Religion Across Borders Transnational Immigrant Networks:

Religion Across Borders Helen Rose Fuchs Ebaugh, Janet Saltzman Chafetz, 2002 Religion Across Borders examines both personal and organizational networks that exist between members in U S immigrant religious communities and individuals and religious institutions left behind Building upon Religion and the New Immigrants 2000 their previous study of im

Home Across Borders Jagath Bandara Pathirage, 2024-10-08 This book studies how transnational migrants create a sense of home in their host countries It draws on case studies of Sri Lankan migrants living in Australia to argue that home is an existential experience rather than a fixed entity The author looks at how the sense of home arises as a fresh category which is critical in defining one's existentiality in the host society Going beyond the conventional methodological approach of an ethnographer objectivizing others sense of home into fixed categories the book attempts to foreground the immigrant's articulation of home which evolves parallel to their being It reveals how three important aspects of our lives time space and memory intersect with the trajectories of migration The author also delves into the ways in which migrants engage in building a home as a way of creating materiality in their dwelling practice Unique and compelling the book will be highly useful in studies of diaspora globalisation and transnational migration It will be of interest to students researchers and scholars of anthropology migration and transnational studies as well as sociology and other related disciplines *Global Religious Movements Across Borders* Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing among proselytic faiths to mass migration through religious diasporas religion has traveled from one side of the world and back again It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence spread and creation of a transnational civil society Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries service movements this book focuses on how religious movements establish structures to assist people with basic human needs such as food clothing shelter education and health Examining a multitude of faith traditions with origins in different parts of the world seven contributing chapters with an introduction and conclusions by the senior author offer a unique discussion of the intersections between religious transnationalism and social movements

Intersections of Religion and Migration Jennifer B. Saunders, Elena Fiddian-Qasbiyeh, Susanna Snyder, 2016-09-28 This innovative volume introduces readers to a variety of disciplinary and methodological approaches used to examine the intersections of religion and migration A range of leading figures in this field consider the roles of religion throughout various types of migration including forced voluntary and economic They discuss examples of migrations at all levels from local to global and critically examine case studies from various regional contexts across the globe The book grapples with the linkages and feedback between religion and migration exploring immigrant congregations activism among and between religious groups and innovations in religious thought in light of migration experiences among other themes The contributors demonstrate that religion is an important factor in migration studies and that attention to the intersection

between religion and migration augments and enriches our understandings of religion Ultimately this volume provides a crucial survey of a burgeoning cross disciplinary interreligious and global area of study

Network Governance of Global Religions Michel S. Laguerre, 2012-03-28 This study seeks to explain three models of network governance embedded in digital practices that the mainstream monotheistic religions Judaism Catholic Christianity and Islam have used to lead and manage the worldwide distribution of their local nodes exploring the connection between network governance and its digital embeddedness and showing how the latter enhances the performance of the former

The New Jewish Diaspora Zvi Gitelman, 2016-07-27 In 1900 over five million Jews lived in the Russian empire today there are four times as many Russian speaking Jews residing outside the former Soviet Union than there are in that region The New Jewish Diaspora is the first English language study of the Russian speaking Jewish diaspora This migration has made deep marks on the social cultural and political terrain of many countries in particular the United States Israel and Germany The contributors examine the varied ways these immigrants have adapted to new environments while identifying the common cultural bonds that continue to unite them Assembling an international array of experts on the Soviet and post Soviet Jewish diaspora the book makes room for a wide range of scholarly approaches allowing readers to appreciate the significance of this migration from many different angles Some chapters offer data driven analyses that seek to quantify the impact Russian speaking Jewish populations are making in their adoptive countries and their adaptations there Others take a more ethnographic approach using interviews and observations to determine how these immigrants integrate their old traditions and affiliations into their new identities Further chapters examine how despite the oceans separating them members of this diaspora form imagined communities within cyberspace and through literature enabling them to keep their shared culture alive Above all the scholars in The New Jewish Diaspora place the migration of Russian speaking Jews in its historical and social contexts showing where it fits within the larger historic saga of the Jewish diaspora exploring its dynamic engagement with the contemporary world and pointing to future paths these immigrants and their descendants might follow

Citizenship and Immigrant Incorporation G. Yurdakul, 2016-04-30 The contributions in this volume consider the question of migrant agency how Western societies are both transforming migrants and being transformed by them It is informed by debates on the new transnational mobility the immigration of Muslims the increasing importance of human rights law and the critical attention paid to women migrants

