The religio-medical masquerade : a complete exposure of Christian Science by F. W. Peabody Frederick W. Peabody, 1910 **The American Journal of Clinical Medicine** , 1911 **Index-catalogue of the Library of the Surgeon General's Office, United States Army (Army Medical Library)** Army Medical Library (U.S.), 1938 **New Church Review** , 1911 Index Medicus , 1916 **Index-catalogue of the Library of the Surgeon-General's Office, United States Army** National Library of Medicine (U.S.), 1929 The Religio-Medical Masquerade Frederick W. Peabody, 2014-04-30 The author who has been engaged in a number of law suits against Mrs Eddy denounces this founder of a religious sect and her cult in scathing language and

unmeasured terms and presents documentary and other evidence that her claims concerning her inspiration and her power of healing are false that she has promulgated her method and religion for revenue only and that her tenets are dangerous He is unsparing in his condemnation of Mrs Eddy and her tools and helpers The book is of interest to all thinking men and women who desire to inform themselves on the reasons for the strange fascination which this woman and her teachings exert on so many well educated and mentally otherwise well balanced persons The American Journal of Clinical Medicine Volume 18 1911 This contribution in a very bitter tone to the controversial literature of Christian Science is interesting as coming from a lawyer of standing who has been engaged in several suits involving Mrs Eddy and other various members of her sect and thus made acquaintance with vast amounts of sworn testimony and read many unpublished letters His conclusions are uncompromisingly stated and he refuses to be ranked with the weak minded who think there must be something in it He asserts the inventor to be mercenary insincere shameless and bold to a degree surpassing that of all other persons who have duped mankind Upon theft and falsehood she has laid the foundations of the religion by which she has accumulated a fortune He is not content with assertions he quotes chapter and verse as in the accounts of the death of Mrs Eddy s coachman who expired in her house of a disease of which he had been completely cured and of the end of her English show convert the Earl of Dunmore The latter had been healed after being told by an eminent London surgeon that his disorder was incurable So he sat on the platform and testified and wrote articles etc the only misfortune in the case being his death of the very disease of which he had been cured Mr Peabody s final conclusion is that except the honestly deluded the whole lot are in a skin game together The American Journal of the Medical Sciences Volume 141 1911 There is absolutely no middle ground Either Mr Peabody is the most shameless of calumniators or Mrs Eddy is the basest of charlatans Mr Peabody expresses an eager readiness to have this question submitted to any test His charges run the whole gamut from attempted murder to accomplished theft with endless lying scattered all along in between They are not vague but definite and every one of them can be settled as true or untrue Why do the Eddyites wait The courts are open and until Mr Peabody is a convicted slanderer no sane or decent person man or woman can afford to give any countenance to Christian Science The New York Times

The Lancet ,1910 **Prayers in Stone** Paul Eli Ivey,1999 The classical revival style of architecture made famous by the 1893 World s Columbian Exposition in Chicago left its mark on one of the most sustained classical building movements in American architectural history the Christian Science church building movement By 1920 every major American city and many smaller towns contained an example of this architecture financed by the followers of Mary Baker Eddy the church s founder These buildings represented a new burgeoning American institution that appealed to business people and to young men and women working to succeed Characterized by middle class congregations that in the early part of the century were over 75 percent women Christian Science suggested radical civic reform solutions based on an idealistic and pragmatic individualism It attracted criticism from traditional churches and from the medical establishment due to its rapid growth and

to its reinstatement of primitive Christianity's lost elements of physical healing and moral regeneration. Prayers in Stone spins out the close connections between Christian Science church architecture and its social context. This architecture served as a focal point for debates over the possibilities for a new twentieth century urban architecture that proponents believed would positively shape the behavior of citizens. Thus these buildings played a critical role in discussions concerning religious and secular architecture as major elements of religious and social reform. Drawing on a wide range of documentary evidence including material from the archives of the Mother Church in Boston, Paul Ivey uses Christian Science architecture to explore the social implications of architectural styles and new building technologies to illuminate class based notions of civic reform and beautification and to investigate the use of architecture to bring about religious and social change. In addition, the book explores complex gender issues including early attempts to define a professional space for women as Christian Science practitioners. Lavishly illustrated, Prayers in Stone focuses on four major city arenas of Christian Science building: Boston, Chicago, New York, and the San Francisco Bay area, to demonstrate the vital intersection of architecture and religion at the so-called margins of American society.
