the Dark shall do what Light cannot Sanem Ozdural,2015-04-10 We live in a world of Light and Dark Day and Night Good and Evil How do we deal with evil Despite its power and resources the state with all its laws and police is neither omnipotent nor omnipresent It is not always enough There is a place called Pera which lies beyond the Light Veil on the other side of reality There are light trees there that eat sunlight and bear fruit that in turn lights up and energises literally the community of Pera There are light birds that glitter in the night because they have eaten the seed of the lightberry The House of Light and Dark which is the domain of the Sun and her brother Twilight welcomes all creatures living in Pera But in the midst of all the glitter laughter and the songs it must be remembered that the lightberry is poisonous to the non Pera born and the Land is afraid when the Sun retreats for it is then that Twilight walks the streets In Pera as in our world there is deceit and cruelty There are people who would harm defenceless children and those who would jeopardise the health and wealth of their communities for personal gain What happens though when the Sun is not able to shine her light into the repulsive crevices of humanity When with all the goodwill in the world we cannot keep the children safe or the forests intact What happens when the rivers are polluted irreversibly and we can hear the land groan barren and toxic And the people have lost their savings their homes and their communities Then the Dark shall do what Light cannot With some of the characters that we originally met in LiGa Sanem Ozdural s first novel the Dark shall do what Light cannot transports us
