**The Fugitive Shakespeare and Sonnet 144** Charles Murray Willis, 2024-08-16 THE FUGITIVE SHAKESPEARE AND SONNET 144 The discovery of a 16th century manuscript version of Shakespeare s Sonnet 144 is the most important historical and literary find ever made relating to Shakespearean studies The date of composition of this manuscript indicates ca 1577 78 when William Shaksperc the original spelling of his family name was aged between 13 14 which would suggest that he couldn t have written this Sonnet because he was too young The story behind this discovery and how the document was found is as astonishing as how the document has managed to survive for over 400 years The connection in this story between Shakespeare and the famous playwright Ben Jonson is also explored as it was Jonson who provided the most important evidence that Shakespeare was the author of the First Folio which was published in 1623 At last after more than four hundred years there is a glimmer of light at the end of the tunnel a significant Shakespearean clue has been discovered which may help to solve the Shakespeare authorship question Sir Derek Jacobi award winning Shakespearean actor
