Shattering the Silence Carley Dodd, Darryl Tippens, David K. Lewis, 1995-08-01 Sex, Religion, Media Dane S. Claussen, 2002-10-16 Each chapter in this unique volume explores intersections of sex religion and media in our society An interdisciplinary cast of contributors examines a wide variety of themes including entertainment producers roles in disseminating sexual and religious content news coverage of stories about sex and religion religious conservatives efforts to influence media coverage of sex and values and how religious consumers are influenced by and react to sexual content in media **Shattering the Silence** David K. Lewis, Student of Christ Church and Professor of Ancient History David Lewis, Darryl Tippens, Carley Dodd, 1990-02 **"Same Is Better"** Cari Myers, 2022-10-31 As younger generations drift away from evangelical churches the number of religiously unaffiliated young adults grows Is the drift because of politics personal morality rebelliousness culture wars or something else In this project 16 young adults from the Churches of Christ participate in qualitative interviews over a five year span They describe messages they learned about success and survival from their faith communities as children and how they have embraced and reinterpreted those messages into helpful life principles as adults The resulting study explores issues of ethnicity in evangelical borderland communities and contrasts Latinx narratives with white narratives in religious and educative contexts Findings also revealed gendered narratives class based narratives and the glaring absence of helpful narratives around sexuality filtered through the lenses of religion and education The central finding of the interviews is this participants experienced the Church of Christ as rewarding conformity with community a strategy when it works which secures the future of the denomination and cements a conservative doctrine in the next generation of leadership However the study concludes that true survival narratives were the narratives participants constructed in response to the narratives provided by Churches of Christ Shattering the Illusion Tracy J. Trothen, 2012-09-01 Shattering the Illusion is the first book to gather and comparatively analyze policies addressing child sexual abuse complaints in a selection of religious institutions in Canada Although there is a substantial body of literature regarding Christianity and sexual abuse very little of it focuses on religious institutions in Canada and their respective policies In the foreword Tracey J Trothen summarizes the Cornwall Inquiry out of which this book arose She then examines the Roman Catholic Church The United Church of Canada the Anglican Church the Mennonite Church Islam and the Canadian Unitarian Council Unitarian Universalist Association describing in detail the evolution and particular content of policies and procedures that address child sexual abuse complaints directed at paid and volunteer faith community representatives and or leaders She identifies differences and common themes among the approaches taken by the institutions and provides a summary table for an accessible comparative overview Child sexual abuse is not new but the emergence of policies to address abuse complaints within religious institutions is This book identifies significant and shared causal factors behind the emergence of policy and reviews their content carefully This review will serve as a significant tool

Forthcoming Books Rose Arny, 2002 The Politics of Child Sexual Abuse Nancy Whittier, 2011 The Politics of Child Sexual Abuse is the first study of activism against child sexual abuse tracing its emergence in feminist anti rape efforts its development into mainstream self help and its entry into mass media and public policy Nancy Whittier deftly charts the development of the movement s therapeutic politics demonstrating that activists viewed tactics for changing emotions and

one's sense of self as necessary for widespread social change and combined them with efforts to change institutions and the state. A lucid and moving account, this book draws powerful lessons about the transformative potential of therapeutic politics, their connection to institutions and the processes of incomplete social change that characterize American politics today.

Child Sexual Abuse India Bryce, Wayne Petherick, 2020-04-30. *Child Sexual Abuse: Forensic Issues in Evidence Impact and Management* covers the issue of child sexual abuse from several viewpoints. The book approaches child abuse from both victimization and offender perspectives, offering applied perspectives from experts and practitioners in the field, including discussions on policing, child safety, and intelligence. This is a significant divergence from the literature most commonly provided in the market. Other sections cover psychological, physical abuse and neglect, protective factors at individual and community levels, recognition, responses, biopsychosocial outcomes dealt with in discrete chapters, public policy, prevention, institutional abuse, children and corrections, treatment, management, and much more.

Breaking the Silence Lisha Lender, 2019-11-19. The hard truth is that no church or faith-based community is immune to having child abuse happen within its church families. *Breaking the Silence* will educate you about the realities of child abuse and why many victims blame God for abuse, have a misguided understanding of who He is, and walk away from God and the church. It is time for the church to be educated about child abuse and take a stand to support victims. Child abuse includes physical, sexual, and verbal abuse, as well as neglect and living in domestic violence. The majority of child abuse is perpetrated by someone in the victim's family or someone the victim has a close relationship with. Go into the life of victims and learn how they are impacted their entire life by those who abuse them. The ACE study is an eye-opening reality check of the lasting effects of child abuse on victims. Abuse within the family system keeps most victims quiet. Victims feel alone and isolated. This isolation affects every relationship the victim has now and in the future, especially their relationship with God. It is time for the faith community to be actively involved in helping victims of child abuse. Child abuse is a crime committed against the very children God has entrusted to us. This is not about protecting the church or maintaining family unity. It is about helping people thrive and live the life God intended for them. This can only happen when the church steps up and is willing to face the reality of the brokenness within many of its church families. There is a desperate, silent cry from millions of victims just waiting for someone to notice them, believe them, and help them heal. *Breaking the Silence* is written as a call to educate the church, but it is loaded with information anyone will find useful. Everyone needs to know and understand the realities of child abuse. Whether you know it or not, abuse is happening in your town, in your neighborhood, and possibly in your own home. We tend to remain silent about things we do not understand. It is time to break the silence.
