Weinberg, Timothy Webb, 2016-03-16 New editions and facsimiles of Percy Bysshe Shelley's works are changing the landscape of Shelley studies by making complete compositions and fragments that have received only limited critical attention readily available to scholars Building on the work begun in Weinberg and Webb's 2009 volume *The Unfamiliar Shelley* *The Neglected Shelley* sheds light on the breadth and depth of Shelley's oeuvre including the poet's earliest work written when he was not yet twenty and was experimenting with gothic romances and other striking forms of literary expression such as two collections of provocative verse There are discussions of Shelley's collaboration with Mary Shelley in the composition of *Frankenstein* and his skill as a translator of Greek poetry and drama reflecting his urgent concern with Greek culture His contributions to prose are the focus of essays on his letters the subversive notes to *Queen Mab* and his complex engagement with Jewish culture Shelley's considerable corpus of fragments is well represented in contributions on the later narrative fiction *Athanasion* *Athanasion* and the significant group of unfinished poems including *Mazenghi* *Fiordispina* *Ginevra* and *The Boat on the Serchio* that treat Italian topics Finally there are explorations of subtle though neglected or underestimated works such as *Rosalind and Helen* *The Sensitive Plant* and the verse drama *Hellas* *The Neglected Shelley* shows that even the poet's apparently slighter works are important in their own right and are richly instructive as expressions of Shelley's developing art of composition and the diverse interests he pursued throughout his career **Looking for the Magic** Mitchell Cohen, 2022-06-10 This cultural historical remix offers a fresh perspective on how one record company Arista Records reflected its place and time New York in the 1970s and early 1980s Through interviews with dozens of artists and executives music journalist Mitchell Cohen goes inside the business of making and marketing music during this vibrant and diverse period Under Clive Davis rock pop punk jazz R how Barry Manilow went from obscurity to stardom how MTV ushered in a second British Invasion for bands like the Thompson Twins and Haircut 100 and how Arista formed alliances with adventurous labels like Stiff and Ze Records
