

Religion And Politics In German History

Stefan Vogt

Religion And Politics In German History:

Religion and Politics in German History F. Eyck, 1998-06-08 Eyck begins his analysis with an examination of Roman and Christian influences on the Germanic peoples particularly the Franks and moves on to the struggle between emperors who claimed certain powers over the Church and popes who as successors to St Peter asserted their authority over rulers including their secular functions He analyses the negative effect of this conflict on the capability of Germans to form a nation which was reinforced by the religious divisions resulting from Reformation and Counter Reformation

Religion and Politics in the United States and Germany Dagmar Pruin, Rolf Schieder, Johannes Zachhuber, 2007 Current interest in the relation of religion and politics is intense in both the US and Germany Yet observers are regularly struck by fundamental divergences between approaches to and conceptualisations of this field on either side of the Atlantic This volume containing contributions by German and US authors from various disciplinary backgrounds seeks to offer some clarification by elucidating traditional and newly emerging differences between but also common challenges to these societies in issues such as pluralism of values religious education the role of religious minorities the relation of religion and elite formation and religious aspects of voting patterns

Kant and his German Contemporaries: Volume 2, Aesthetics, History, Politics, and Religion Daniel O. Dahlstrom, 2018-10-11 Kant's philosophical achievements have long overshadowed those of his German contemporaries often to the point of concealing his contemporaries influence upon him This volume of new essays draws on recent research into the rich complexity of eighteenth century German thought examining key figures in the development of aesthetics and art history the philosophy of history and education political philosophy and the philosophy of religion The essays range over numerous thinkers including Baumgarten Mendelssohn Meyer Winckelmann Herder Schiller Hamann and Fichte showing how they variously influenced challenged and revised Kant's philosophy at times moving it in novel directions unacceptable to the magister himself The volume will be valuable for all who are interested in this distinctive period of German philosophy

The Oxford Handbook of Modern German History Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's

dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany **Religion, Identity and Politics**

Haldun Gülalp, Günter Seufert, 2013-06-26 German Turkish relations which have a long history and generally unrecognized depth have rarely been examined as mutually formative processes Isolated instances of influence have been examined in detail but the historical and still ongoing processes of mutual interaction have rarely been seriously considered The ruling assumption has been that Germany may have an impact on Turkey but not the other way around Religion Identity and Politics examines this mutual interaction specifically with regard to religious identities and institutions It opposes the commonly held assumption that Europe is the abode of secularism and enlightenment while the lands of Islam are the realm of backwardness and fundamentalism Both historically and contemporarily Germany has treated religion as a core aspect of communal and civilizational identity and framed its institutions accordingly the book explores how there has been and continues to be a mutual exchange in this regard between Germany and both the Ottoman Empire and modern Turkey The authors show that the definition of identity and regulation of communities have been explicitly based on religion until the early and since the late twentieth century the period in between the age of secular nationalism which has always been treated as the norm now appears more clearly as an exception This book will be of interest to students and scholars of sociology politics history and religion *Religion, Politics and Ideology in the Third Reich* Uriel Tal, 2004 In a perceptive analysis of diverse source material the essays of the late Uriel Tal in this volume uncover the dynamics of the secularization of religion and the sacralization of politics in the Nazi era Through a process of inversion of meaning concepts such as race blood soil state nation and Führer were brought into the realm of faith mission salvation sacredness and myth thereby acquiring absolute significance Within this Nazi worldview the Jew epitomised the arch enemy both as a symbol and as the concrete embodiment of all that Nazism sought to negate Western civilisation monotheism critical rationalism and humanism

Sexuality in Modern German History Katie Sutton, 2023-01-12 Sexuality in Modern German History offers both a detailed survey of this key subject and a new intervention in the history of sexuality in modern Germany It investigates the diverse and often contradictory ways in which individuals activists doctors politicians artists church leaders reform movements and cultural commentators have defined normal or natural sexuality in Germany over the past two centuries Katie Sutton explores how these definitions have been used to shape identities behaviours bodies and practices from norms of heterosexual marital reproductive sex to ideas around the policing and categorisation of unnatural or deviant bodies and practices Covering a range of crucial themes including birth control prostitution queer and trans rights and heterosexual intimacy this important text comes with 30 illustrations and a wealth of primary source extracts and secondary literature helpfully integrated to enable further insight and analysis This is a vital volume for all students and scholars with an

interested in modern Germany or the history of sexuality in modern Europe **Faith in Politics** Bryan T.

