Where is Peace? Daryl G. Chamlee,2022-08-01 When Adam and Eve sinned in the garden it changed everything from the way God intended for it to be Romans 5 12 God s desire from day one in the beginning was to have fellowship with man kind With that being said many has asked why didn t God stop sin before it happened If God had created us that way we would have been no different than the angels We would not understand the true meaning of the love of God God gave man the ability to make his own choice to love God back and want to have fellowship with Him But the human race in our hearts want to follow our on lust to do to have and to seek after the things of the world instead of the things of God We cannot do God s will without having Jesus in our hearts for it is the love of God through Christ that changes a man s heart Stop to think for a second how such a God that has created the earth the moon the stars and everything in all the universe would want to have fellowship with us Out of all His creations mankind means the most to Him We meant so much that He sent his son Jesus to be born in flesh itself to face hatred sufferings and pain like we do that we could learn of His true love toward mankind Romans 5 8 Man s sin has brought all the sufferings on this earth that we face today But God gave us His Son Jesus to be for us the door way to find peace that only God can give and the way back to God Himself Romans 5 1 2

Textual Transformations Tessa Whitehouse,N. H. Keeble,2019-12-12 Early modern books were not stable or settled outputs of the press but dynamic shape changers subject to reworking re presentation revision and reinterpretation Their history is often the history of multiple sometimes competing agencies as their texts were re packaged redirected and transformed in ways that their original authors might hardly recognize Processes of editing revision redaction selection abridgement glossing disputation translation and posthumous publication resulted in a textual elasticity and mobility that could dissolve distinctions between text and paratexts textuality and intertextuality manuscript and print author and reader or editor such that title and author s name are no longer sufficient pointers to a book s identity or contents This collection brings together original essays by an international team of eminent scholars in the field of book history that explore these various kinds of textual inconstancy and variability The essays are alive to the impact of commercial and technological aspects of book production and distribution discussing for example the career of the pre eminent bookseller John Nourse the market appeal of abridgements and the financial incentives to posthumous publication but their interest is also in the many additional forms of agency that shaped texts and their meanings as books were repurposed to articulate and respond to a variety of cultural and individual needs They engage with early modern religious political philosophical and scholarly trends and debates as they discuss a wide range of genres and kinds of publication including fictional and non fictional prose verse miscellanies abridgements sermons religious controversy and of authors including Lucy Hutchinson Richard Baxter John Dryden Thomas Burnet John Tillotson Henry Maundrell Jonathan Swift Samuel Richardson John Wesley and Samuel Taylor Coleridge The result is a richly diverse collection that demonstrates the embeddedness of the book trade
