very complex texts that are challenging for adults as well as children Many are characterized by difficult adult themes genre blending metafictional discourse intertextuality sophisticated graphics and complex text image interplay Exciting experiments with new formats and techniques as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres one that seems to know no boundaries Crossover Picturebooks is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children s literature as a whole

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Releasing Children To Literature Revised Edition eBooks, including some popular titles.

FAQs About Releasing Children To Literature Revised Edition Books

What is a Releasing Children To Literature Revised Edition PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Releasing Children To Literature Revised Edition PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Releasing Children To Literature Revised Edition PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Releasing Children To Literature Revised Edition PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Releasing Children To Literature Revised Edition PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