Handbook of Religion and Social Institutions Helen Rose Ebaugh, 2007-10-23 Handbook for Religion and Social Institutions is written for sociologists who study a variety of sub disciplines and are interested in recent studies and theoretical approaches that relate religious variables to their particular area of interest The handbook focuses on several major themes Social Institutions such as Politics Economics Education Health and Social Welfare Family and the Life Cycle Inequality Social Control Culture Religion as a Social Institution and in a Global Perspective This handbook will be of interest to social scientists including sociologists anthropologists political scientists and other researchers whose study

brings them in contact with the study of religion and its impact on social institutions Migration and Religion Magdalena Nordin, Jonas Otterbeck, 2023-06-16 This open access book introduces research on migration and religion with the focus on migration to western European countries from the 1950s and onwards The book is an in depth presentation of the main research trends as to methods theories and empirical zones on migration and religion In a unique way the book brings together research about the topic aligning it with the experiences and urgencies of migrants The first part of three introduces key concepts and presents main research trends over time The second part deals with the processes of establishment on an individual level as well as on a group and society level The third and final part focuses on religious change in relation to religious ideas and habits It further highlights religious creativity The third part finishes with a discussion about challenges to research and what we still do not know enough about **Annual Review of the Sociology**

of Religion. Volume 14 (2023) ,2024-03-04 This volume of the Annual Review for the Sociology of Religion addresses the challenges of the diversity and complexity of sociological approaches to Asian forms and dynamics of Asian or Asian inspired ascetic ideas and practices Eleven papers written by scholars conducting researches in different geographic and cultural contexts all contribute to enrich discussion on the relevance of sociological studies of Yoga meditation and other ascetic techniques and traditions Contributors are Zuzana B rtov Lo c Bawidamann J rn Borup Sally SJ Brown Ugo Dess Marianne Qvortrup Fibiger Marc Lebranchu Patrick S D McCartney Lionel Obadia Matteo Di Placido Alexandros Sakellariou Jo o Paulo P Silveira and Rafael Walthert *Religion, Migration and Business* María Villares-Varela, Olivia Sheringham, 2020-10-07 This book critically interrogates the role of religious faith in the experiences and practices of migrant entrepreneurs against the backdrop of neoliberal Britain Focussing on Pentecostalism a popular Christian denomination amongst migrant groups in the UK the authors draw on primary qualitative data to examine the ways in which Pentecostal beliefs and values influence the aspirations and practices of migrant entrepreneurs The book also explores the role of Pentecostal churches in supporting entrepreneurial activities among migrant communities arguing that these institutions simultaneously comply and contest the formation of neoliberal subjectivities providing cultural legitimacy to the entrepreneurial subject whilst also contesting the community erosion of neoliberalism particularly in an austerity context and fostering a strong a sense of belonging among congregants The book offers an interdisciplinary perspective spanning sociology geography and entrepreneurship studies to explain how values and faith networks shape everyday life work and entrepreneurial practices **The Wiley Blackwell**

Religion on the Edge Courtney Bender, 2013 The thirteen essays in this volume offer a challenge to conventional scholarly approaches to the sociology of religion They urge readers to look beyond congregational settings beyond the United States and to religions other than Christianity and encourage critical engagement with religion's complex social consequences By expanding conceptual categories the essays reveal how aspects of the religious have always been part of allegedly non religious spaces and show how by attending to these intellectual blindspots we can understand aspects of identity modernity and institutional life that have long been obscured Religion on the Edge addresses a number of critical questions What is revealed about the self pluralism or modernity when we look outside the U S or outside Christian settings What do we learn about how and where the religious is actually at work and what its role is when we unpack the assumptions about it embedded in the categories we use Religion on the Edge offers groundbreaking new methodologies and models bringing to light conceptual lacunae re centering what is unsettled by their use and inviting a significant reordering of long accepted political and economic hierarchies The book shows how social scientists across the disciplines can engage with the sociology of religion By challenging many of its long standing empirical and analytic tendencies the contributors to this volume show how their work informs and is informed by debates in other fields and the analytical purchase gained by bringing these many conversations together Religion on the Edge will be a crucial resource for any scholar seeking to understand our post modern post secular world *Christianity and Migration* Peter C. Phan, Oxford Editor, 2025-10-07 This

book essays a not the Christian theology of migration The phenomenon of human migration that is the movement of people to and settlement temporary or permanent in a new area or country its causes and reasons and its historical anthropological social political legal and cultural dimensions have been widely studied and reasonably well understood and the next chapter will discuss them in detail By contrast theology as an academic discipline seems least capable of illuminating this human phenomenon It appears to most people outside the church and its educational institutions to be at best an esoteric subject and at worst a convoluted and useless mumbo jumbo especially when liberally sprinkled with Greek and Latin phrases Why not leave the study of migration to scholars in history sociology anthropology economics politics and law who albeit no less infected with highfalutin language than theologians do at least try to offer practical policies and effective strategies either for or against immigration Provided by publisher

