**The Religio-Medical Masquerade: A Complete Exposure of Christian Science** Frederick William Peabody, 2019-12-06 In *The Religio Medical Masquerade A Complete Exposure of Christian Science* Frederick William Peabody meticulously dissects the intersection of religion and medicine within the framework of Christian Science Written in a clear persuasive style Peabody employs rigorous argumentation and a plethora of contemporary medical and theological sources to expose what he perceives as deceptive practices masked as spiritual healing The book situates itself within the critical discourse of the late 19th and early 20th centuries a time marked by fervent debates over the validity of alternative healing practices amid burgeoning scientific advancements Frederick William Peabody a well educated individual in both medicine and theology draws on his diverse experiences in advocating for a clearer understanding of faith based healing His background as a physician and a scholar equips him with the necessary tools to scrutinize the claims of Christian Science which he sees as undermining both medical science and authentic religious practice Peabody s personal convictions and commitment to conventional medical ethics inform his passionate critique of what he views as a harmful fusion of spirituality and pseudoscience *The Religio Medical Masquerade* is an essential read for those interested in understanding the complexities of faith healing the limits of medical science and the ethical implications intertwined with religious beliefs Peabody s incisive arguments challenge readers to critically evaluate the narratives surrounding health and spirituality making this work a valuable resource for both scholars and practitioners in the fields of medicine theology and ethics      [The Religio-Medical Masquerade](#) Frederick William Peabody, 2017-10-12 Excerpt from *The Religio Medical Masquerade A*

Complete Exposure of Christian Science The founder of this pretended religion this bogus healing system audaciously and irreligiously pro fessing equality of character and of power with Jesus has throughout her whole long life been in every particular precisely antithetical to Christ Sordid mercenary unprincipled the consuming passion of her life has been the accumulation of money and she has stopped at no falsehood no fraud and no greater wickedness that seemed to put her in the way of adding to her accumulations or overcoming her supposed enemies Jesus condemned nothing so forcefully as the mercenary spirit With a whip he scourged the money changers from the Temple and in language that burned as aming fire he denounced the hypo crites and liars of his time as like unto whited sepulchers that are indeed beautiful outward but within are full of dead men s bones and all un cleanness If the language of this book seem severe if its denunciations are emphatic if things are called by their right names and facts handled without the least equivocation if contrasts are drawn between the founder of Christianity and the founder of Christian Science that seem to border upon the irreverent let it not be assumed that there is in the heart of the author the slightest particle of personal animosity or in his attitude toward real Christianity and Christ anything but the most complete reverence About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The Religio-Medical Masquerade** Frederick W. Peabody,2014-04-30 The author who has been engaged in a number of law suits against Mrs Eddy denounces this founder of a religious sect and her cult in scathing language and unmeasured terms and presents documentary and other evidence that her claims concerning her inspiration and her power of healing are false that she has promulgated her method and religion for revenue only and that her tenets are dangerous He is unsparing in his condemnation of Mrs Eddy and her tools and helpers The book is of interest to all thinking men and women who desire to inform themselves on the reasons for the strange fascination which this woman and her teachings exert on so many well educated and mentally otherwise well balanced persons The American Journal of Clinical Medicine Volume 18 1911 This contribution in a very bitter tone to the

controversial literature of Christian Science is interesting as coming from a lawyer of standing who has been engaged in several suits involving Mrs Eddy and other various members of her sect and thus made acquaintance with vast amounts of sworn testimony and read many unpublished letters His conclusions are uncompromisingly stated and he refuses to be ranked with the weak minded who think there must be something in it He asserts the inventor to be mercenary insincere shameless and bold to a degree surpassing that of all other persons who have duped mankind Upon theft and falsehood she has laid the foundations of the religion by which she has accumulated a fortune He is not content with assertions he quotes chapter and verse as in the accounts of the death of Mrs Eddy s coachman who expired in her house of a disease of which he had been completely cured and of the end of her English show convert the Earl of Dunmore The latter had been healed after being told by an eminent London surgeon that his disorder was incurable So he sat on the platform and testified and wrote articles etc the only misfortune in the case being his death of the very disease of which he had been cured Mr Peabody s final conclusion is that except the honestly deluded the whole lot are in a skin game together The American Journal of the Medical Sciences Volume 141 1911 There is absolutely no middle ground Either Mr Peabody is the most shameless of calumniators or Mrs Eddy is the basest of charlatans Mr Peabody expresses an eager readiness to have this question submitted to any test His charges run the whole gamut from attempted murder to accomplished theft with endless lying scattered all along in between They are not vague but definite and every one of them can be settled as true or untrue Why do the Eddyites wait The courts are open and until Mr Peabody is a convicted slanderer no sane or decent person man or woman can afford to give any countenance to Christian Science The New York Times
