Shakespeare's As You Like It M. Hunt, 2008-02-04 This book is a study of *As You Like It* which shows how the play represents issues of interest to literate playgoers of its time as well as speculatively to Shakespeare himself

At Home in Shakespeare's Tragedies Geraldo U. de Sousa, 2016-04-15 Bringing together methods assumptions and approaches from a variety of disciplines Geraldo U de Sousa's innovative study explores the representation perception and function of the house home household and family life in Shakespeare's great tragedies Concentrating on *King Lear* *Hamlet* *Othello* and *Macbeth* de Sousa's examination of the home provides a fresh look at material that has been the topic of fierce debate Through a combination of textual readings and a study of early modern housing conditions accompanied by analyses that draw on anthropology architecture art history the study of material culture social history theater history phenomenology and gender studies this book demonstrates how Shakespeare explores the materiality of the early modern house and evokes domestic space to convey interiority reflect on the habits of the mind interrogate everyday life and register elements of the tragic journey Specific topics include the function of the disappearance of the castle in *King Lear* the juxtaposition of home centered life in Venice and nomadic unhoused wandering in *Othello* and the use of special lighting effects to reflect this relationship *Hamlet's* psyche in response to physical space and the redistribution of domestic space in *Macbeth* Images of the house home and household become visually and emotionally vibrant and thus reflect define and support a powerful tragic narrative

Passion's Triumph over Reason Christopher Tilmouth, 2010-11-11 *Passion's Triumph over Reason* presents a comprehensive survey of ideas of emotion appetite and self control in English literature and moral thought of the sixteenth and seventeenth centuries In a narrative which draws on tragedy epic poetry and moral philosophy Christopher Tilmouth explores how Renaissance writers transformed their understanding of the passions re evaluating emotion so as to make it an important constituent of ethical life rather than the enemy within which allegory had traditionally cast it as being This interdisciplinary study departs from current emphases in intellectual history arguing that literature should be explored alongside the moral rather than political thought of its time The book also develops a new approach to understanding the relationship between literature and philosophy Consciously or not moral thinkers tend to ground their philosophising in certain images of human nature Their work is premised on imagined models of the mind and presumed estimates of man's moral potential In other words the thinking of philosophical authors as much as that of literary ones is shaped by the pre rational assumptions of the moral imagination Because that is so poets and dramatists in their turn in speaking to this material typically do more than just versify the abstract ideas of ethics They reflect directly and critically upon those same core assumptions which are integral to the writings of their philosophical counterparts Authors examined here include

Aristotle Augustine Hobbes and an array of lyric poets but there are new readings too of The Faerie Queene and Paradise Lost Hamlet and Julius Caesar Dryden s Lucretius and Etherege s Man of Mode Tilmouth s study concludes with a revisionist interpretation of the works of the Earl of Rochester presenting this libertine poet as a challenging intellectually serious figure Written in a lucid accessible style this book will appeal to a wide range of readers William Shakespeare: Tragedies Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2009 Presents a collection of critical essays on the works of William Shakespeare **Hamlet** Marvin W. Hunt, 2025-01-23 A companion to volume 1 Hamlet Shakespeare The Critical Tradition Volume 2 presents key critical accounts of Hamlet from 1885 1964 The volume offers in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play The volume features criticism from leading literary figures such as Sigmund Freud T S Eliot A C Bradley Helena Faucit Saville and Matthew Arnold The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue whereas the introduction offers a critical evaluation from a current stance including modern theories and methods The volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century
