Religion And Politics In Iran:

Post-Revolutionary Politics in Iran David Menashri, 2012-12-06 After the Islamic revolution in Iran revolutionary leaders had to compromise their ideology The Iranian ship of state continues to drift in search of an equilibrium between revolutionary convictions and the demands of governance between religion and state and Islam and the West *The Mantle of the Prophet* Roy P. Mottahedeh, 2008-10 Informed by eyewitness testimony the foremost account of Iran's 1979 Revolution and its impact today Drawn from the first hand accounts of eyewitnesses Roy Mottahedeh's absorbing tale of Islam and Politics in revolutionary Iran is widely regarded as one of the best records of that turbulent time ever written This revised edition includes a new chronology detailing events in Iran from the revolution right up to the present day and Ahmadinejad's controversial regime There is simply no better resource for understanding Iran's past present and future Religion, Culture and Politics in Iran Joanna de Groot, 2000-08-01 This book offers a new interpretation to the social history of religion in Iran from the 1870s to the 1970s It aims to situate the revolutionary upheavals of 1977-82 in an extensive narrative context of historical developments over the preceding century and to relate the religious elements in that history to other social and cultural issues In the author's analysis Iran's revolution was complex and contingent on a range of factors rather than a simple or inevitable outcome of the nature of the Iranian state or the nature of religion in Iran The focus of the argument is on the human responses of Iranians to their experiences and problems in all their diversity and on the rich variety and complexity of relationships between religion and other aspects of life thought and culture in the daily life of Iranians *The Mantle of the Prophet* Roy Mottahedeh, 1985 *Faith and Politics in Iran, Israel and the Islamic State* Ori Goldberg, 2018 Religious faith has been gaining in reach and influence throughout global politics over the last three decades most prominently in the Middle East and theologies of this nature are based on the understanding that faith in God is to be based primarily and predominantly on the realness of God's presence The West accustomed to its own discussion on religion and politics emphasizing democracy and individual freedoms has been at a loss to explain and engage these rising religious politics Through an innovative approach to the role of faith in politics Faith and Politics in Iran Israel and the Islamic State considers political theologies of the real formulated during the twentieth century and proposes that while religion in the West has been committed to absolutist vision these theologies have drawn their strength from a commitment to their concrete divinely infused reality Iran Nikki R. Keddie, 1980 First Published in 1983 Routledge is an imprint of Taylor Francis an informa company *Religion and Politics in Contemporary Iran* Shahrough Akhavi, 1980-01-01 Indispensable for understanding the recent conflicts in Iran Religion and Politics in Contemporary Iran provides a political history of the fluctuating relationships between the Islamic clergy and Iranian government since 1925 How different factions of the clergy or ulama first lost and then regained a powerful position in Iran is the subject of this book Akhavi analyzes how various factions within the clergy have responded to the government's efforts to encourage modernization and secularization giving

particular attention to the changes in the madrasahs or theological colleges He examines the main themes of the Ayatullah Khumayni's book *Islamic Government* and concludes by examining the alignments among the clergy in the past that indicate how they may develop in the future *Religion and politics in contemporary Iran* Shahrough Akhavi, 1979 **The Mantle of the Prophet** Roy P. Mottahedeh, 2009 *Shia Islam and Politics* Jon Armajani, 2020-05-20 This book argues that ever since Iran's Islamic Revolution in 1979 which established a Shia Islamic government in Iran that country's religious and political leaders have used Shia Islam as a crucial way of expanding Iran's objectives in the Middle East and beyond Since 1979 Iran's religious and political leaders have been concerned about Iran's security in the face of the hostility and expansionism of the United States and other western countries and the threats from powerful neighboring Sunni leaders and countries While Iran's government has attempted to align itself with Shia Muslims in various countries such as Iraq and Lebanon against American and Sunni expansionism the Iranian government has attempted to religiously nourish and politically mobilize those Shias as a matter of principle not only because of the Iranian government's desires to protect Iran from external threats The book analyzes Shia Islam and politics in Iran Iraq and Lebanon which have among the largest proportional Shia populations in the Middle East and are vibrant centers of Shia intellectual life The book's clear and jargon-free approach make it especially accessible for students and general readers who would like an introduction to the book's topics **The Political System of the Islamic Republic of Iran** M. Mahmood, 2006 The book is an authentic and authoritative introduction to the contemporary political establishment in Iran The book analyses incisively the political system of the Islamic Republic of Iran Students research scholars of political science will find the study informative and unique in treatment on politics and prove beneficial for study *Religion, politics and ethnicity in Iran: investigating the case of the Sunni Deobandis* Hoshang Noraiee, 2022-06-30 This project evolved out of my research on several other topics concerning militant Islam among Sunnis in Iran Deobandis and female Deobandi madaras Since then several more informants have sincerely come forward to help me update my information on the current research **Iran and the Muslim World: Resistance and Revolution** N. Keddie, 1995-04-03 This book consists of a series of interrelated chapters analyzing why Iran among all countries has seen so many revolutionary movements in the past century the degree to which its religion Shi'ism is revolutionary and the history of revolutionary and resistance movements in the modern Muslim world The author stresses historical change such as the change of Twelver Shi'ism from political quietism to revolutionary opposition and also previously unnoticed factors in revolution such as the multi-urban character of all Iran's modern revolutions *Women and the Political Process in Twentieth-Century Iran* Parvin Paidar, 1997-07-24 In a challenging and authoritative analysis of the role of Iranian women in the political process Parvin Paidar considers the ways they have been affected by the evolutionary and revolutionary transformations of twentieth-century Iran In so doing she demonstrates how political reorganisation has of necessity redefined the position of women and that contrary to the view of conventional