McGraw, 2010-06-10 No account of contemporary politics can ignore religion The liberal democratic tradition in political thought has long treated religion with some suspicion regarding it as a source of division and instability Faith in Politics shows how such arguments are unpersuasive and dependent on questionable empirical claims rather than being a serious threat to democracies legitimacy stability and freedom religion can be democratically constructive Using historical cases of important religious political movements to add empirical weight Bryan McGraw suggests that religion will remain a significant political force for the foreseeable future and that pluralist democracies would do well to welcome rather than marginalize it *Religion, Politics and Law in the European Union* Lucian N. Leustean, John T.S. Madeley, 2013-09-13 EU

enlargement to countries in Central and Eastern Europe in 2004 the inclusion of Bulgaria and Romania in 2007 and increasing debates on Turkey's membership has dramatically transformed the European Union into a multi religious space Religious communities are not only shaping identities but are also influential factors in political discourse This edited volume examines the activities of religious actors in the context of supranational European institutions and the ways in which they have responded to the idea of Europe at local and international levels By bringing together scholars working in political science history law and sociology this volume analyses key religious factors in contemporary EU architecture such as the transformation of religious identities the role of political and religious leaders EU legislation on religion and the activities of religious lobbies This book was published as a special issue of Religion State and Society Women, Religion, and Emotions

in Modern Germany and Beyond Lisa Fetheringill Zwicker, Martina Cucchiara, 2025 Analyzes the role of emotions in the religious lives of women from across Germany and Europe from the nineteenth century to the 1970s Scholarship on women and religion has focused primarily on the intersection between women's religious engagement and their emancipation This volume goes beyond that to examine the vital role religion has played in the private and public lives of German and European women Because emotions are central to the expression of religiosity it draws on approaches from the history of emotions to examine how women understood felt and practiced religion in their search for meaning Spanning from the nineteenth century to the 1970s the volume's essays show how religion helped women make sense of their lives It also illuminates the degree to which women used religion and its attendant emotional scripts to shape modern society and how religious discourses in turn shaped women's emotions and comportment in the public sphere The volume builds on recent research that shows that religion especially the religiosity of women remained a pressing public concern in modern Europe From anxieties over the religiosity of Bavarian servants to restrictive norms imposed on Jewish widows from the interfaith commitments of kindergarten teachers to the autobiographical narratives of aspiring Protestant deaconesses from the suffering of stigmatics in Germany and Belgium to Irish women's public narratives of their religiosity this book reveals how women's faith and attendant religious emotions have been central to their public and private lives **Politics and**

