## **Shame On You You Were In My Dream:**

Shame on You - You Were in My Dream Ruth Velikovsky Sharon, 2003 Sharon discusses manipulation in dreams dream catchers and other gadgets and the environment Also included is a reprint of the article A New Understanding of Dreams she published in New Jersey Medicine Journal of the Medical Society of New Jersey January 1995 issue Mankind in Amnesia Immanuel Velikovsky, Immanuel Velikovsky called this book the fulfillment of his oath of Hippocrates to serve humanity In this book he returns to his roots as a psychologist and psychoanalytical therapist yet not with a single person as his patient but with humanity as a whole After an extremely revealing overview of the foundations of the various psychoanalytical systems he makes the step into crowd psychology and reopens the case of Worlds in Collision from a totally different point of view as a psychoanalytical case study This way he shows that the blatant reactions to his theories which are still going on today have not been surprising but are actually inevitable from a psychological perspective which equally holds for those who have defined our view of the world At the same time he is able to reclassify the theories of Siegmund Freud and of C G Jung by finding a common basis for them A journey through history religion mythology and art shows the overall range of the collective trauma and gives us the patients a message of extraordinary urgency and importance for the future *Worlds in Collision* Immanuel Velikovsky, 2009 Velikovsky presents the revolutionary results of his 10 year long interdisciplinary research into modern catastrophism based on eyewitness reports by ancestors which shook the doctrine of uniformity of geology as well as Darwin's theory of evolution *Stargazers and Gravediggers* Immanuel Velikovsky, In this book Immanuel Velikovsky in his unmistakably clear and unique style relates both the writing of and the reaction to the publication of his epochal work *Worlds in Collision* Through authentic letters we experience at first hand the beginning and unfolding of the Velikovsky Affair from the boycotting of his publisher by leading American scientists and universities to the emotional and highly unscientific campaign to discredit the author and his work We also get to read Velikovsky's rebuttals to the attacks and accusations which were mostly denied publication by relevant journals and magazines Especially today with the power and societal influence of science at an all time high this book is of fundamental importance for our understanding of science and its practitioners Scars That Speak Rochelle Murray, 2011-06-30 *Scars That Speak* is the powerful and compelling account of one woman's battle to overcome her abusive childhood and the destructive behaviors and thinking patterns that developed as a result Rochelle Murray writes with complete honesty as she evaluates her life in light of her past Full of original poetry journal writings and art work *Scars That Speak* offers the reader a glimpse into the mind of a woman struggling to triumph over emotional physical and sexual abuse The uniqueness of this book lies in the fact that it was written as her therapy progressed which allows the reader to walk with Rochelle along her journey Her story is captivating and poignant gripping the reader from the outset Rochelle's therapeutic relationship with a Christian psychologist provided the support that she needed to break free from her addiction to cutting and enabled her to face her fears and the memories of

her childhood Her scars speak loudly of the fact that the past can be confronted truth can be discovered and strength and healing can be attained This book is so much more than just another book about cutting An estimated two million Americans purposefully cut themselves each year Rochelle used to be among their number Her self destructiveness started when she was sexually abused by her grandfather Her narcissistic mother also played a major role in her self destructive behavior Could therapy be the answer Could she find her voice Could truth be told Join Rochelle on her therapeutic journey as she struggles to find healing and the reward of joy
