**Shaping a Global Theological Mind** Asst Prof Darren C Marks, 2013-05-28 Theological thinkers are placed into contexts which inform their theological tasks but that context is usually limited to a European or North American centre usually ignoring minorities and lesser mainstream theologies even in that context This work focuses on the shift of Christian theological thinking from the North Atlantic to the Global South even within the North Atlantic Church and Academy It gives a Global perspective on theological work method and context Theologians from North America Great Britain and Europe Africa Asia Central and South America comment on how their specific context and methodology manifests organizes and is prioritized in their thought so as to make Christian theology relevant to their community By placing the Global South alongside the newly emerging presence of non traditional Western forms such as Pentecostal Aboriginal and Hispanic theologies and theologians a clearer picture of how Christian theology is both enculturated and still familial is offered

**Colin Gunton's Trinitarian Theology of Culture** Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of

mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the church's belonging in community *T&T Clark Handbook of Colin Gunton* Andrew Picard, Murray Rae, Myk Habets, 2021-01-14 The T T Clark Handbook of Colin Gunton is a theological companion to the study of Gunton's theology and a resource for thinking about Gunton's importance in modern theology Each of the essays brings Gunton's depth to a broad range of contemporary theological concerns The volume unveils cutting edge Gunton scholarship for a new generation and at the same time enables readers to see the timely significance of Gunton today Each of the essays not only introduces readers to key themes in the Gunton corpus but also provides readers with fresh interpretations that are fully conversant with the contemporary theological problems facing the church Designed as both a guide for students and a reference point for scholars the companion seeks both to outline the frameworks of key Gunton debates while at all times pushing forward fresh interpretative strategies concerning his thought *Jürgen Moltmann and Evangelical Theology* Sung Wook Chung, 2012-04-23 Jürgen Moltmann is now regarded as one of the most influential theologians since Karl Barth However evangelical engagement with Moltmann has been hesitant and deficient This book fills the gap Ten respected evangelical theologians engage with Moltmann's theology in a mature dynamic and critical manner seeking to appropriate from it in a discerning manner The contributors include Sung Wook Chung Kurt Anders Richardson Veli Matti Karkainen Stephen N Williams and Timothy Bradshaw This book is an excellent demonstration of intellectual confidence and respectability of robust evangelical theology *The Freedom of Christian Theology* Piotr J. Malysz, R. David Nelson, 2024-12-15 Eberhard Jüngel 1934-2021 belongs to the most creative wide ranging rigorous and demanding voices in twentieth century Protestant theology Over a long and distinguished career Jüngel grappled with topics such as revelation responsible talk about God God's triunity Christology the nature of theological language analogy divine and human freedom love atheism and theological approaches to the state In all this he had followed perceptively yet critically in the footsteps not only of Martin Luther but also of G W F Hegel Dietrich Bonhoeffer Rudolf Bultmann Martin Heidegger and Karl Barth Despite the diversity of their own backgrounds and interests the contributors to *The Freedom of Christian Theology* *New Studies in Dialogue* with Eberhard Jüngel all share the conviction that Jüngel's legacy lends itself to the same kind of constructive engagement that Jüngel himself practiced The essays offered here bring Jüngel's many sided contributions to bear on the theological philosophical and social challenges of today Each is an attempt to grapple in the spirit of Eberhard Jüngel with the mysteries of today's world which no less demand analytical care and penetrating insight As an ongoing conversation with Jüngel the essays model the freedom and joy of Christian theology to reflect on the world's complexities out of the riches of the

Dehart, 2008-04-15 The much discussed notion of Postliberal theology developed from the writings of two theologians at Yale University Hans Frei and George Lindbeck An analysis and critique of the much discussed idea of postliberal theology Provides an overview of postliberalism and the controversies which resulted Compares the writings of theologians Hans Frei and George Lindbeck from which postliberal theology developed and uncovers important differences in their thought Reconceptualizes these thinkers contributions to contemporary theological discussion Published in the prestigious Challenges in Contemporary Theology series      **A Companion to the Theology of John Webster** Michael Allen, R. David Nelson, 2021-06-10 An overview and analysis of John Webster s seminal contributions to Christian theology At the time of his death John Webster was widely hailed as one of the leading Christian theologians in the world Over the course of three decades he produced groundbreaking studies on the theologies of Eberhard J ngel and Karl Barth and especially since the turn of the millennium numerous books and essays on various themes in Christian dogmatics He then intended to write an encyclopedic systematic theology a project he was unable to complete No substitute is possible for that lost opus but the contributors offer this volume as an homage to Webster and an aid to those who want to learn from him A Companion to the Theology of John Webster begins with an introductory section on Webster s theological development then continues into an extensive overview of Webster s contributions to contemporary discussions of particular doctrines An epilogue suggests how Webster s theology might have unfolded had he lived longer and imagines the continuing influence of his work on the enterprise of Christian dogmatics Readers hoping to understand the legacy of this great theologian and also those eager for fresh insights into the present state and future trajectories of contemporary Protestantism will find much to offer here      *The New Cambridge History of the Bible: Volume 4, From 1750 to the Present* John Riches, 2015-04-13 This volume examines the Bible s role in the modern world beginning with a treatment of its production and distribution that discusses publishers printers text critics and translators and continuing with a presentation of new methods of studying the text that have emerged including historical literary social scientific feminist postcolonial liberal and fundamentalist readings There is a full discussion of the changes in understandings of and approaches to the Bible in various faith communities The dissemination of the Bible throughout the globe has also produced a host of new interpretations and this volume provides a comprehensive geographical survey of its reception In the final chapters the authors offer a thematic overview of the Bible in relation to literature art film science and other disciplines They demonstrate that in spite of challenges to the Bible s authority in western Europe it remains highly relevant and influential not least in the Americas Africa and Asia      **Perspectives on Ecclesiology and Ethnography** Pete Ward, 2012-03-15 Within the disciplines of religious studies systematic theology and practical theology there exists a divide between empirical and theological analyses of the church Each volume in the cross disciplinary series Studies in Ecclesiology and Ethnography attempts to address this gap by exploring the methodological and substantive issues that arise from both

theological and empirical studies of the church's practices and social reality Perspectives on Ecclesiology and Ethnography the inaugural volume in the series proposes that if theology is to regain its relevance to the church today theologians must utilize ethnographical tools in order to provide more accurate disciplined research that is situated in real contexts Using ethnography in its broadest sense encompassing any form of qualitative research this volume proposes that the church is both theological and social cultural which implies the need for a methodological shift for researchers in theology Contributions from twelve scholar practitioners lead the way forward Contributors Luke Bretherton Paul S Fiddes Nicholas M Healy Mary McClintock Fulkerson Alister E McGrath Richard R Osmer Elizabeth Phillips Christian Scharen John Swinton Pete Ward Clare Watkins John Webster