Reformations: Histories and Reformations, 2007-09-30 These twenty three essays presented by students colleagues and friends to Thomas A Brady Jr the Sather Emeritus Professor of History at the University of California at Berkeley explore the historiographies of the Reformation from the fifteenth century to the present and study the social and cultural history of religion from the sixteenth to eighteenth centuries especially in Germany but also in Switzerland the Netherlands and colonial Mexico Contributors include Dean Bell Peter Blickle Christoph Burger Roger Chickering Constantin Fasolt Kaspar von Greyerz Bernd Hamm Craig Harline Joel Harrington Susan Karant Nunn Greta Kroeker Amy Leonard Marc Lienhard Terence McIntosh Erik Midelfort Christopher Ocker Michael Printy Anne J Schutte Julie Tanaka William B Taylor Elaine Tennant Lee Palmer Wandel and Ellen Yutzy Glebe Publications by Thomas A Brady Jr Edited by Thomas A Brady Jr Heiko A Oberman and James D Tracy Handbook of European History 1400 1600 Late Middle Ages Renaissance and Reformation I Structures and Assertions ISBN 9789004097605 Edited by Thomas A Brady Jr Heiko A Oberman and James D Tracy Handbook of European History 1400 1600 Late Middle Ages Renaissance and Reformation II Visions Programs Outcomes ISBN 9789004097612 Edited by Thomas A Brady Jr Katherine G Brady Susan Karant Nunn and James D Tracy The Work of Heiko A Oberman ISBN 9789004125698 Protestant Politics Jacob Sturm 1489 1553 and the German Reformation ISBN 9780391038233 Edited by H A Oberman and T A Brady Jr Itinerarium Italicum The Profile of the Italian Renaissance in the Mirror of its European Transformations ISBN 9789004042599 Ruling Class Regime and Reformation at Strasbourg 1520 1555 ISBN 9789004052857 Communities Politics and Reformation in Early Modern Europe ISBN 9789004110014 Editor of Studies in Central European Histories Religion and Culture in Germany (1400-1800) Robert Scribner, 2021-10-18 The late Bob Scribner was one of the most original and provocative historians of the German Reformation His truly pioneering spirit comes to light in this collection of his most recent essays In the years before his death Scribner explored the role of the senses in late medieval devotional culture and wondered how the Reformation changed sensual attitudes Further essays examine the nature of popular culture and the way the Reformation was institutionalised considering Anabaptist ideals of the community of goods literacy and heterodoxy and the dynamics of power as they unfold in a case of witchcraft The final section of the book consists of three iconoclastic essays which together form a sustained assault on the argument first advanced by Max Weber that the Reformation created a rational modern religion Scribner shows that far from being rationalist and anti magical Protestants had their own brand of magic These fine essays are certain to spark off debate not only among historians of the Reformation but also among art historians and anyone interested in the nature of culture

Politics, Religion and Gender Sieglinde Rosenberger, Birgit Sauer, 2013-07-03 Heated debates about Muslim women s veiling practices have regularly attracted the attention of European policymakers over the last decade The headscarf has been both vehemently contested by national and or regional governments political parties and public intellectuals and passionately defended by veil wearing women and their supporters Systematically applying a comparative perspective this

book addresses the question of why the headscarf tantalises and causes such controversy over issues about religious pluralism secularism neutrality of the state gender oppression citizenship migration and multiculturalism Seeking also to establish why the issue has become part of the disciplinary practices of some European countries but not of others this work brings together an important collection of interpretative research regarding the current debates on the veil in Europe offering an interdisciplinary scope and European wide setting Brought together through a common research methodology the contributors focus on the different religious political and cultural meanings of the veiling issue across eight countries and develop a comparative explanation of veiling regimes This work will be of great interest to students and scholars of religion politics gender studies and multiculturalism Colonialism and the Jews in German History Stefan Vogt,2022-06-16

Colonialism and the Jews in German History brings together new and path breaking studies on the historical relationship between colonialism and the Jews in Germany The book considers the mutual influences on the situation of the Jews in Germany including attitudes towards Jews and anti-Semitism but also Jewish self conceptions and the ideology and politics of German colonialism The contributors discuss the ways in which colonial ideology and practice have affected the position of the Jews in Germany and the relationship between anti-Semitism and colonial racism In doing so the volume introduces German colonialism as a relevant context for German Jewish history and it expands the perspective on German colonial history significantly by considering Jews both as distinct objects and also as agents within the field of German colonialism The volume includes studies on the pre colonial era the phase of active German colonialism since the 1880s and the time after Germany lost its colonies in the First World War All these studies testify to the fact that German Jewish history takes on additional significance if seen as part of a global history of collective relationships **Religion, Politics and Law** Barend Christoffel Labuschagne,Reinhard W. Sonnenschmidt,2009 Exploring the pre political en pre legal spiritual infrastructure from which modern liberal democracies in the West live but cannot guarantee this book inquires the relations between religion politics and law from a philosophical perspective discussing historical systematical and practical issues

