*Shaping a Healthy Religion* Thomas Aldworth,1985-02      *Psychiatry and the Cults* John A. Saliba,2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts

*Fashioning a Healthier Religion* Thomas Aldworth,1992      *Shaping a healthy religion especially if you are Catholic* Thomas Aldworth,1985      *Catholic Theological Union at Chicago* Paul I. Bechtold,1993 An engaging history of a revolutionary period in the contemporary Roman Catholic Church Catholic Theological Union is the largest Catholic school of ministry in the United States Inspired by the Second Vatican Council it was founded amidst the momentous changes sweeping the church the transformation in Catholicism s way of training its priests the tension FAX 312 324 8490      *The Catholic Library World* John M. O'Loughlin,Francis Emmett Fitzgerald,1985      *The Catholic Periodical and Literature Index* ,1988      **The Critic** ,1985      *Sociology of Sexualities* Kathleen J. Fitzgerald,Kandice L. Grossman,2020-07-16 Sociology of Sexualities takes a unique sociological approach to the study of sexualities and explores the ways sexuality operates in and through institutions Drawing on the most up to date scientific research on sexuality as well as the latest political developments on the issues this core text helps students connect knowledge about sexuality with their broader understanding of society The thoroughly revised Second Edition includes updated and expanded discussions of the latest sociological research and social justice movements regarding gender and sexuality as well as a new chapter exploring sexuality and social class space and place Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank      **Rethinking Organizational Culture** David Collins,2021-04-01 What is organizational culture Why does it matter This book demonstrates that conventional wisdom on this fundamental business topic has surpassed its usefulness The author wants neither to praise scholarship on culture nor to bury it rather he wants to build something fit for purpose by reflecting on the power of stories and storytelling Rethinking Organizational Culture argues that that the entrenched models of organizational culture wrench thinking feeling and action from a context that intuition warns us are complex and problematic Arguing that novels and novelists offer an opportunity to redeem organizational culture the text invites readers to recognise that stories of organization offer connections with organizational profanity organized polyphony and the organizationally prosaic A stimulating and provocative read this book will be welcomed by students scholars and reflective practitioners across the business field      **The Organizational Storytelling Workbook** David Collins,2020-07-23 This workbook is an interactive

guide for leaders and managers to help you tell compelling stories at work The Organizational Storytelling Workbook offers a critical engagement with academic debates on organizational storytelling and a series of exercises designed to allow users to improve their capability as organizational storytellers The text begins with a chapter which locates organizational storytelling within a critical account of organizational cultures This book argues that managerial accounts of organizational culture offer a limited appreciation of the ways in which people think feel and act and suggests storytelling as a means of redeeming our understanding of all matters cultural Having secured this new appreciation of culture and storytelling the workbook develops a series of maxims and exercises designed to allow users a to improve their storytelling practice and b to reassess the cultural assumptions and priorities revealed through their practice Enriched with interactive features to walk managers practically through the process of improving their storytelling skills including practical exercises contemplative questions and space to respond creatively to the ideas in the book this workbook is the perfect companion to any executive or postgraduate course in storytelling as well as a useful and enjoyable companion to any individual manager that wishes to improve their skills *The Tablet* ,1878 *Surprised by Joy.