scholarship gender issues are fundamental to the political process in contemporary Iran The implications of the study bear on the broader issues of women in the Middle East and the developing countries generally **Islam and Dissent in**

Postrevolutionary Iran Behrooz Ghamari-Tabrizi, 2008-04-08 The Iranian revolution of 1979 overhauled not only the foundations of Iranian society religion and politics but also our understanding of the role of religion in modern government Here Behrooz Ghamari Tabrizi takes us on an enlightening journey showing that the revolution unintentionally opened up the public sphere to competing interpretations of Islam Far from being the exclusive preserve of high ranking seminarians as before in contemporary Iran lay theologians intellectuals lawyers and social activists are active and influential interlocutors in debates on the meaning of Islam A key figure is philosopher Abdolkarim Soroush a leading force behind Iran's pro democracy movement and vocal critic of the state Through a close reading of Soroush's writings and by tracing the links between Muslim intellectual critique and the realpolitik of postrevolutionary power struggles Ghamari Tabrizi offers nothing less than a pathbreaking reassessment of the Iranian revolution With powerful insights *Islam and Dissent* is essential for an understanding of the Muslim world today as of the new relationships between religion politics and democracy visible across the globe Islam and politics a very important topic especially re Iran Soroush is a key figure in Iran and in Middle East generally This title is recommended by star academics in the field of Islam and politics *The Secular Miracle* 'Alī

Rāhnamā, Farhād Nu'mānī, 1990 Religion and Societies Carlo Caldarola, 2011-06-01 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series A History of Social Justice and Political Power in the

Middle East Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the

concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism *Iran*,2007-08-24 On June 24 2005 after nearly ten years of supporting liberal reform the people of Iran surprised the world by electing the conservative mayor of Tehran Mahmoud Ahmadinejad as their new president Soon after the new president announced Iran would restart its uranium enrichment program drawing international criticism and condemnation from leaders in Europe and the United States Many observers suspect it is the desire to produce not nuclear energy but nuclear weapons that lies behind Iran s controversial decision Ever since President George W Bush described Iran Iraq and North Korea as the Axis of Evil Iran has garnered increased international attention and threatens to become the new focus of European and American foreign policy Now you can have at your fingertips up to date must know details on this complex pivotal country straight from one of the most trusted sources of information around the globe The first in a major new series from Encyclopedia Britannica Iran presents a balanced sophisticated examination of Iran s social cultural and political landscape past and present From the constitutional revolution to the hostage crisis to weapons of mass destruction this thorough guide provides the necessary background to comprehend all the important ongoing issues surrounding this enigmatic country Information on such leaders as Cyrus the Great and Nobel Peace Prize winner Shirin Ebadi as well as on historical events like the Iran Contra Affair and the Iran Iraq War place current developments into the broader context of world history the Muslim world the War on Terror and the push for democratic reform in the Middle East Every concise entry from Afghanistan and Ayatollah Khomeini to Shari ah law and the Shah promotes the deeper understanding of issues and events that only Encyclopedia Britannica can provide Since 1768 Encyclopedia Britannica has been a leading provider of learning products and one of the world s most trusted sources of information www.britannica.com **Religion, Culture, and Politics in Pre-Islamic Iran** Bruce Lincoln,2021-06-22 In Religion Culture and Politics in Pre Islamic Iran Bruce Lincoln offers a vast overview on different aspects of the Indo Iranian Zoroastrian and Pre Islamic mythologies religions and cultural issues The book is organized in four sections according to the body of evidence they engage most directly Avestan Old Persian Pahlavi and Iranian materials in comparison with other data including studies of myths especially those with cosmogonic implications ritual practices cosmological constructions of space and time points of intersection between religion ethics law and politics ideological aspects of scientific and medical theorizing social organization and gender relations and other diverse topics
