The Annals of Scottish Natural History, 1906 **Scottish Highlanders in Colonial Georgia: The Recruitment, Emigration, and Settlement at Darien, 1735-1748** Anthony W. Parker, 2010-07-01 Between 1735 and 1748 hundreds of young men and their families emigrated from the Scottish Highlands to the Georgia coast to settle and protect the new British colony These men were recruited by the trustees of the colony and military governor James Oglethorpe who wanted settlers who were accustomed to hardship militant in nature and willing to become frontier farmer soldiers In this respect the Highlanders fit the bill perfectly through training and tradition Recruiting and settling the Scottish Highlanders as the first line of defense on the southern frontier in Georgia was an important decision on the part of the trustees and crucial for the survival of the colony but this portion of Georgia's history has been sadly neglected until now By focusing on the Scots themselves Anthony W Parker explains what factors motivated the Highlanders to leave their native glens of Scotland for the pine barrens of Georgia and attempts to account for the reasons their cultural distinctiveness and old world experience aptly prepared them to play a vital role in the survival of Georgia in this early and precarious moment in its history **Shaping Sexual Knowledge** Lutz Sauerteig, Roger Davidson, 2009-01-13 Shaping Sexual Knowledge A Cultural History of Sex Education in Twentieth Century Europe makes a considerable contribution to the history of sex education by incorporating all aspects of the formal and informal shaping of sexual knowledge and enlightenment of the young from the school system the state the family the church and the media **History of Scottish Child Protection Law** Kenneth McK.
