Books Out Loud ,2007 **Shaman Jhankri & Néle** Pat Moffitt Cook,1997 Les arts de la médecine traditionnelle des chants d Inde du N pal du P rou de Haiti du Mexique du Tibet de Panama pour gu rir de la d pression la fatigue ou encore des probl mes de reins *Music and Healing in Indigenous Cultures* Elizabeth-Anne M. O'Kelly,Nazareth College of Rochester,2008 *Native Healer* Bobby Lake-Thom,Robert G. Lake,1991-03-01 An exciting glimpse into the world of Native American shamanism Many today claim to be healers and spiritual teachers but Medicine Grizzlybear Lake definitely is both In this work he explains how a person is called by higher powers to be a medicine man or woman and describes the trials and tests of a candidate Lake gives a colorful picture of Native American shamanism and discusses ceremonies such as the vision quest and sweat lodge *Shamanic Healing and Ritual Drama* Åke Hulthkrantz,1992 In this pioneering work one of the world s leading experts on Native American traditions offers a detailed survey of Native American practices and beliefs regarding health medicine and religion In contrast to the sharp Euro American division between medicine and religion Native American medical beliefs and practices can only be assessed says the author in their relation to their religious ideas Spanning the full length and breadth of Native North American cultural areas from the Northeast to the Southwest the Southeast to the Northwest the book offers thick descriptions of traditional Native American medical and religious beliefs and practices demonstrating that for Native Americans medicine and religion are two sides of the same coin a coherent and holistic system in which supernaturalism acts as a motor in healing *Indian Healing* Wolfgang G. Jilek,Wolfgang Jilek,1982 This book places the revival of Indigenous ceremonialism in a new light The author aims at dispelling misconceptions and negative opinions by showing the traditional rituals to have well defined and integrated therapeutic effects The guardian spirit ceremonial of the Coast Salish First Nations combines the Spirit Quest of the Plateau bands with the rich ceremonial life of the Northwest Coast cultures In this book the author draws upon personal observations and upon information obtained in years of close contact with the Coast Salish Peoples as a physician and psychiatrist as well as upon ethnographic literature He witnessed the revival of the ceremonial after decades of suppression and shows that besides its complex traditional functions it now provides the local Indigenous population with an annual winter treatment program in which several types of well defined therapeutic procedures are integrated These procedures compare favorably with Western medical management of psychophysiological conditions and with Western correctional measures in behavior disorders Initiation into spirit dancing permits an alienated Indigenous person suffering from what the author describes as anomic depression to reidentify with the

culture of his ancestors and obtain the traditional guardian spirit power in order to grow with it into a more rewarding and healthier existence In presenting a scientific analysis of the ceremonial the author aims at dispelling misconceptions and negative opinions It is hoped that the Indigenous elders and healers who have generously shared their knowledge with the author will be encouraged by this book to continue with their efforts in the service of the Indigenous Peoples of the Northwest Coast