Sociology of Religion William A. Mirola, Michael O. Emerson, Susanne C. Monahan, 2015-09-16 A reader that seeks to explore the relationship between the structure and culture of religion and various elements of social life in the U S Sociology of Religion A Reader 2e is ideal as either a standalone reader or supplement to the text written by the same author team Why Religion Matters Based on both classic and contemporary research in the sociology of religion this reader highlights a variety of research methods and theoretical approaches It explores the ways in which religious values beliefs and practices shape the world outside of church synagogue or mosque walls while simultaneously being shaped by the non religious forces operating in that world *Links to the Diasporic Homeland* Russell King, Anastasia Christou, Peggy Levitt, 2015-10-14 This book examines return mobilities to and from ancestral homelands of the second generation and beyond It presents cutting edge empirical research framed within the mobilities transnational and return migration diaspora paradigms on a trans local and global scale The book is unique in presenting not only a variety of return movements including short term visits and longer term return migrations but also circulatory movements within transnational social fields while engaging with notions of home belonging identity and generation The individual contributions range widely over different ethnic national regional and global settings including Europe North America the Caribbean the Gulf and Africa The result is a remapping of the conceptualisation of diaspora and of the role of successive generations in the diasporic experience as well as a nuancing of the concepts of return migration and transnationalism by their extension to the second and subsequent generations of immigrants This book was originally published as a special issue of Mobilities

Religion and the Global City David Garbin, Anna Strhan, 2017-06-29 This is the first book to explore how religious movements and actors shape and are shaped by aspects of global city dynamics Theoretically grounded and empirically informed Religion and the Global City advances discussions in the field of urban religion and establishes future research directions David Garbin and Anna Strhan bring together a wealth of ethnographically rich and vivid case studies in a diversity of urban settings in both Global North and Global South contexts These case studies are drawn from both classical global cities such as London and Paris and also from large cosmopolitan metropolises such as

Bangalore Rio de Janeiro Lagos Singapore and Hong Kong which all constitute in their own terms powerful sites within the informational cultural and moral networked economies of contemporary globalization The chapters explore some of the most pressing issues of our times globalization and the role of global neo liberal regimes urban change and in particular the dramatic urbanization of Global South countries and religious politics and religious revivalism associated for instance with transnational Islam or global Pentecostal Charismatic Christianity

A Nation of Religions Stephen Prothero, 2007-09-06

The United States has long been described as a nation of immigrants but it is also a nation of religions in which Muslims and Methodists Buddhists and Baptists live and work side by side This book explores that nation of religions focusing on how four recently arrived religious communities Muslims Buddhists Hindus and Sikhs are shaping and in turn shaped by American values For a generation scholars have been documenting how the landmark legislation that loosened immigration restrictions in 1965 catalyzed the development of the United States as a nation of Buddhists Confucianists and Taoists as well as Christians as Supreme Court Justice Tom Clark put it The contributors to this volume take U S religious diversity not as a proposition to be proved but as the truism it has become Essays address not whether the United States is a Christian or a multireligious nation clearly it is both but how religious diversity is changing the public values rites and institutions of the nation and how those values rites and institutions are affecting religions centuries old yet relatively new in America This conversation makes an important contribution to the intensifying public debate about the appropriate role of religion in American politics and society Contributors Ihsan Bagby University of Kentucky Courtney Bender Columbia University Stephen Dawson Forest Virginia David Franz University of Virginia Hien Duc Do San Jose State University James Davison Hunter University of Virginia Prema A Kurien Syracuse University Gurinder Singh Mann University of California Santa Barbara Vasudha Narayanan University of Florida Stephen Prothero Boston University Omid Safi Colgate University Jennifer Snow Pasadena California Robert A F Thurman Columbia University R Stephen Warner University of Illinois at Chicago Duncan Ryuken Williams University of California Berkeley
