phenomenological understanding of metaphor in order to throw light upon the process of social construction creativity and conceptions of mysticism or spirituality The book includes some of his personal reflections regarding death dying creativity and the meaning of life The notes are essentially a hermeneutic of mysticism a moving from the parts to the whole and the whole to the parts It is a forest of ideas and ramblings in interpretive frameworks that emerged and is presented in a circular spiral     *The Roman Gaze* David Fredrick,2002-11-18 Sharrock William C Fitzgerald University of California Berkeley American Historical Review
