Shaping Sanctuary:

Shaping Sanctuary Kelly Turney, 2000 **Shaping the Church** Martyn Percy, 2016-04-01 This book seeks to dynamically alter the way that theologians ecclesiologists students of religion and ministers look at the church Taking the ideas of composition formation and vocation as basic ecclesial categories Martyn Percy explores how apparently innocent and incidental material is in fact highly significant for the shaping of theological and ecclesiological horizons The Introduction sets the tone with a meditation on how the apparently ordinary scent of a country church can be redolent with meaning setting the tone of expectation in relation to subsequent worship This book is not however simply about reading meanings into events ideas conversations and contexts Rather it sets out to faithfully interpret much of the material that surrounds us yet is often taken for granted or more usually unnoticed The book is an invitation to involve the scholar or minister paying close and patient attention to beliefs language artefacts rituals practices and other material all of which are constitutive for ecclesial life and theological identity **Water Shaping Stone** Kathryn Lilla Cox, 2016-01-15 The Catholic Tradition requires the faithful to form and follow their conscience This is the case even with the recognition that consciences can be malformed and one can make errors in practical judgments Water Shaping Stone examines various aspects of this tradition regarding conscience by using among other sources twentieth century magisterial documents theologians works and Scripture Kathryn Lilla Cox argues that while the Magisterium retains teaching authority and a responsibility to help form consciences through its teaching focusing only on the Magisterium leads to incomplete formation A more holistic vision of conscience formation means considering the formation of the moral agent to be a multifaceted process that draws on for example teaching prayer rituals Scripture practices and virtues along with relationships with the Triune God and communities of accountability This vision of conscience formation retains the magisterial teaching authority while acknowledging discipleship as the theological basis for making and assessing practical judgments of conscience Shaping Ceremony Mary B. The Shape and Shaping of the Book of Psalms Nancy L. deClaissé-Walford,2014-09-08 A new and

innovative way to approach the Psalter that moves beyond form and cult functional criticism Drawing inspiration from Gerald H Wilson's *The Editing of the Hebrew Psalter* this volume explores questions of the formation of the Psalter from the perspective of canonical criticism Though called canonical criticism the study actually employs a number of historically traditional and nontraditional approaches to reading the text including form criticism historical criticism of individual psalms as well as of the whole Psalter and redaction criticism Features Exploration of collections of psalms theological viewpoints sovereignty and the shape and shaping of Psalms Examination of the impact of canonical criticism on the study of the Psalter Sixteen essays from the Book of Psalms Consultation group and invited scholars *Sanctuary Practices in International Perspectives* Randy K. [The Shape and Shaping of the College and University in America](#)

Stephen J. Nelson, 2016-03-01

This book presents the issues, controversies, and key players that formed and enabled the American college and university to endure as a critical institution of the nation and society. Nelson examines contested issues and concerns in the academy such as the role and position of religion, the place and value of the liberal arts, the threat of disunity and balkanization, the ideological contentions and fights for control, the effect of politics and ideologies on its future as an institution, its role as a critic and servant of society, and its promotion of academic freedom, free speech, and liberty. This overview combined with Nelson's examination of the historical dramas, influential political forces, and stories of key personalities provides a nuanced understanding of the evolution of the academy that scholars of Education, American History, and Philosophy will appreciate.

Disability, Medicine, and Healing Discourse in Early Christianity Susan R. Holman, Chris L. de Wet, Jonathan L. Zeicher, 2023-08-04

Using contemporary theories drawn from health humanities, this volume analyses the nature and effects of disability, medicine, and health discourse in a variety of early Christian literature. In recent years, the medical turn in early Christian studies has developed a robust literature around health, disability, and medicine, and the health humanities have made critical interventions in modern conversations around the aims of health and the nature of healthcare. Considering these developments, it has become clear that early Christian texts and ideas have much to offer modern conversations, and that these texts are illuminated using theoretical lenses drawn from modern medicine and public health. The chapters in this book explore different facets of early Christian engagement with medicine, either in itself or as metaphor and material for theological reflections on human impairment, restoration, and flourishing. Through its focus on late antique religious texts, the book raises questions around the social rather than biological aspects of illness and diminishment as a human experience, as well as the strategies by which that experience is navigated. The result is an innovative and timely intervention in the study of health and healthcare that bridges current divides between historical studies and contemporary issues. Taken together, the book offers a prismatic conversation of perspectives on aspects of care at the heart of societal and individual wellness today, inviting readers to meet or revisit patristic texts as tracings across a map of embodied identity, dissonance, and corporal care. It is a fascinating resource for anyone working on ancient medicine and health or the social