Gendering Post-1945 German History Karen Hagemann,Donna Harsch,Friederike Brühöfener,2019-04-02 Although entanglement has become a keyword in recent German history scholarship entangled studies of the postwar era have largely limited their scope to politics and economics across the two Germanys while giving short shrift to social and cultural phenomena like gender At the same time historians of gender in Germany have tended to treat East and West Germany in isolation with little attention paid to intersections and interrelationships between the two countries This groundbreaking collection synthesizes the perspectives of entangled history and gender studies bringing together established as well as upcoming scholars to investigate the ways in which East and West German gender relations were culturally socially and politically intertwined Politics and Reformations: Communities, Politics, Nations, and Empires ,2007-09-30 These twenty six essays presented by students colleagues and friends to Thomas A Brady Jr Peder Sather Emeritus Professor of History at

the University of California at Berkeley examine urban rural national and imperial histories in Early Modern Europe and abroad and politics in Reformation Switzerland Burgundy Germany and the Netherlands Contributors include C Nathan Bartlett Heidi Eberhard Bate Ingrid B tori Katherine Brun Luke Clossey Laura Ford Cruz Thomas Dandele Kathryn Edwards Marc Forster David Frick Jeanne Grant Sigrun Haude Gabriele Haug Moritz Randolph C Head Beat Immenhauser Steinar Imsen Carina Johnson David Luebke Wolfgang Reinhard Tom Safley Heinz Schilling Regula Schmid Tom Scott Narasingha Sil James Tracy Sabine von Heusinger and Peter Wallace Publications by Thomas A Brady Jr Edited by Thomas A Brady Jr Heiko A Oberman and James D Tracy Handbook of European History 1400 1600 Late Middle Ages Renaissance and Reformation I Structures and Assertions ISBN 9789004097605 Edited by Thomas A Brady Jr Heiko A Oberman and James D Tracy Handbook of European History 1400 1600 Late Middle Ages Renaissance and Reformation II Visions Programs Outcomes ISBN 9789004097612 Edited by Thomas A Brady Jr Katherine G Brady Susan Karant Nunn and James D Tracy The Work of Heiko A Oberman ISBN 9789004125698 Protestant Politics Jacob Sturm 1489 1553 and the German Reformation ISBN 9780391038233 Edited by H A Oberman and T A Brady Jr Itinerarium Italicum The Profile of the Italian Renaissance in the Mirror of its European Transformations ISBN 9789004042599 Ruling Class Regime and Reformation at Strasbourg 1520 1555 ISBN 9789004052857 Communities Politics and Reformation in Early Modern Europe ISBN 9789004110014 Editor of Studies in Central European Histories

Congress of Arts and Science: History of politics and economics. History of law. History of religion Howard Jason Rogers, 1906

The Ashgate Research Companion to Imperial Germany Matthew Jefferies, 2016-03-03 Germany's imperial era 1871 1918 continues to attract both scholars and the general public alike The American historian Roger Chickering has referred to the historiography on the Kaiserreich as an extraordinary body of historical scholarship whose quality and diversity stands comparison with that of any other episode in European history This Companion is a significant addition to this body of scholarship with the emphasis very much on the present and future Questions of continuity remain a vital and necessary line of historical enquiry and while it may have been short lived the Kaiserreich remains central to modern German and European history The volume allows 25 experts from across the globe to write at length about the state of research in their own specialist fields offering original insights as well as historiographical reflections and rounded off with extensive suggestions for further reading The chapters are grouped into five thematic sections chosen to reflect the full range of research being undertaken on imperial German history today and together offer a comprehensive and authoritative reference resource Overall this collection will provide scholars and students with a lively take on this fascinating period of German history from the nation's unification in 1871 right up until the end of World War I

Rethinking German History (Routledge Revivals) Richard J. Evans, 2015-08-11 In Rethinking German History first published in 1987 Richard J Evans argues for a social historical approach to the German past that pays equal attention to objective social structures and subjective values and experiences If German history has been seen as an

exception to the normal development of Western society this is not least because historians have until recently largely failed to look beyond the world of high politics institutions organizations and ideologies to broader historical problems of German society and German mentalities By applying and adapting approaches learned from French and British social history as they have been developed over the last quarter of a century it is possible to achieve a rethinking of German history which does away with many of the textbook myths that have encrusted the historiography of Germany for so long This book will be valuable for students of German history and politics and brings together essays widely used in teaching Its broad coverage of social history will also be useful to all those interested in contemporary historiography or the comparative study of European history

Religion And Politics In German History: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Religion And Politics In German History : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
