Killer Technique: Hammered Dulcimer Dr. Mark Alan Wade,2013-06-20 Killer Technique Hammered Dulcimer is a book that uniquely focuses on improving the everyday elements of dulcimer playing Some mundane fundamentals of technique may seem mindless and appear to need no attention In reality though even the most basic essentials of dulcimer playing can hold us back without

Careful examination and precision. This book does just that. The author himself a National Hammered Dulcimer Champion and music professor draws on over twenty years of experience in playing and teaching to share his recipe for success. The material focuses on dulcimer specific skills and drills them in effective and engaging new ways. Targeted areas include dexterity, aim, flow, commonly used percussion rudiments, chords, arpeggios, and chord suffixes. Each exercise is carefully designed to isolate the targeted skill, provide instruction for its most efficient execution, and help you acquire new and improved muscle memory in the least amount of repetitions. Admittedly, working on technique can seem like a chore. This book takes the work out of it and presents the exercises in fresh new ways so you get the most out of them in the least amount of time. Dr. Wade's biggest technique secret revealed in this book is his use of varying rhythms to re-engage the brain and to acquire new and lasting muscle memory. The exercises are not only fun to master but also incredibly effective. It's all about efficiency, not just going through the motions.

Hammered Dulcimer Classics Carole Koenig, 2018-04-12. Standard notation and a simple alpha numerical tablature system are used to present this unusual collection of pre-18th Century tunes for the standard 12/11 course hammered dulcimer. Creating a hybrid of folk and classical elements, Carol Koenig has expanded the repertoire of the hammered dulcimer with melodies from France, Spain, England, and Scotland. The tunes are first presented in a simple melodic statement, then in a more complex harmonized version. The author insists that it is not necessary to be an outstanding sight reader to make beautiful music on the hammered dulcimer or with this book.

Dulcimer Frolic Peggy Carter, 2021-05-03. The tunes in this collection were chosen from Peggy Carter's half-century of performing, teaching, and arranging music for the hammered dulcimer. This anthology contains 60 tunes arranged especially for novice to intermediate level players of the 12/11 dulcimer, including suggestions for note reading, hammering patterns, and embellishments. Playing the dulcimer is not effortless, but it should be fun. The title tune, Dulcimer Frolic, is a family heirloom originally written for mandolin by Peggy's grandfather in the early 1920s, transcribed for hammered dulcimer. The tune really lives up to its name. In fact, every tune in the collection is designed for fun and frolic. Some have lyrics, some are presented as bare bones melodies, and some are embellished. You'll find that these arrangements bring out the best in all of them.
