## **Shells And Bright Stones A Biography Of Leo Walmsley:**

Shells and Bright Stones Nona Stead, 2001      **Modernity and the English Rural Novel** Dominic Head, 2017-04-07 This book examines the persistence of the rural tradition in the English novel into the twentieth century In the shadow of metropolitan literary culture rural writing can seem to strive for a fantasy version of England with no compelling social or historical relevance Dominic Head argues that the apparent disconnection is in itself a response to modernity rather than a refusal to engage with it and that the important writers in this tradition have had a significant bearing on the trajectory of English cultural life through the twentieth century At the heart of the discussion is the English rural regional novel of the 1920s and 1930s which reveals significant points of overlap with mainstream literary culture and the legacies of modernism Rural writers refashioned the conventions of the tradition and the effects of literary nostalgia to produce the swansong of a fading genre with resonances that are still relevant today      **Regional Modernisms** Neal Alexander, 2013-10-14 Where did literary modernism happen This book answers this question re evaluating the parameters of modernism in the light of recent developments in literary geography and literary history through an examination of novels poetry theatre and little magazines Essays identify and appraise the local attachments of modernist texts in particular geographical regions and question the idea of the regional in light of the alienating displacements of transnational modernity      **The British National Bibliography** Arthur James Wells, 2001      **The New York Times Index** , 1941      **The New York Times Book Review Index, 1896-1970: Author index** , 1973      New York Times Saturday Review of Books and Art , 1973      *The Spectator* , 1945 A weekly review of politics literature theology and art      CD Review Digest , 1994
