## Looking For A Ship:

**Looking for a Ship** John McPhee, 1990-09-15 This is an extraordinary tale of life on the high seas aboard one of the last American merchant ships the S S Stella Lykes on a forty two day journey from Charleston down the Pacific coast of South America As the crew of the Stella Lykes makes their ocean voyage they tell stories of other runs and other ships tales of disaster stupidity greed generosity and courage Looking For A Ship McPhee John A., Cases Argued and Decided in the Supreme Court of the United States United States. Supreme Court, 1913 *Q-Ships and Their Story* E. Keble Chatterton, 2017-07-03 The wonderful and brave story of ships and men here presented needs but the briefest introduction The deeds will forever remain one of the most glorious chapters in the chronicles of the sea No excuse is offered for adding another volume to the literature of the war for the subject is deserving of greater attention than has hitherto been possible Lord Jellicoe once remarked that he did not think English people realized the wonderful work which these mystery ships had done in the war and that in these vessels there had been displayed a spirit of endurance discipline and courage the like of which the world had never before seen To few naval historians I believe has it ever been permitted to enjoy such complete opportunities for acquiring authentic information as is here presented Unquestionably the greatest sphere of Q ship operations was off the south west coast of Ireland owing to the fact that the enemy submarines from the summer of 1915 to 1918 concentrated their attacks with certain intervals on the shipping in the western approaches to the British Isles It was my good fortune during most of this period to be at sea patrolling off that part of Ireland These Q ships were therefore familiar in their various disguises at sea or in harbour at Berehaven and Queenstown during their well earned rest Throughout this time I kept a diary and noted down much that would otherwise have been forgotten Many of the Q ship officers were my personal friends and I have enjoyed the hospitality of their ships Valuable data too were obtained from officers of merchant ships who witnessed Q ships engaging submarines A considerable number of authentic manuscripts has been examined By the courtesy of commanding officers I have been lent documents of priceless historical value such as copies of official reports and private diaries plans sketches photographs and so on Production in Shipbuilding Plants United States. Congress. House. Committee on Merchant Marine and Fisheries, 1919 **Ship Models from the Age of Sail** Kerry Jang, 2022-04-30 The vast majority of period ship models are built from kits usually primarily of wood with some ready made fittings Although these commercial offerings have improved significantly in recent years all of them can be enhanced in accuracy or detail by an experienced modelmaker This book by an expert ship modeller distils lessons gleaned from a lifetime practising the hobby to the highest standards setting out methods of improving basic kits and gradually developing the skills and confidence to tackle the construction of a model from scratch Using a variety of kits as the starting point each chapter demonstrates a technique that

can be readily improved or a feature that can be replaced to the advantage of the finished model Topics include hull planking representing copper sheathing many aspects of more accurate masting and rigging and how to replace kit parts and fittings from scratch Ultimately the impact of a period model depends on its accuracy and the book also provides guidance on plans and references where to find them and how they are best used The plank on frame model sometimes with exposed frames in the Navy Board style has always been considered the crowning achievement of period ship modeling and this book concludes with coverage of the very latest kits that put fully framed models within the reach of ordinary mortals Offering advice expertise and inspiration Ship Models from the Age of Sail has something for anyone interested in building a period ship model whatever their level of skill *Berlitz Cruising & Cruise Ships 2017* Berlitz,2016-09-01 If you want a holiday that s
