## Shakespeares Rival:

**Shakespeare's Sonnets** William Shakespeare, 1899      The Rivalrous Renaissance Bradley J. Irish, 2024-12-10 Envy and jealousy are the emotions that fuel interpersonal rivalry and interpersonal rivalry is a cornerstone of literature Emerging from growing scholarly interest in the history of emotion The Rivalrous Renaissance is the first full length study of envy and jealousy in Renaissance England The book introduces readers both to the cultural dynamics of affective rivalry in the period and to how these crucial feelings inspired literary works across a wide range of genres by luminary authors such as Philip Sidney Edmund Spenser Mary Wroth William Shakespeare and John Milton Early modern concepts of envy and jealousy were more actively theorized as central components of human experience than is typical today Bradley J Irish argues that literature is the key domain where this Renaissance theorization of affective rivalry was brought to life Poetry drama and narrative prose created the conditions for these concepts to become most socially meaningful simulating the interpersonal experiences in which the emotions practically manifest This volume will appeal to scholars interested in the history of emotion and affect as well as more broadly to scholars of the literature and social dynamics of early modern England and to undergraduate and graduate students in specialized seminars      **Shakespeare Performed** R. A. Foakes, 2000 Many of the contributors to this collection including E A J Honigmann M M Mahood Jonathan Bate and Stanley Wells among others have been centrally involved in examining promoting and sometimes questioning the critical dominance of the stable Shakespeare text particularly as a result of performance The essays range from the traditional poetical and theater history inquiries through bibliographical examinations and hermeneutical interpretations      **Shakespeare's Sonnets** Alfred Leslie Rowe, 1984-03-01      *The sonnets of Shakespeare solved* Henry Brown, 1870      **Shakespeare's rival** Robert Gittings, 1976

**Shakespeare Unbound** René Weis, 2013-10-22 At last a key that unlocks the secrets of Shakespeare s life Intimacies with Southampton and Marlowe entanglements in London with the elusive dark lady the probable fathering of an illegitimate son these are among the mysteries of Shakespeare s rich and turbulent life that have proven tantalizingly obscure Despite an avalanche of recent scholarship Ren Weis an acknowledged authority on the Elizabethan period believes the links between the bard s life and the poems and plays have been largely ignored Armed with a wealth of new archival research and his own highly regarded interpretations of the literature the author finds provocative parallels between Shakespeare s early experiences in the bustling market town of Stratford including a dangerous poaching incident and contacts with underground Catholics and the plays Breaking with tradition Weis reveals that it is the plays and poems themselves that contain the richest seam of clues about the details of Shakespeare s personal life at home in Stratford and in the shadowy precincts of theatrical London details of a code unbroken for four hundred years      *An introduction to the sonnets of shakespeare* John Dover Wilson, 1963      Shakespeare's Sonnets Kenneth Muir, 2013-09-13 This edition first published in 1979 Discussing Shakespeare s sonnets in relation to sonnets by Italian French and English poets Kenneth Muir shows how they were

influenced by Shakespeare's reading of Sidney Erasmus and Ovid and discusses their art in terms of construction sound patterns and imagery He considers the relationship of the sonnets to Shakespeare's dramatic writing while stressing the dramatic element in the sonnets themselves Finally he surveys the changing attitudes to the sonnets during the last three centuries The sonnets of Shakespeare solved Henry Brown (of Newington Butts.),1870 **The Shakespeare Society's Papers**,1849 **The Shakespeare Society Papers** Shakespeare Society (Great Britain),1844 *The Shakespeare Society's Papers ...* Shakespeare Society (Great Britain),1849 **The Papers of the Shakespeare Society** Shakespeare Society (Great Britain),Shakespeare Society (Great Britain),1849 *The Shakespearean World* Jill L Levenson,Robert Ormsby,2017-03-27 The Shakespearean World takes a global view of Shakespeare and his works especially their afterlives Constantly changing the Shakespeare central to this volume has acquired an array of meanings over the past four centuries Shakespeare signifies the historical person as well as the plays and verse attributed to him It also signifies the attitudes towards both author and works determined by their receptions Throughout the book specialists aim to situate Shakespeare's world and what the world is because of him In adopting a global perspective the volume arranges thirty six chapters in five parts Shakespeare on stage internationally since the late seventeenth century Shakespeare on film throughout the world Shakespeare in the arts beyond drama and performance Shakespeare in everyday life Shakespeare and critical practice Through its coverage The Shakespearean World offers a comprehensive transhistorical and international view of the ways this Shakespeare has not only influenced but has also been influenced by diverse cultures during 400 years of performance adaptation criticism and citation While each chapter is a freshly conceived introduction to a significant topic all of the chapters move beyond the level of survey suggesting new directions in Shakespeare studies such as ecology tourism and new media and making substantial contributions to the field This volume is an essential resource for all those studying Shakespeare from beginners to advanced specialists **A Life of William Shakespeare** Sir Sidney Lee,1898

Shakespeare, Marlowe, Jonson J.R. Mulryne,Takashi Kozuka,2016-04-01 A remarkable resurgence of interest has taken place over recent years in a biographical approach to the work of early modern poets and dramatists in particular to the plays and poems of Shakespeare Marlowe and Jonson The contributors to this volume approach the topic in a manner that is at once critically and historically alert They acknowledge that the biographical evidence for all three authors is limited thus throwing the emphasis acutely on interpretation In addition to new scholarship the essays are valuable for their awareness of the challenges posed by recent redirections of critical methodology Scepticism and self criticism are marked features of the writing gathered here Hamlet Harold Bloom,2009 Discusses the characters plot and writing of Hamlet by William Shakespeare Includes critical essays on the play and a brief biography of the author **The New Cambridge Bibliography of English Literature** George Watson,Ian Roy Willison,1974 *Anthologizing Shakespeare, 1593-1603* Ted Tregear,2023-03-14 Between 1599 and 1601 no fewer than five anthologies appeared in print with extracts from

Shakespeare's works Some featured whole poems while others chose short passages from his poems and plays gathered alongside lines on similar topics by his rivals and contemporaries Appearing midway through his career these anthologies marked a critical moment in Shakespeare's life They testify to the reputation he had established as a poet and playwright by the end of the sixteenth century In extracting passages from their contexts though they also read Shakespeare in ways that he might have imagined being read After all this was how early modern readers were taught to treat the texts they read selecting choice excerpts and copying them into their notebooks Taking its cue from these anthologies Anthologizing Shakespeare 1593-1603 offers new readings of the formative works of Shakespeare's first decade in print from Venus and Adonis 1593 to Hamlet 1603 It illuminates a previously neglected period in Shakespeare's career what it calls his anthology period It investigates what these anthologies made of Shakespeare and what he made of being anthologized And it shows how from the early 1590s his works were inflected by the culture of commonplacing and anthologizing in which they were written and in which Shakespeare no less than his readers was schooled In this book Ted Tregear explores how Shakespeare appealed to the reading habits of his contemporaries inviting and frustrating them in turn Shakespeare he argues used the practice of anthologizing to open up questions at the heart of his poems and plays questions of classical literature and the schoolrooms in which it was taught of English poetry and its literary inheritance of poetry's relationship with drama and of the afterlife he and his works might win at least in parts
