day Soon you are dreaming of numbers in your sleep and then you stop sleeping at all But what happens when winning starts to feel like losing You re making a killing betting on millions of people becoming poorer like the very people you grew up with The economy is slipping off a precipice and your own sanity starts slipping with it You want to stop but you can t Because nobody ever leaves Would you stick or quit Even if it meant risking everything The Trading Game is an outrageous unvarnished white knuckle journey to the dark heart of an intoxicating world the trading floor from someone who survived the game and then blew it all wide open *The Nsa Files, Code Name: Venusian in Black* Adrian P. Stubbs,2008-08-15

Inside the pages of The NSA Files one of America s most elite and relatively unknown agencies leads the war against all those that have as their main goal the destruction of the United States of America It is here where we find that the ultrasecret National Security Agency NSA is on the forefront of protecting America from its enemies many of whom seek to destroy it with both conventional and nuclear weapons The NSA is working closely with covert and overt agents from the FBI CIA DIA and operatives from the army s special forces units Delta Force and the U S Navy SEALs to ensure that the country remains free from the threat of terror and its citizens enjoy life as they wish without fear The NSA s counterintelligence team is led by Philip King a former lieutenant with the Norfolk Virginia Police Department He quickly advanced up the ranks of this secret intelligence agency to become an assistant director AD with responsibility for electronic countersurveillance

The Last Man on the Moon Eugene Cernan,Donald A. Davis,1999-03-15 A revealing and dramatic look at the inside of the American space program from astronaut Eugene Cernan one of its heroic pioneers of photos Mind Games William Deverell,2022-06-14 Arthur Ellis award winning William Deverell s 2003 bestseller In Mind Games William Deverell returns to the intriguing territory of the law and lawyers and of human psychology and motivation and he does so in familiar Deverell surroundings the streets courtrooms and waters of Vancouver Dr Tim Dare is a forensic psychiatrist whose life is in a mess his wife has just left him to find herself his mother is being sued for libel by a small town mayor over a mystery novel he s been made the monitor of a man just out of psychiatric hospital a man he considers a psychopathic murderer he s being hauled before a disciplinary committee for misplacing a file one of his patients is transferring feelings to him rather too romantically and now someone s threatening to kill him He can t even get into an elevator without falling apart No wonder he thinks he needs to see a shrink himself Under the guidance of fellow psychiatrist Dr Allison Epstein Dare gradually learns how to face the demons within and those in the real world that are really out to get him **The Karmic Car Cycles** Cliff Livingstone,2009-08 The universally themed book titled The Karmic Car Cycles is a hilarious romp of car related misadventures by the author protagonist Cliff R Livingstone The book hits the ground running and is still running at the end Having led one of the wackiest most unusual and so far unlikely lives on the planet the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of about ten laughs a second The author proposes that his car misadventures occurred because he had a Karmic Car Cycle going on He then builds the case though a series of hilarious

vignettes that work in their right own over and above the narrative In writing it is hard to find an approach that stands out from the crowd But this is what Livingstone has done with this distinctive work which lives up to its billing as a non stop romp morning noon and night The writing style is uproariously funny conversational wry even whimsical at times and is never less than totally entertaining The book is anything but your standard bowl of cornflakes Writing is about addressing other people Mr Livingstone has accurately identified the things about his life s experiences which could be of interest to others This gives the Karmic Car Cycles a more universal appeal than an average straight forward narrative novel might offer The book also has a universal appeal which everyone can enjoy in the sense that while located mainly in Canada the misadventures could just as easily have happened to anybody anywhere in the world whether rich poor male female sane zany or just plain still in their boots Likewise the author s self imposed criterion that all included material be entertaining and or thought provoking for the benefit of others is a rule from which many writers could benefit
