Agnew,2017-06-09 This book is about Victorian women's representations of colonial life in India These accounts contributed to imperial rule by exemplifying an idealized middle class femininity and attesting to the Anglicisation of the subcontinent Writers described familiarly feminine modes of experience focusing on the domestic environment household management the family hobbies and pastimes romance and courtship and their busy social lives However this book reveals the extent to which their lives in India bore little resemblance to their lives in Britain and suggests that the acclaimed transportation of the home culture was largely an ideological construct iterated by women writers in the service of the Raj In this way they subverted the constraints of Victorian gender discourses and were part of a growing proto feminism

Churchill's Empire Richard Toye, 2010-08-03 This superb unsettling new history examines how the man who stood for freedom in WWII staunchly promoted Imperialism across the globe Johan Hari The New York Times Book Review A charmer and a bully Winston Churchill was driven by a belief that the English were a superior race whose goals went beyond individual interests to offer an enduring good to the entire world No better example exists than Churchill's resolve to stand alone against a more powerful Hitler in 1940 while the world's democracies fell to their knees But there is also the Churchill who frequently inveighed against human rights nationalism and constitutional progress the imperialist who could celebrate racism and believed India was unsuited to democracy Drawing on newly released documents and an uncanny ability to separate the facts from the overblown reputation by mid career Churchill had become a global brand Richard Toye provides the first comprehensive analysis of Churchill's relationship with the empire Instead of branding Churchill as a simple hero or villain of history Toye demonstrates how the statesman evolved over time He challenges the reader to understand Churchill's need to reconcile the demands of conscience with those of political conformity
