She Came Of Decent People:

The Girls in the Office Jack Olsen, 2020-06-17 A compilation of multiple case histories of single women of various ages who all work for the same company in New York City He never reveals who the company is after decades of thought and a little research I think I figured it out but that isn't important What IS important is the lives of these women how they feel about their lifestyle how they feel about their work how they feel about the company and how they feel about each other If you ever sensed that the faces we wear in public have little to do with who we really are and how we really feel this book will solidify that feeling All of the women are very unique some you admire some you pity some you dislike But all are fascinating It's a flashback to the 1970s and the early stages of the women's liberation movement It will leave you wondering where these women are today and what became of their lives Public Papers of the Presidents of the United States, William J. Clinton United States. President (1993-2001 : Clinton), 1999 **New York Journal of Homœopathy**, 1921 *Marion County, Alabama Newspaper Clippings, 1902 - 1904* Robin Sterling, 2015-02-21 Journalism in Marion County got its start in April 1885 with the Marion County Herald Soon other upstart papers sprang up to compete with the Herald Over the years several newspapers vied for the dominant spot This is the fourth volume of a series of books containing newspaper clippings from the earliest existing papers from Marion County This volume contains the year 1902 through 1904 The clippings in this volume concentrate with notes of births deaths and marriages It also contains articles which were important to the history and growth of the county The history of the county is written in the pages of its earliest newspapers Read what the ancestors of the people of Marion County were doing and talking about **Post-War Identification** Torsten Kolind, 2008-11-12 Stolac the town of departure for this book and the site where the author conducted fieldwork is located in the south western corner of Bosnia Herzegovina The war in Bosnia Herzegovina 1992-95 was initially an act of aggression and territorial conquest instigated by Serbian political leaders However as the war progressed it increasingly came to consist of several minor wars one of them fought in Western Bosnia Herzegovina between Croatian and Muslim forces This was the one that affected the inhabitants of Stolac the most Before the war ethnic identity in Bosnia Herzegovina was only one identity among others and ethnic differences were embedded in everyday practices Today ethnic difference is all there is The Muslims of Stolac are fully aware that as Muslims they constitute a totally separate group and that ethnic identity is by far the most important form of identity in present day Bosnia Herzegovina In that regard the nationalist project has succeeded Such a crystallisation and explication of identity fits in well with the structurally inspired anthropology of war and violence which theorises that the function of violence is to create unambiguous identities However *Post War Identities* shows that for the Muslims of Stolac the creation of unambiguous ethnic identities is only half the story *The Trial of Lord Geo.
