Geological Survey Professional Paper , 1971 [A File of a Life](#) Christina McKinney, 2018-11-11 Jill navigates her way through life creating her own stories to explain unspoken tragedies and difficult situations that no one will give her explanations for She lives in her own world trapped inside a story that cuts her off not only from everyone else but also from the wall that separates her feelings and thoughts from herself Her Mother s life is interwoven with Jill s at times when they did not know each other yet overlapped briefly until tragedy separated them Jill find s something that changes everything a suitcase in the rafters of her Grandmother s garage covered in layers of dust In it she finds the answers to everything sitting there all along Suddenly the gap that was missing all those years is filled in and Jill doesn t know if it s too late All the lies the stories that her childhood was based on to help her make sense and that provided the foundation for her life are uprooted and dried to dust She feels like a chunk of her life has been handed back to her It all makes sense What no one would tell her before suddenly she knows more about than anyone else **What You See in Clear Water** Geoffrey O'Gara, 2011-04-20 The Wind River runs from the alpine lakes of the Continental Divide through the nestled valleys of the northern Rocky Mountains and out onto high windblown plains More than a century ago in what would become Wyoming the federal government set aside 44 million acres on which to confine the unrelated Shoshone and Arapaho tribes By now the Wind River

Reservation has been reduced to 2 3 million acres but the battle over control of this land and especially the river that runs through it is far from over In this magnificent watershed Geoffrey O Gara a touching wise and penetrating writer according to Edward Hoagland sets a remarkable story that illuminates the larger unfinished struggle for the heart of the West He ranges from the Indian wars to the present day and from the nineteenth century Shoshone chief Washakie to his great grandson now head of the tribal council and he also traces the complex legal struggle over water rights for generations monopolized by white farmers for irrigation that after two decades is still unresolved At the heart of O Gara s account are the citizens of Wind River itself the people on the various sides of the many complex conflicts the tragedy and resilience of the nine thousand Shoshone and Arapaho contending with the depredations of reservation life and the indifference of those who first took their land and have gradually assumed control of their water In all this is a powerful moving story of great relevance and guarded promise of nations with different languages cultures and birthrights still searching for a way to live together
